## Chaptered Bills

### **AB 2171 (Benoit)**

Chapter 106 Statutes of 2004

#### **Position Adopted by the Commission: Approve**

AB 2171 adds Pupil Personnel Services: School Social Work to the list of credentials with the CBEST exemption option for prelingually deaf applicants. Just as the credentials issued for Education Specialist: Deaf and Hard of Hearing, Pupil Personnel Services: School Counseling, and Pupil Personnel Services: School Psychology, there is a job-related assessment in lieu of CBEST and the authorization is restricted to serving students in state special schools and students who are deaf or hard of hearing.

### **SB 1658 (Karnette)**

Chapter 55 Statutes of 2004

#### **Position Adopted by the Commission: Support**

The federal No Child Left Behind (NCLB) Act requires all elementary and secondary teachers in core subject areas (English, reading, language arts, mathematics, science, foreign languages, civics and government, economics, arts, history and geography) to be “highly qualified” by July 1, 2006. California teachers serving on emergency permits do not meet the federal “highly qualified” definition. To align current California statutes with NCLB the Commission, with the support of a representative group of stakeholders, adopted a plan to phase out emergency permits by July 1, 2006.

Education Code Section 44251(c) specified that emergency permits be issued for one year periods. Stakeholders testified before the Commission that some local districts may need the maximum time allowable under the federal law to phase out emergency permits. These district representatives requested the Commission to issue emergency permits until the federal deadline of July 1, 2006. In order to issue less-than-one-year documents (from August 2005 to June 2006) California needed a technical amendment to the Education Code.

SB 1658 provides for this technical amendment. Specifically, this bill deleted current statute [Education Code Section 44251(c)] and replaced it with language allowing the Commission to issue or reissue emergency permits for validity periods not to exceed one year, as determined by the Commission.

## **Bills Pending in Legislature**

### **AB 1914 (Montanez)**

**Current Location: Senate Appropriations, Suspense**

Position Adopted by the Commission: Watch

AB 1914 (Montanez) was amended 7/19/04. It originally established a new Correctional Education Director to report to the Superintendent of Public Instruction (SPI) and the Robert E. Burton Correctional Education Committee that, in part, would oversee a work group, including a representative of the Commission, for the purpose of developing and implementing a teacher training program in correctional education.

As amended, AB 1914 establishes the position of "Deputy Director of Correctional Education" who reports to the Director of Corrections. The SPI is no longer included in the bill in an oversight capacity. The Robert E. Burton Correctional Education Committee is maintained in the amended version of the measure and, among numerous responsibilities related to improving correctional education, remains charged to "develop and implement an ongoing teacher training program in correctional education in conjunction with CCTC."

The analysis for the Senate Appropriations Committee estimates annual costs of \$100 million.
