Proposed Additions to 5 California Code of Regulations §§80034.1 and 80034.2 and Amendments to §§80035, 80035.1, and 80035.5 Pertaining to Designated Subjects Career Technical Education Teaching Credentials

Introduction

Governor Schwarzenegger signed Senate Bill (SB) 52 (Chap. 520, Stats. 2007) on October 12, 2007. The provisions of SB 52 became effective immediately upon signature due to the inclusion of an urgency clause and created Designated Subjects Career Technical Education (CTE) Teaching Credentials.

Governor Schwarzenegger subsequently signed SB 1104 (Chap. 576, Stats. 2008) on September 29, 2008. The bill took effect on January 1, 2009 and further amended the Education Code sections pertaining to the issuance of CTE credentials.

The proposed additions and amendments to the 5 California Code of Regulations will implement the provisions of SB 52 and SB 1104.

Background

SB 52 amended Education Code §§44260 and 44260.1 and changed the name of Designated Subjects Vocational Education Teaching Credentials to Designated Subjects Career Technical Education Teaching Credentials. SB 52 also added Education Code §44260.9 that consolidated the 175 vocational education subjects into 15 industry sectors and mandated that the Commission convene an advisory committee to make recommendations regarding credential requirements. The final issue date for an initial Designated Subjects Vocational Education Teaching Credential was October 31, 2007. The Commission has been issuing Preliminary Designated Subjects Full-Time and Part-Time CTE Teaching Credentials based on five years of work experience since October 12, 2007.

SB 1104 further amended Education Code §§44260 and 44260.1 and included several recommendations by the advisory committee as follows: 1) requires submission of preliminary and clear CTE applications through Commission-approved program sponsors; 2) reduces the experience required to qualify for the preliminary credential from five years to three years; 3) reduces the term of the preliminary credential from five years to three years; 4) moves the U.S. Constitution requirement from the preliminary to clear credential; and 5) eliminates the 'full-time' and 'part-time' designations.

The *Standards of Quality and Effectiveness for Career Technical Education Teachers* were adopted by the Commission in August 2008 and program sponsors are currently writing to the new standards. The Commission will continue to issue five-year 'full-time' and 'part-time' preliminary CTE credentials based on five years of full-time experience until CTE program

sponsors receive approval from the Commission that they may start the new programs. The program sponsors may then start to request issuance of the Three-Year Preliminary CTE Teaching Credential based on three years of experience.

The new CTE program standards include training for the instruction of English learners. The Specially Designed Academic Instruction Delivered in English (SDAIE) authorization will not be listed on the Three-Year Preliminary CTE Credential, but the authorization SDAIE will be listed on the clear credential for individuals who complete programs under the new CTE standards.

From January 1, 2009 until August 31, 2013, the Commission will be issuing eight types of Designated Subjects CTE and Vocational Education Teaching Credentials. Individuals issued Preliminary Full-Time or Part-Time Vocational Education or CTE Teaching Credentials under pre-SB 1104 regulations will be allowed time to complete their current programs. The following chart lists the eight types of designated subjects credentials, the proposed regulation additions or amendments, and the associated sunset dates:

Credential Type	Associated Regulations	Sunset Date
Three-Year Preliminary CTE	§§80034.1, 80034.2 and 80035.5	N/A
Clear CTE with SDAIE authorization	§§80034.1, 80034.2 and 80035.5	N/A
Five-Year Preliminary Full-Time CTE	§§80035 and 80035.5	August 31, 2010
Clear Full-Time CTE	§§80035 and 80035.5	August 31, 2013
Clear Full-Time Vocational Education	§80035	August 31, 2013
Five-Year Preliminary Part-Time CTE	§§80035.1 and 80035.5	August 31, 2010
Clear Part-Time CTE	§§80035.1 and 80035.5	August 31, 2013
Clear Part-Time Vocational Education	§80035.1	August 31, 2013

The proposed regulations include the following recommendations made by the CTE advisory committee that were not included in SB 1104:

- 1) Allow advanced industry certifications to meet one year of the three years of experience required for the Three-Year Preliminary CTE Teaching Credential, as determined by a Commission-approved LEA;
- 2) Accept one year of general education teaching experience toward the three years of experience required for the Three-Year Preliminary CTE Teaching Credential;

Proposed Amendments to Regulations

The proposed additions of §§80034.1 and 80034.2 are to implement the provisions of SB 1104. The proposed amendments to §§80035, 80035.1 and 80035.5 are to implement the provisions of SB 52, establish the sunset date for initial issuance of Preliminary Designated Subjects Full-Time and Part-Time CTE Teaching Credentials, and establish the program completion date for Designated Subjects Full-Time and Part-Time Vocational Education and CTE Teaching Credentials.

Specific additions and amendments are outlined in detail in the side column next to the text of the proposed regulations.
