Approval of an Alternative Language Assessor Agency for the Italian Language

Introduction

This agenda item presents one agency for approval as an Alternative Language Assessor Agency for the Italian language, pursuant to the Commission's adopted process for providing a route for candidates in the less commonly taught languages to satisfy the subject matter requirement by examination (<http://www.ctc.ca.gov/notices/coded/2012/1204.pdf>).

Background

To meet the needs of candidates in less commonly taught world languages for which there is neither a CSET: World Language subject matter examination or an approved subject matter preparation program available, the Commission has established an alternative subject matter competency assessment process. This process is similar in scope and rigor to the current CSET: World Language examinations, and is based on the same content specifications approved by the Commission as the other CSET: World Languages examinations.

The alternative language assessment process incorporates two types of candidate assessments: a standardized assessment developed by the Commission adapted from current CSET: World Language subtests, and a target language skills proficiency assessment developed and conducted by agencies and/or organizations expert in the target language and culture.

The standardized assessment process for additional less commonly taught World Languages adopts the "template" examination format already established for other less common taught languages such as Filipino, Khmer, and Arabic. The standardized portion of the candidate assessment includes elements from the following CSET: World Language examination subtests:

- Culture of the target language group (applicable generic questions from the CSET: World Language Subtest I and/or the CSET: World Language Subtest V)
- General Linguistics (from CSET: World Language Subtest I)
- Literary and Cultural Texts, Traditions and Analysis (includes oral traditions in place of texts for non-text-based languages) (includes applicable questions and some adaptation from the CSET: World Language Subtest I for less commonly taught languages)

A candidate test guide has been developed for the standardized assessment that includes the set of Knowledge, Skills and Abilities (KSAs) eligible to be covered by the examination and other related study materials, as is standard practice for all CSET examinations.

Candidates' target language proficiency skills in the four skill areas of listening, speaking, reading, and writing are assessed by qualified local personnel from an agency approved by the Commission for this purpose rather than by a standardized language assessment. The level required for passing is set at the Advanced-Low level for a Western language and at the Intermediate-High level for a non-Western language, as described in the American Council on the Teaching of Foreign Languages (ACTFL) proficiency standards. Assessors in local agencies approved by the Commission as alternative language assessor agencies must be a faculty member at a college or university; a credentialed K-12 teacher with expertise in the language and

culture to be assessed; or, if the assessor is a community member of a particular cultural organization, have equivalent training, expertise, and/or experience.

Alternative Assessor Agency Application from the Fondazione Italia, Los Angeles

The Commission has received an application from the Fondazione Italia, Los Angeles, to be approved as an alternative language assessor agency for the Italian language. The Fondazione Italia is a California nonprofit agency (Section 501 (c) (3)) founded in 1998 to promote the teaching of the Italian language and culture across Southern California. The agency also acts on behalf of Italy's Ministry of Foreign Affairs to manage grant funds provided to support Italian language programs in Southern California elementary and secondary schools. The Fondazione Italia also operates in close collaboration with the Consulate General of Italy in Los Angeles and the Education Office of the Italian Consulate in San Francisco to assure that the teachers and programs meet high quality standards for Italian language instruction.

The Fondazione Italia, Los Angeles, currently supports Italian language programs in Burbank, Hermosa Beach, Lake Forest, and West Los Angeles. It has a relationship with UCLA, where the Italian language CSET alternative assessment will take place. The Fondazione Italia has been working closely this past year with the Italian Cultural Society of Sacramento, which is already approved by the Commission as an alternative assessor agency for Italian. Because of the demands of serving the candidate population in both the northern and southern parts of the state, the Italian Cultural Society of Sacramento supports the establishment of an additional assessor agency to serve Southern California so that it can concentrate on serving the Northern California candidates. Both the Fondazione Italia and the Italian Cultural Society of Sacramento will use the same alternative Italian language assessment previously approved by the Commission.

The program contact for the Fondazione Italia, Los Angeles, will be its Executive Director, Hilary Stern, whose office is located in Los Angeles.

Staff Recommendation

Staff recommends that the Commission approve the Fondazione Italia, Los Angeles, as an alternative language assessor agency for Italian.
