VERIFYING SUBJECT-MATTER COMPETENCE BY EXAMINATION For Single Subject Teaching Credentials

Individuals may verify subject-matter competence for a Single Subject Teaching Credential by passing all portions of the appropriate Commission-approved subject matter examination(s). It is the individual's responsibility to take the appropriate examination(s) and to contact the Commission when questions arise. Exam titles and passing scores are listed in Table 1. Subjects for which no examinations are available are listed later in this leaflet.

Currently, the only Commission-approved subject-matter examinations used to verify subject-matter competence for Single Subject Teaching Credentials are the California Subject Examinations for Teachers (CSET), administered by Evaluation Systems, Group of Pearson (formerly National Evaluation Systems [NES] Inc.).

Prior to the CSET, the Commission used the Praxis II examinations and the Single Subject Assessments for Teaching (SSAT) to verify subject matter competence. Since passing exam scores must be used towards California certification within five years of the individual test date, these scores are no longer acceptable towards initial California certification.

Information about CSET

Subject matter examinations offered through the CSET program are administered by Evaluation Systems, Group of Pearson. Each test consists of subtests that cover specific domains of subject matter, and each includes multiple-choice and/or constructed-response test items. Examinees will be provided five uninterrupted hours of testing time in which to complete, in the order of their choice, any or all subtests for which they have registered; subtests will not be separately timed. Please see Table 1 for CSET test content information.

Examination Contact Information

To obtain a CSET registration bulletin, fee schedule, and test preparation information, or if you need information about the administration of the examinations, please contact the examination administrator at the phone number, address or link provided below.
