Transition from Full-Time/Part-Time Credentials

Holders of Life or Clear Designated Subjects Adult Education Teaching Credentials issued under previous regulations may choose to either maintain their documents or transition to adult education credentials issued under the provisions of AB 1374. Due to significant changes to the program standards and structure, the holder of a Life or Clear Designated Subjects Adult Education Teaching Credential issued under previous regulations may not qualify initially for the Clear Adult Education Teaching Credential under the new program standards and may be required to first obtain the Three-Year Preliminary Adult Education Teaching Credential.

Holders of Five-Year Preliminary (Full-Time or Part-Time) Adult Education Teaching Credentials may complete the renewal requirements on their documents or transition to an adult education credential issued under the provisions of AB 1374. Individuals who wish to transition to Three-Year Preliminary or Clear Adult Education Teaching Credentials issued via the provisions of AB 1374 should contact a Commission-approved program sponsor for assistance.

TERMS AND DEFINITIONS

Experience

Per Title 5, Section 80034(n), “experience” as it applies to Designated Subjects Adult Education Teaching Credentials means full-time or part-time experience directly related to the subject to be named on the credential.

Experience may be paid or not paid. No more than one year of experience shall apply toward meeting designated subjects credential requirements during any twelve calendar month period. 1000 clock hours shall be the minimum required for each year of experience. Part-time experience may be cumulated to equate to the required 1000 clock hours of experience.

Verification of experience means written confirmation of the applicant's qualifying experience, signed by the applicant's past or present employer(s) on company letterhead that attests to and/or includes **all** of the following:

1. Employer's name, address, and telephone number
2. The working relationship of the person signing the verification to the applicant
3. Beginning and ending dates of employment
4. Complete description of duties
5. A statement as to whether or not the employment was full-time (If employment was less than full-time, an accounting of the number of hours the applicant was employed is required.)

If the applicant was self-employed or if the applicant's experience was avocational, verification shall include a statement, signed by the applicant under penalty of perjury, detailing the information described in 1–5 above, and must be further substantiated, in writing, by other person(s) having first-hand knowledge of the applicant's self-employment or avocation, such as the applicant's accountant, major supplier of goods, or major user of goods or services.

Applicants for the Three-Year Preliminary Adult Education Teaching Credential in a general subjects area must have at least one year of actual work experience directly related to the subject to be named on the credential. At least one year of the required work experience must be within the last five years, or two years within the last ten years, immediately preceding the issuance of the preliminary credential.

One year of teaching experience earned while holding a general education teaching credential may be accepted toward the three years of experience required to qualify for the Three-Year Preliminary Adult Education Teaching Credential in a general subjects area. Also, an advanced industry certificate may be accepted for one year of the three years of experience required to qualify for the Three-Year Preliminary Adult Education Teaching Credential in a general subjects area, as determined by a Commission-approved program sponsor.

Completion of forty-eight (48) semester units of postsecondary vocational training related to the industry sector(s) named on the credential may be substituted for a maximum of two of the three years of required work experience. The course work must be verified by official transcript and may be made on a pro rata basis up to the two-year maximum.

Valid Preliminary Adult Education Teaching Credential

For the purposes of the Designated Subjects Adult Education Teaching Credential, the term "valid" means that the holder met the requirements to have held the preliminary credential which afforded the individual the opportunity to gain the necessary experience and to complete academic requirements to earn the clear credential. It does not mean that the document must be active date-wise when applying for the clear credential.
