SINGLE SUBJECT AND MULTIPLE SUBJECT TEACHING CREDENTIALS Requirements for Teachers with Private School Experience

California Education Code provides two options for private school teachers to obtain Multiple and Single Subject Teaching Credentials. These two options allow private school teachers to use three to five years of appropriate teaching experience in lieu of the student teaching component of a teacher preparation program or six years of appropriate teaching experience in lieu of completing a teacher preparation program including student teaching. Candidates with sufficient private school teaching experience may apply directly to the Commission for the multiple or single subject credential and are **not** subject to the Teaching Performance Assessment (TPA) requirement.

California has a two-tier credential structure. A preliminary credential is the first credential issued after an individual meets basic certification requirements. The preliminary credential is issued for a maximum of **five years**. A clear credential is issued when all certification requirements have been completed. If requirements for the clear credential are not completed before the expiration of the preliminary credential, the holder will be unable to teach in California's public schools with that credential until those requirements are met and the credential is renewed.

Authorization

The Single Subject Teaching Credential authorizes the holder to teach the specific subject(s) named on the credential in departmentalized classes such as those found in most middle schools and high schools. A teacher authorized for single subject instruction may be assigned to teach any subject in his or her authorized subject(s) at any grade level: preschool, grades K-12, or in classes organized primarily for adults.

The statutory subjects available for California Single Subject Teaching Credentials are as follows:

Agriculture	Industrial and Technology Education
Art	Languages other than English (specify)
Biological Sciences (Specialized)	Mathematics
Business	Music
Chemistry (Specialized)	Physical Education
English	Physics (Specialized)
Foundational-Level General Science	Science: Biological Sciences
Foundational-Level Mathematics	Science: Chemistry
Geosciences (Specialized)	Science: Geosciences
Health Science	Science: Physics
Home Economics	Social Science

The Multiple Subject Teaching Credential authorizes the holder to teach in a self-contained classroom such as those found in most elementary schools. A teacher authorized for multiple subject instruction may be assigned to teach at any grade level: preschool, K-12, inclusive, or in classes organized primarily for adults. In addition, the holder of a Multiple Subject Teaching Credential may serve in core or team teaching settings.
