

## Annual Accreditation Fee Structure

The Annual Accreditation Fee is composed of two parts: 1) Institution fee based on the average number of recommendations over the past 3 years and 2) the number and type of Commission-approved educator preparation programs offered by the institution.

### **Part One-Institution Fee**

Commission staff will gather the total number of recommendations submitted by each Commission-approved entity (college, university, school district, county office of education or other entity) annually. The Institutional Fee will be based on the average of the prior 3 years recommendations. Institutions will be notified by July 15, or upon approval of the state budget, as to which of the five institutional tiers (See Table 1a) the institution will be placed in for the next fiscal year. Provided in Table 1b are the five tiers and which tier each institution will be placed in for the 2014-15 year.

### **Part Two-Program Fee**

The Commission will specify an Annual Program Count Date—for example July 1st. On that day, the staff will pull from the Commission's Approved Programs database all programs approved for each institution. A spreadsheet will be developed and posted on the Commission website showing the program fees based on the information gathered on the Annual Program Count Date. All types of Commission-approved programs have been organized into one of three categories: Initial Preparation programs, Second Tier or Specialist programs, and Added Authorization programs. Table 2a identifies the three types of programs and the associated fees. Table 2b identifies all 47 different types of educator preparation programs and for each type of programs shows the category in which the program falls. Each institution should check the Approved Programs page in the CIG: [http://cig.ctc.ca.gov/cig/CIG\\_PPPM/all.php](http://cig.ctc.ca.gov/cig/CIG_PPPM/all.php) to ensure that all its programs are appropriately identified.

### *Intern Programs*

If a Preliminary Preparation program (Multiple Subject, Single Subject, Education Specialist, or Administrative Services) is offered in both a traditional or student teaching model and an Intern model the institution will not be charged for two separate Preliminary Preparation programs. Instead, a Preliminary preparation program that is offered in both a traditional and intern delivery model will pay an additional \$150 for the work that will need to be completed to review the program for both the Intern and traditional delivery models.

### *Inactive programs*

An institution may elect to declare a Commission-approved educator preparation program *Inactive*. An Inactive program may not admit new candidates, must teach out the current candidates within one school year, and may only be Inactive for up to five years. Institutions that have Inactive programs will be assessed \$50 annually for each inactive program to cover the cost of monitoring and record keeping.

If a program is inactive because the standards have been revised and the program is teaching out its candidates, there is no annual program fee

### **Total Annual Fee**

Annually, on or before July 15th, a spreadsheet will be posted on the Commission website that shows the total accreditation fee for each Commission-approved entity for the following fiscal year. Each institution will receive an invoice by August 1. The bill is due September 1st annually and must be paid before November 1st.

If the Accreditation Fee is not paid by November 1st in any year, the institution's ability to recommend for credentials will be suspended until the fee, plus a \$500 extraordinary activity fee, has been received by the Commission.
