Accreditation Activities by Cohort  
2013-2021  
(accréditation activity is due to CTC)

Each institution is assigned to a cohort. There are seven cohorts. Data collection is an annual accreditation activity. The chart below indicates the accreditation activities for each cohort that require a submission to CTC over the next 7 years. After the seventh year, the cycle begins again with the same activities.

1All institutions, even those with a COA decision of Accreditation, must address issues or concerns raised during the site visit process if the COA requires a 7th Year Report.

- Any institution that has Stipulations placed on it by the COA must address the stipulations during the year following the site visit. The report of the work to address stipulations must be presented to the COA within one year of the COA’s action.
- The COA may provide additional time for an institution to finish addressing stipulations if adequate progress has been made.

---

This is the unofficial working draft of the schedule.  
All institutions and program sponsors will be notified by the Commission of the upcoming accreditation activities.
