CTC PROGRAM ASSESSMENT PROPOSED SUBMISSION DATES

For Newly Transitioned Programs

Each program may select the date most convenient to them. So that we may have readers available for the review, please indicate on which date each program will submit.

Credential programs must submit updated program narratives and supporting documentation (course syllabi) as soon as they are ready and no later than twelve to sixteen months after beginning to offer the transitioned program.

Before filling out the form below take a moment to ensure:

1. That the institution's contact information is up to date by following this link and selecting your institution. If updates are necessary, instructions are available here.

2. That the Commission's list of approved programs matches the institution's records. Review the Commission's list of approved programs here. If there are programs that need to be made inactive or withdrawn contact accreditation@ctc.ca.gov for details and assistance.

Institution/Program Sponsor:	
Cohort:	

Use an additional form if necessary to list all approved programs.

Program: List each approved credential program	Date Your Program Transitioned (month and year)	Submission Month	Contact Information: Name and email of program coordinator	Contact Information: Name and email of available reader(s)
