Introduction: Preconditions for California Educator Preparation Programs

California law provides the Commission on Teacher Credentialing with the authority to accredit institutions and approve all programs that lead to a credential to serve as an educator in California’s public schools. Among other responsibilities, Section 44225 of the California Education Code establishes that the Commission shall establish professional standards, assessment and examinations for entry and advancement in the education profession, adopt a framework and general standards for the accreditation of preparation programs for teachers and other certificated educators, and propose appropriate rules and regulations in this area. All institutions wishing to offer credential programs in the area of educator preparation programs must first successfully respond to the Commission’s preconditions.

What is a Precondition?
A precondition is a requirement for initial and continued program approval. Unlike standards, preconditions specify requirements for program compliance, not program quality. The basis for a precondition is either 1) statute, or 2) Commission policy.

The Commission determines whether a program complies with the adopted preconditions on the basis of a program document provided by the institution. In the program review sequence, a program that meets all preconditions is eligible for a more intensive review to determine if the program's quality satisfies the Commission's standards.

What kinds of preconditions exist?
There are essentially two kinds of preconditions. The first are the Commission’s 10 General Institutional Preconditions. These apply to all professional preparation programs—teacher and services credential preparation programs. These preconditions do not apply to subject matter programs.

The second type of preconditions are those that apply to particular kinds of credential preparation programs. There are 4 Program Specific preconditions that apply to all types of educator preparation programs. In addition, there are preconditions for many types of educator preparation programs. All program sponsors must respond to each of the applicable preconditions.

Who reviews preconditions?
Because preconditions are related to issues of compliance and not program quality, Commission staff typically reviews preconditions. This review is done prior to initial institutional approval, initial program accreditation and continuing accreditation site visits.
General Preconditions Established by the Commission

General Statement Applicable to all Preconditions for all Professional Preparation Programs

Pursuant to Education Code Section 44227 (and 44265 where applicable for Education Specialist Program) each program of professional preparation that leads to a teaching or services credential shall adhere continually to the following requirements of California State Law or Commission Policy. Each institution must respond to the ten general preconditions as well as all other applicable program specific preconditions.

General Institutional Preconditions for All Professional Preparation Programs

The following Preconditions apply to all professional preparation programs. All institutions applying for initial institutional approval or continuing accreditation of their educator preparation programs must respond to the following 10 Preconditions.

(1) Accreditation and Academic Credit. To be granted initial institutional accreditation or continuing accreditation by the Committee on Accreditation, the program(s) must be proposed and operated by

(a) Institutions of higher education: a college or university that (i) is fully accredited by the Western Association of Schools and Colleges or another of the six regional accrediting associations, and (ii) grants baccalaureate academic credit or post baccalaureate academic credit, or both and (iii) an institution approved to offer educator preparation in California must notify the Commission within 30 days if its regional accreditation status changes. (This provision does not apply to professional preparation programs offered by school districts or other sponsors.)

(b) School districts or other non-regionally accredited entities: the Superintendent or CEO of the district or entity shall submit verification of the governing board’s approval of sponsorship of the program. The agreement to sponsor a program must include verification of the following:

Once a candidate is accepted and enrolls in an educator preparation program, the sponsor must offer the approved program, meeting the adopted standards, until the candidate:

i. completes the program;
ii. withdraws from the program;
iii. is dropped from the program based on established criteria; or
iv. is admitted to another approved program to complete the requirements, with minimal disruption, for the authorization in the event the program closes. In this event, an individual transition plan would need to be developed with each candidate.

(2) Responsibility and Authority. To be granted initial institutional accreditation or continuing accreditation by the Committee on Accreditation, the entity shall provide the following information:

(a) Identify the position within the organizational structure that is responsible for ongoing oversight of all educator preparation programs offered by the entity (including educator preparation programs offered by an extension division, if any).

(b) Provide a description of the reporting relationship between the position described in (a) and the individual(s) who coordinate each educator preparation program offered by the entity. If a reporting
relationship is indirect, describe the levels of authority and responsibility for each educator preparation program.

(3) **Discrimination.** To be granted initial institutional accreditation or continuing accreditation by the Committee on Accreditation, a program of professional preparation must be proposed and operated by an entity that makes all personnel decisions without unlawful discrimination. These decisions include decisions regarding the admission, retention or graduation of students, and decisions regarding the employment, retention or promotion of employees.

(4) **Commission Assurances.** To be granted initial institutional accreditation or continuing accreditation by the Committee on Accreditation, the program proposal must: (a) demonstrate that the program will fulfill all of the applicable standards of program quality and effectiveness that have been adopted by the Commission, (b) assure that the sponsor will cooperate in an evaluation of the program by an external team or a monitoring of the program by a Commission staff member, and (c) assure that the sponsor will participate fully in the Commission’s accreditation system.

(5) **Prior to Program Approval.** To be granted initial program accreditation or continuing accreditation by the Committee on Accreditation, the entity must confirm that there are program-specific Preconditions that must be met including preconditions for initial program approval.

(6) **Requests for Data.** To be granted initial institutional accreditation or continuing accreditation by the Committee on Accreditation, the entity must identify a qualified officer responsible for reporting and responding to all requests from the Commission for data including, but not limited to, program enrollments, program completers, examination results, and state and federal reporting within the time limits specified by the Commission.

(7) **Veracity in all Claims and Documentation Submitted.** To be granted initial institutional accreditation or continuing accreditation by the Committee on Accreditation, the entity must positively affirm the veracity of all statements and documentation submitted to the Commission. Evidence of a lack of veracity is cause for denial of initial institutional accreditation or for stipulations from the Committee on Accreditation.

(8) **Grievance Process.** To be granted initial institutional accreditation or continuing accreditation by the Committee on Accreditation, the sponsor must have a clearly delineated grievance process for candidates and applicants. The grievance process information must be accessible to all candidates and applicants and the institution must be prepared to provide documentation that the candidate has been informed of the grievance process and that the process has been followed.

(9) **Faculty and Instructional Personnel Participation.** All faculty and instructional personnel who regularly teach one or more courses in an educator preparation program leading to a credential, shall actively participate in the public school system at least once every three academic years, appropriate to their credential area. Faculty who are not in the Department, School or College of Education are exempt from this requirement. Reference: Education Code Section 44227.5 (a) and (b).

(10) **Program and Candidate Specific Preconditions.** An institution which operates an approved preparation program shall meet all program specific preconditions, including:

   a. Require applicants for program admission to take the California Basic Educational Skills Test (CBEST) or have satisfied the Basic Skills Requirement (BSR).

   b. Not allow a candidate to participate in public school-based field activities until the candidate obtains a Certificate of Clearance from the Commission.
Program Specific Preconditions

The following Preconditions apply to all professional preparation programs. All institutions applying for initial institutional approval or continuing accreditation of their educator preparation programs must respond to the 10 General Institutional Preconditions as well as these Program Specific Preconditions.

(1) Demonstration of Need. To be granted initial program accreditation by the Committee on Accreditation, the program proposal must include a demonstration of the need for the program in the region in which it will operate. Such a demonstration must include, but need not be limited to, assurance by a sample of school administrators that one or more school districts will, during the foreseeable future, hire or assign additional personnel to serve in the credential category.

(2) Practitioners’ Participation in Program Design. To be granted initial program accreditation by the Committee on Accreditation, the program proposal must include verification that practitioners in the credential category have participated actively in the design and development of the program’s philosophical orientation, educational goals, and content emphases.

(3) Basic Skills Requirement. In each program of professional preparation, applicants for program admission shall be required to take the California Basic Educational Skills Test (CBEST) or have satisfied the Basic Skills Requirement (BSR). The institution shall use the CBEST results to ensure that, upon admission, each candidate receives appropriate academic assistance necessary to pass the examination. Reference: Education Code Sections 44252 (f) and 44225 (n).

For Internship Programs: In each internship program of professional preparation, candidates who are admitted shall be required to satisfy the Basic Skills Requirement prior to assuming intern teaching responsibilities. Reference: Education Code Section 44252 (b).

Clarification of Precondition 3

Legislative Intent. Precondition 3 does not require passage of the CBEST for admission, only that the examination be taken. It is the intent of the Legislature that admission to a program not be denied solely on the basis of having failed to pass the CBEST. Further, it is expected that institutions will make provisions for assisting candidates in passing the exam.

Applicants Residing Out of State When They Apply for Admission. Persons residing outside of California when they apply for admission must take the CBEST no later than the second available administration of the test after enrolling in the program.

(4) Certificate of Clearance. An entity that operates a program of professional preparation shall not allow a candidate to participate in school-based field experiences until the candidate obtains a Certificate of Clearance from the Commission that verifies the candidate’s personal identification, unless the individual has already completed the fingerprint and character identification process and has been issued a valid document by the Commission. Reference: Education Code Section 44320 (d).
### General Education (Multiple and Single Subject) Programs

The following Preconditions apply to all institutions applying to the Commission for approval to offer one or more of the General Education (Multiple and Single Subject) programs listed below. Institutions must respond to the 10 General Institutional Preconditions, the 4 Program Specific Preconditions as well as these additional preconditions.

#### Preliminary Multiple and Single Subject

**5) Limitation on Program Length.** The professional preparation coursework that all candidates are required to complete shall be equivalent to no more than two years of full-time study at the institution.

The limitation applies to postgraduate teacher preparation programs. The limitation does not apply to blended/integrated programs of subject matter preparation and professional preparation teaching internship programs. **Reference: Education Code Section 44259 (a) and (b) (3).**

### Clarification of Program Precondition 5

**Individually Prescribed Courses.** Program Precondition 1 does not apply to additional courses that are required if a candidate is unable to meet the Commission’s standards of candidate competence and performance by completing the regular professional preparation program.

**6) Limitation on Student Teaching Prerequisites.** No college or university shall require candidates to complete more than the equivalent of nine semester units of professional preparation courses (as defined in Program Precondition 1) prior to allowing candidates to enroll in student teaching in elementary or secondary schools. This restriction may be increased to the equivalent of twelve semester units if the student teaching prerequisites include study of alternative methods of English language development as required by Program Precondition 7. **Reference: Education Code Section 44320 (a).**

### Clarification of Program Precondition 6

**Student Teaching** is defined as experience in a classroom or school under the direction and supervision of an experienced practitioner to complete program requirements. Other terms sometimes used include field work, field experience, directed teaching, practice teaching, practicum, etc.

**7) English Language Skills.** In each program of professional preparation, the college or university or school district requires candidates to demonstrate knowledge of alternative methods of developing English language skills, including reading, among all pupils, including those for whom English is a second language, in accordance with the Commission's standards. **Reference: Education Code Section 44259 (b) and 44259.5.**

**8) Undergraduate Student Enrollment.** Undergraduate students of any campus of the California State University or the University of California shall be allowed to enroll in any professional preparation course. **Reference: Education Code Section 44320 (a).**

### Clarification of Program Precondition 8

**Program Precondition 8 does not mean that a public institution must make it possible for a candidate to complete all requirements for a baccalaureate degree and a preliminary credential in four years of full-time study or the equivalent.**
(9) **Program Admission.** The sponsor of a multiple or single subject preliminary teacher preparation program assesses each candidate’s standing in relation to required subject matter preparation during the admissions process. The program admits only those candidates who meet one of the following criteria. *Reference: Education Code Sections 44227 (a).*

- The candidate provides evidence of having passed the appropriate subject matter examination(s).
- The candidate provides evidence of having attempted the appropriate subject matter examinations(s).
- The candidate provides evidence of registration for the next scheduled examination.
- The candidate provides evidence of having completed a Commission approved the appropriate subject matter preparation program.
- The candidate provides evidence of continuous progress toward meeting the subject matter requirement.
- The candidate provides evidence of enrollment in an organized subject matter examination preparation program.

(10) **Subject Matter Proficiency.** The approved preliminary teacher preparation program sponsor determines that each candidate meets the subject matter requirement prior to student teaching, or, for intern candidates, before being given daily whole class instructional responsibilities in a K-12 school or before becoming the teacher of record in a K-12 school. *Reference: Education Code Sections 44259 (b) (5).*

- For Multiple Subject programs (traditional, internship, and/or blended/integrated), the candidate provides evidence of having passed the appropriate subject matter examination(s).
- For Single Subject programs (traditional and/or internship), the candidate provides evidence of having passed the appropriate subject matter examination(s) or having completed the appropriate Commission-approved subject matter preparation program, or a course of study deemed equivalent by the program sponsor.
- For Single Subject blended/integrated programs, the candidate provides evidence of having passed the appropriate subject matter examination(s), or having completed at least four-fifths (4/5) of the appropriate Commission-approved subject matter preparation program, or a course of study deemed equivalent by the program sponsor.

(11) **Completion of Requirements.** A college or university or school district that operates a program for the Preliminary Multiple or Single Subject Credential shall determine, prior to recommending a candidate for the credential, that the candidate meets all legal requirements for the credential, including but not limited to: *Reference: Education Code Sections 44259 (b) and 44283 (b) (8).*

- Possession of a baccalaureate or higher degree other than in professional education from a regionally accredited institution
- Completion of Basic Skills Requirement
- Completion of an accredited professional preparation program
- Completion of the subject matter requirement
- Demonstration of knowledge of the principles and provisions of the Constitution of the United States
- Passage of the Teaching Performance Assessment
- Passage of the Reading Instruction Competence Assessment (RICA) (for Multiple Subject candidates).

**Internship Programs**

(5) **Bachelor's Degree Requirement.** Candidates admitted to internship programs must hold baccalaureate degrees or higher from a regionally accredited institution of higher education. *Reference: Education Code Sections 44325, 44326, 44453.*
(6) **Subject Matter Requirement.** Each Multiple Subject intern admitted into the program has passed the Commission-approved subject matter examination(s) for the subject area(s) in which the Intern is authorized to teach, and each Single Subject intern admitted into the program has passed the Commission-approved subject matter examination(s) or completed the subject matter program for the subject area(s) in which the Intern is authorized to teach. **Reference: Education Code Section 44325(c)(3).**

(7) **Pre-Service Requirement.**
   (a) Each Multiple and Single Subject Internship program must include a minimum of 120 clock hour (or the semester or quarter unit equivalent) pre-service component which includes foundational preparation in general pedagogy including classroom management and planning, reading/language arts, subject specific pedagogy, human development, and specific content regarding the teaching English Learners pursuant to California Code of Regulations §80033.
   (b) Each Education Specialist Internship program includes a minimum of 120 clock hour (or the semester or quarter unit equivalent) pre-service component which includes foundational preparation in pedagogy including classroom management and planning, reading/language arts, specialty specific pedagogy, human development, and teaching English Learners.

(8) **Professional Development Plan.** The employing district has developed and implemented a Professional Development Plan for interns in consultation with a Commission-approved program of teacher preparation. The plan shall include all of the following:
   (a) Provisions for an annual evaluation of the intern.
   (b) A description of the courses to be completed by the intern, if any, and a plan for the completion of preservice or other clinical training, if any, including student teaching.
   (c) Additional instruction during the first semester of service, for interns teaching in kindergarten or grades 1 to 6 inclusive, in child development and teaching methods, and special education programs for pupils with mild and moderate disabilities.
   (d) Instruction, during the first year of service, for interns teaching children in bilingual classes in the culture and methods of teaching bilingual children, and instruction in the etiology and methods of teaching children with mild and moderate disabilities.

(9) **Supervision of Interns.**
   (a) In all internship programs, the participating institutions in partnership with employing districts shall provide 144 hours of support and supervision annually and 45 hours of support and supervision specific to teaching English learners pursuant to California Code of Regulations §80033.
   (b) University Intern Programs only: No intern's salary may be reduced by more than 1/8 of its total to pay for supervision, and the salary of the intern shall not be less than the minimum base salary paid to a regularly certificated person. If the intern salary is reduced, no more than eight interns may be advised by one district support person. **Reference: Education Code Section 44462.** Institutions will describe the procedures used in assigning supervisors and, where applicable, the system used to pay for supervision.

(10) **Assignment and Authorization.** To receive program approval, the participating institution authorizes the candidates in an internship program to assume the functions that are authorized by the regular standard credential. **Reference: Education Code Section 44454.** The institution stipulates that the interns' services meet the instructional or service needs of the participating district(s). **Reference: Education Code Section 44458.**
(11) Participating Districts. Participating districts are public school districts or county offices of education. Submissions for approval must identify the specific districts involved and the specific credential(s) involved. Reference: Education Code Sections 44321 and 44452.

(12) Early Program Completion Option. (Does not apply to an Education Specialist intern program) Each intern program must make available to candidates who qualify for the option the opportunity to choose an early program completion option, culminating in a five year preliminary teaching credential. This option must be made available to interns who meet the following requirements:
(a) Pass a written assessment adopted by the commission that assesses knowledge of teaching foundations as well as all of the following:
   • Human development as it relates to teaching and learning aligned with the state content and performance standards for K-12 students
   • Techniques to address learning differences, including working with students with special needs
   • Techniques to address working with English learners to provide access to the curriculum
   • Reading instruction in accordance with state standards
   • Assessment of student progress based on the state content and performance standards
   • Classroom management techniques
   • Methods of teaching the subject fields
(b) Pass the teaching performance assessment. This assessment may be taken only one time by an intern participating in the early completion option.
(c) Pass the Reading Instruction Competence Assessment (RICA) (Multiple Subject Credential only).
(d) Meet the requirements for teacher fitness.

An intern who chooses the early completion option but is not successful in passing the assessment may complete his or her full internship program. (Reference: Education Code Section 44468).

(13) Length of Validity of the Intern Certificate. Each intern certificate will be valid for a period of two years. However, a certificate may be valid for three years if the intern is participating in a program leading to the attainment of a specialist credential to teach students, or for four years if the intern is participating in a district intern program leading to the attainment of both a multiple subject or a single subject teaching credential and a specialist credential to teach students with mild/moderate disabilities. Reference: Education Code Section 44325 (b).

(14) Non-Displacement of Certificated Employees. The institution and participating districts must certify that interns do not displace certificated employees in participating districts.

(15) Justification of Internship Program. When an institution submits a program for initial or continuing accreditation, the institution must explain why the internship is being implemented. Programs that are developed to meet employment shortages must include a statement from the participating district(s) about the availability of qualified certificated persons holding the credential. The exclusive representative of certificated employees in the credential area (when applicable) is encouraged to submit a written statement to the Committee on Accreditation agreeing or disagreeing with the justification that is submitted.

(16) Bilingual Language Proficiency. Each intern who is authorized to teach in bilingual classrooms has passed the language proficiency subtest of the Commission-approved assessment program leading to the Bilingual Crosscultural Language and Academic Development Certificate. Reference: Education Code Section 44325 (c) (4).
General Education (Multiple and Single Subject) Clear

There are no preconditions specifically for General Education (Multiple and Single Subject) Clear Programs. However, programs must address the 10 General Institutional Preconditions and the 4 Program Specific Preconditions.

General Education (Multiple and Single Subject) Induction

The following Preconditions apply to all institutions applying to the Commission for approval to offer a General Education (Multiple and Single Subject) Induction program. Institutions must respond to the 10 General Institutional Preconditions, the 4 Program Specific Preconditions, as well as these additional preconditions.

(5) Approval and Academic Credit. To be granted initial institutional approval by the Commission to become eligible to submit programs or continuing approval, the program(s) must be proposed and operated by an institution that (a) is fully accredited by the Western Association of Schools and Colleges or another of the six regional accrediting associations, and (b) grants postbaccalaureate academic credit, or both. This provision does not apply to teacher induction programs offered by school districts and/or local education agencies (LEAs) as defined by the Education Code.

For LEAs as defined by Education Code that wish to offer a teacher induction program, the district or LEA shall submit verification of the governing board's or Superintendent’s agreement to sponsor the induction program.

(6) Responsibility and Authority. To be granted initial institutional approval by the Commission to become eligible to submit programs or continuing approval, the institution/district/LEA shall provide the following information:

(a) Identification of the position within the organizational structure that is responsible for ongoing oversight of all educator preparation programs offered by the institution/district/LEA (including the induction program).

(b) Description of the reporting relationship between the position described in (a) and the individuals who coordinate the induction program offered by the institution/district/LEA. If a reporting relationship is indirect, describe the levels of authority and responsibility for each individual.

(7) Personnel Decisions. To be granted initial institutional approval by the Commission to become eligible to submit programs or continuing approval, a teacher induction program must be proposed and operated by an institution/district/LEA that makes all personnel decisions without considering differences due to gender or other constitutionally or legally prohibited considerations. These decisions include decisions regarding the admission, retention, or graduation of students, and decisions regarding the employment, retention or promotion of employees.

(8) Demonstration of Need. To be granted initial institutional approval by the Commission to become eligible to submit programs, the teacher induction program proposal must include a demonstration of the need for the program.
(9) **Commission Assurances.** To be granted initial institutional approval by the Commission to become eligible to submit programs, the teacher induction program sponsor must (a) demonstrate that the program will fulfill all of the applicable standards of program quality and effectiveness that have been adopted by the Commission and approved by the California Department of Education; (b) include an assurance that the institution/district/LEA will cooperate in an evaluation of the program by an external team or a monitoring of the program by the Commission; and (c) include an assurance that the institution/district/LEA will participate in focused reviews of one or more aspect(s) of the program when designated by the Commission.

(10) **Requests for Data.** To be granted initial institutional approval by the Commission to become eligible to submit programs or continuing approval, the institution/district/LEA must identify a qualified individual responsible for reporting and responding to all requests from the Commission for the electronic submission of data, including, but not limited to, program enrollments, program completers, transferring candidate transportability processes, Early Completion Option criteria and number of Early Completion Option program completers, and candidate and state and federal reporting data within the time limits specified by the Commission.

(11) **Program Admission.** An institution/district/LEA sponsoring a teacher induction program must assess each candidate's standing in relation to the eligibility criteria for enrollment in a teacher induction program, and admit only those candidates who meet the first requirement and the second, if applicable:

- The candidate holds a valid California Preliminary Multiple and/or Single Subject Teaching Credential (Ryan Credential or SB 2042 Credential)
- The candidate, if trained out of state, has less than two years of teaching experience. *Reference: Education Code Sections 44279.1, 44279.4.*

(12) **Early Completion of Program Requirements.** An institution/district/LEA sponsoring a professional teacher induction program shall make available and advise candidates of an Early Completion option for “experienced and exceptional” candidates who meet the program’s established criteria. *Reference: Education Code Section 44279.25.*

(13) **Program Support Providers.** An institution/district/LEA sponsoring a teacher induction program shall ensure that the assignment of a support provider for each beginning teacher occurs within the first 30 days of initial teacher participation in the induction program so the candidate and the support provider can begin to develop a professional induction plan for the support and development of each beginning teacher. The support provider must hold a valid California teaching credential, or have equivalent professional background and experience. *Reference: Education Code Section 44279.*

(14) **English Language Skills.** In each program of professional teacher induction, the sponsoring institution/district/LEA shall require the candidates to demonstrate knowledge of methods of developing English language skills, including reading, among all pupils, including those for whom English is a second language. *Reference: Education Code Section 44259.5.*

(15) **Completion of Requirements.** An institution/district/LEA sponsoring a teacher induction program shall determine, prior to the recommending of a candidate for the Clear credential, that the candidate has completed the approved induction program. *Reference: Education Code Sections 44259 and 44274.2.*
Preconditions for Education Specialist Programs

The following Preconditions apply to all institutions applying to the Commission for approval to offer one or more of the Education Specialist Programs listed below. Institutions must respond to the 10 General Institutional Preconditions, the 4 Program Specific Preconditions, as well as these additional preconditions.

Preliminary Education Specialist

(5) **English Language Skills.** In each program of professional preparation, the college or university or school district requires candidates to demonstrate knowledge of alternative methods of developing English language skills, including reading, among all pupils, including those for whom English is a second language, in accordance with the Commission's standards. Reference: Education Code Sections 44227, 44253.1, and 44283.

(6) **Program Admission.** The sponsor of an education specialist teacher preparation program assesses each candidate’s standing in relation to required subject matter preparation during the admissions process. The program admits only those candidates who meet one of the following criteria. Reference: Education Code Sections 44227 (a).

- The candidate provides evidence of having passed the appropriate subject matter examination(s).
- The candidate provides evidence of having attempted the appropriate subject matter examinations(s).
- The candidate provides evidence of registration for the next scheduled examination.
- The candidate provides evidence of having completed an appropriate Commission approved subject matter preparation program.
- The candidate provides evidence of continuous progress toward meeting the subject matter requirement.
- The candidate provides evidence of enrollment in an organized subject matter examination preparation program.

(7) **Subject Matter Proficiency.** The approved teacher preparation program sponsor determines that each candidate meets the subject matter requirement prior to student teaching, or, for intern candidates, before being given daily whole class instructional responsibilities in a K-12 school or before becoming the teacher of record in a K-12 school. Reference: Education Code Section 44227.
