TO: Deans and Directors of Teacher Education

FROM: Peter L. LoPresti, Executive Secretary

SUBJECT: Moratorium on the Submission of Programs
for Approval

Based on the continuing review of our total program approval and evaluation procedures, it is likely that there will be a reduction in our guidelines and in the documentation to be submitted for the review and approval of new programs. This being the case, we are declaring a moratorium on the submission of new programs, program changes, and responses to conditions until January 1, 1980, by which time we will have completed the review of our procedures.

Programs preparing for External Assessment or Reassessment, Special Education Mainstreaming Programs (AB 1250), and programs which are already being reviewed by Commission staff will be exempt from the moratorium.

If there are extenuating circumstances that deserve special consideration, feel free to contact us by calling Dr. Cedric Busette, Chief, Office of Programs, at (916) 445-8097.

We hope that this will not cause you inconvenience, but will result in better service to your institution.
