Preparation and Licensing

FROM: Peter L. LoPresti, Executive Secretary

SUBJECT: Amendment to Title 5 Regulation, Section
80057.1, Subsumed Subjects Added As
Supplementary Authorization

In accordance with Commission policy, the above-cited Title 5 Regulation Amendment is being distributed prior to a public hearing. While the proposed regulation amendment has been adopted on an emergency basis, a public hearing to adopt a permanent regulation on this matter has been scheduled as follows:

Friday, August 8, 1980

10:30 a.m.

Howard Johnson's Motor Lodge
2300 Auburn Boulevard
Sacramento, California

The proposed amendment to Title 5 Regulation, Section 80057.1 deletes Subsection (c) which limits the time during which single subject credential holders may apply for and receive additional authority to teach certain subjects in public schools. The purpose of the deletion of Subsection (c) is to allow the Commission to continue receiving and processing applications for supplementary authorizations for single subject instruction credentials so that school districts may make teaching assignments for the new school year.

Please feel free to duplicate and distribute these proposed Title 5 Regulations to anyone you believe might be interested in responding.

If you wish to make a presentation regarding the above to the Commission, please bring 30 copies of your material for distribution to the Commissioners and staff. If you can provide your statement to the Commission Office 15 days before the public hearing, sufficient copies of the material will be duplicated and distributed for Commission and staff use. We would also appreciate a call to the Commission Office if you plan to make a presentation in order to schedule sufficient time on the agenda for people who wish to address the Commission.

80057.1. Subsumed Subjects Added as Supplementary Authorization.

(a) The holder of a valid single subject teaching credential may have one or more of the subsumed subjects listed in California Administrative Code (Title 5) Section 80005 added as a supplementary authorization, with appropriate identification, when the candidate or an approved institution verifies completion of 20 semester hours or 10 semester hours of upper division non-remedial collegiate coursework in a specific subsumed subject commonly taught in grades 7-12 with a scholarship record of C or better on a five point scale. The coursework shall be completed through regionally accredited institutions or institutions specially approved by the Commission, provided that the subject for which such additional authorization is requested is identifiable as (1) listed in Section 80005; and (2) not listed among subjects subsumed under the applicant's current single subject authorization under Section 80005.

(b) Applicants for supplementary authorizations in subjects subsumed in categories other than industrial arts, physical education, music, art, or home economics shall meet the reading requirement described in Education Code Section 44259(e).

(c) These provisions will continue to July 1, 1987 pending review.
