(1) University intern credentials pursuant to Education Code section 44452.

(2) District intern credentials pursuant to Education Code section 44325.

(b) Support and Supervision.

(1) Intern programs are a partnership between the Commission approved program sponsor and the California employing agency that elects to employ an individual on the basis of an intern credential. Prior to an intern teacher assuming daily teaching responsibilities, a signed Memorandum of Understanding must be in place between the Commission approved program sponsor and the California employing agency detailing the support and supervision that will be provided.

(2) The Commission approved program sponsor, in cooperation with the California employing agency shall counsel the intern candidate and develop a plan to complete the requirements to earn a credential in the content or specialty area(s) of the intern credential. The Commission approved program sponsor, employing agency, and the intern teacher shall concur on the program planned.

(3) Prior to an intern teacher assuming daily teaching responsibilities, the California employing agency must identify a mentor for the intern teacher that possesses a valid, corresponding life or clear teaching credential and a minimum of three years of successful teaching experience.

(4) A minimum of 144 hours of support/mentoring and supervision shall be provided to each intern teacher per school year to coach, model, and demonstrate within the classroom, and to assist with course planning and problem-solving regarding students, curriculum, and effective teaching methodologies. The minimum support/mentoring and supervision provided to an intern teacher who assumes daily teaching responsibilities after the beginning of a school year shall be equal to 4 hours times the number of instructional weeks remaining in the school year. A minimum of two hours of support/mentoring and supervision shall be provided to an intern teacher every five instructional days.

(5) The following additional support/mentoring and supervision shall be provided to an intern teacher who enters the program without a valid English learner authorization listed on a previously issued multiple subject, single subject, or education specialist instruction teaching credential: a valid English learner authorization or CLAD
Certificate issued pursuant to section 80015; or a valid bilingual authorization issued pursuant to section 80015.1:

(A) The Commission approved program sponsor shall provide 45 hours of support/mentoring and supervision per school year, including in-classroom coaching, specific to the needs of English learners. The minimum support/mentoring and supervision provided to an intern teacher who assumes daily teaching responsibilities after the beginning of a school year shall be equal to five hours times the number of months remaining in the school year. The support/mentoring and supervision should be distributed in a manner that sufficiently supports the intern teacher’s development of knowledge and skills in the instruction of English learners.

(B) The California employing agency shall identify an individual who will be immediately available to assist the intern teacher with planning lessons that are appropriately designed and differentiated for English learners, for assessing language needs and progress, and for support of language accessible instruction through in-classroom modeling and coaching as needed. The identified individual may be the same mentor assigned pursuant to (b)(3) provided the individual possesses an English learner authorization and will be immediately available to assist the intern teacher.

(C) An individual who passes the CTEL examinations specified in section 80015.3(b) prior or subsequent to the issuance of the intern credential may be exempted from the provisions of (b)(5)(A) and (b)(5)(B).

(c) The following are the minimum requirements for a university or district intern credential:

(1) A baccalaureate degree or higher degree, except in professional education, from a regionally accredited institution of higher education.

(2) Meet the basic skills requirement as described in Education Code section 44252(b), unless exempt by statute or regulation.

(3) Demonstration of knowledge of the Constitution of the United States as provided in Education Code section 44335.

The California Commission on Teacher Credentialing awards credentials and certificates on the basis of completion of programs that meet Standards for Educator Preparation and Educator Competence.

For each type of professional credential in education, the Commission has developed and adopted standards which are based upon recent research and the expert advice of many professional educators. Each standard specifies a level of quality and effectiveness that the Commission requires from programs offering academic and professional preparation in education. There are different types of program standards.

Part II: Preconditions

Preconditions are requirements that must be met in order for an accrediting association or licensing agency to consider accrediting a program sponsor or approving its programs or schools. Some preconditions are based on state laws, while other preconditions are established by Commission policy. Preconditions can be found within each program's standard document.

Part III: Standards

Common Standards

The Common Standards deal with aspects of program quality that cross all approved educator preparation programs. The institution responds to each Common Standard by providing pertinent information, including information about individual programs. When a new program is proposed, the institution submits a Common Standards Addendum to address how the new program will integrate with the already approved programs.

| Common Standards Addendum | 12 |
**Program Standards**
Program standards address aspects of program quality and effectiveness that apply to each type of educator preparation program offered by a program sponsor. Program standards contain statements describing the nature and purpose of each standard and language that details the requirements that all approved programs must meet. Program sponsors must meet all applicable program standards before the program application may be approved by the Commission.
