Vision Statement

Ensuring high quality educators for California's diverse students, schools and communities.

Mission Statement

The mission of the Commission on Teacher Credentialing is to ensure integrity and high quality in the preparation, conduct and professional growth of the educators who serve California's public schools. Its work shall reflect both statutory mandates that govern the Commission and research on professional practices.

Teacher Supply in California, 2007-2008

A Report to the Legislature

Executive Summary

Determining teacher supply in California is essential for policy makers as they analyze how current statutes and policies impact teacher recruitment, teaching incentives and teacher preparation. This report provides data collected by the Commission on Teacher Credentialing (Commission) and addresses several questions regarding the supply of teachers newly available to teach in California classrooms.

This report is provided in response to Assembly Bill 471 (Chap. 381, Stats. 1999) which requires that the Commission report to the Governor and the Legislature each year on the number of teachers who received credentials, certificates, permits and waivers. The report includes the type and number of documents issued authorizing service to teach in California public schools or schools under public contract for fiscal year 2007-08. The report incorporates the requirements of the legislation into a tool for policy makers and others interested in teacher supply. More detailed data is available on-line in the full report at http://www.ctc.ca.gov/reports/TS_2007-2008_AnnualRpt.pdf.

This report is organized with the following headings:

- The Number of Teachers Earning Credentials
- The Types of Credentials Teachers Are Earning
- Preparation through an Intern Delivery Model
- Paraprofessional Program
- Who Prepares California's Teachers?
- Are More People Considering a Teaching Career?
- Teachers Who Earned an English Learner Authorization Through Staff Development
- The Number of Permits and Waivers that are Not Compliant With The Highly Qualified Teacher Requirement in NCLB
- Number of Individuals Employed in Public Schools Holding Teaching Documents

In sum, in fiscal year 2007-08, California saw a nearly 3.5 percent decrease in the number of newly credentialed teachers, but an increase of 2 percent for the district recommended credentials and 10 percent in the number of out-of-state prepared teachers. The number of fully-credentialed teachers increased to 96.4 percent of all California public school teachers in 2007-08.

The Number of Teachers Earning Credentials

Teachers may earn a California teaching credential through a variety of programs offered by Institutions of Higher Education (IHE) or through intern programs offered by a school district, county office of education, or consortia of districts. All teacher preparation programs must meet the same high teacher preparation standards and be accredited by the Commission. Teachers prepared in other states have options for obtaining a California credential depending on their years of experience. Recent legislation has streamlined this process for out-of-state teachers.

The following table shows the numbers of teachers initially earning California teaching credentials for fiscal years 2003-04 through 2007-08. The last column reports the percentage of change in teaching credentials issued between 2006-07 and 2007-08 and shows that the supply of newly credentialed teachers in 2006-07 decreased by 3.5 percent over the previous fiscal year.

The following tables show the types of teaching credentials earned in California through the various avenues – California IHE programs, school district programs, and teachers prepared in other states. There are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings. Multiple subject teaching credentials authorize service in self-contained classrooms such as classrooms in most elementary schools. Single subject teaching credentials authorize service in departmentalized classes such as those in most middle and high schools. Education specialist credentials authorize service in special day

classes and in resource programs for students with special needs. In every case, the last column of the tables report the percent change in credentials earned between 2006-07 and 2007-08.

The Types of Credentials Teachers Are Earning

This report focuses on teaching credentials for California’s K-12 classrooms. As stated previously, there are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings: multiple subject teaching credentials, single subject teaching credentials, and education specialist credentials.

As shown in the table below, multiple subject teaching credentials comprised 49 percent of the total number of credentials issued in 2007-08 at 11,239. Single subject teaching credentials comprised 36 percent at 8,489, and education specialist teaching credentials comprised 15 percent of the total at 3,592.

Table E: Number and Types of Basic Credentials Issued During 2007-08

Multiple Subject	11,239	49%
Single Subject	8,489	36%
Education Specialist	3,592	15%
Total	23,320	100%

Preparation through an Intern Delivery Model

California offers great flexibility for individuals interested in becoming teachers. The traditional route to teaching includes a year of post-baccalaureate preparation courses including field experience and student teaching. The experience is carefully planned to introduce the prospective teacher into the classroom and to ensure that the teacher is fully prepared upon earning the credential. However, this route does not meet the needs of many individuals who have the skills and dedication necessary to become excellent teachers. For individuals who must earn a living while completing a teacher preparation program and for career changers who bring valuable skills and experience to the classroom, internship programs are a viable option.

Many IHEs offering teacher preparation programs also offer an internship alternative. School districts may also offer teaching internship programs. All alternative programs must meet the same high standards as traditional programs and must be accredited by the Commission. Each program must show how it prepares interns prior to their classroom experience and must show how interns are mentored and assessed in addition to providing continued teacher education courses and seminars.

Table F shows the number of internship credentials issued in both IHE and school district programs over a five-year period. Overall, there was a 3 percent decrease between 2006-07 and 2007-08 in the total number of internship documents issued; however there was an increase of 11.4 percent in internship credentials granted through District-sponsored programs.

Table F: Number of Internship Credentials Granted (IHE and District-Based)*

Paraprofessional Program

In the past few years, the Governor and the Legislature have provided funding for individuals working in classrooms as paraprofessionals who wish to become teachers. The paraprofessional teacher training program provides money for tuition and books, and offers academic support as participating classroom aides earn a college degree and complete a credentialing program. Due to fiscal challenges experienced by the State of California, the paraprofessional program experienced a dramatic reduction in funding that is reflected in the declining trend between 2002-03 and 2004-05 (-28.5%). Though there was a steady increase in participants since 2004-05 to 2006-07, there is a slight decrease (2.8%) between 2006-07 and 2007-08. The paraprofessional program has been highly successful in moving participants into internship programs and on to obtaining full credentials.

Who Prepares California’s Teachers?

California universities prepared 82 percent of the newly credentialed teachers in California during fiscal year 2007-08. Teachers prepared in other states who became credentialed in California comprised 17 percent of newly credentialed California teachers. The remaining 1 percent of teachers were prepared through school district internship programs.

Are More People Considering a Teaching Career?

Tracking teacher preparation program enrollment can serve as a forecasting tool. Federal regulations require all states to report data on teacher preparation. Included in this report is enrollment data for all California IHE teacher preparation programs during fiscal year 2006-07.

The tables show enrollment data for multiple subject, single subject, and education specialist teaching credential programs. The first three tables and their corresponding figures show this data according to enrollment in each of the basic credential programs offered through the California State University (CSU), the University of California (UC), Private/Independent universities, and District Intern programs during fiscal year 2006-07.

Table K: Enrollment in Multiple Subjects Preparation Programs

CSU	12,551
UC	515
Private/Independent	10,211
District Intern	151
Total	23,428

Table L: Enrollment in Single Subject Preparation Programs

Total	17,276

Table M: Enrollment in Education Specialist Preparation Programs

CSU	6,078
UC	29
Private/Independent	4,386
District Intern	547
Total	11,040

The table below shows aggregate data for fiscal years 2001-02 through 2006-07. Because not all credential candidates complete their teacher preparation program in one year, the data should be viewed in light of the varying length of each candidate's progress toward the credential. The data show that there were 23,428 candidates enrolled in programs for multiple subject teaching

credentials, 17,276 candidates enrolled in programs for single subject teaching credentials, and 11,040 candidates enrolled in programs for education specialist teaching credentials during academic year 2006-07. Total enrollment was down 13.7 percent over fiscal 2005-06.

Figure 14: Enrollment by Credential Types, 2002-03 to 2006-07

Another indicator of interest in teaching is the number of individuals taking the California Basic Educational Skills Test (CBEST). The basic skills requirement is a prerequisite for all teaching and service credentials in California. It measures an individual's basic competence in reading, writing and mathematics. There were 72,747 CBEST examinees during fiscal year 2007-08. All examinee numbers include repeat test takers.

Beginning in May 2007, a second option was available for individuals to meet the Basic Skills Requirement, formerly known as the CBEST requirement. Individuals interested in earning a Multiple Subject teaching credential could pass the California Subject Examinations for

Teachers: Multiple Subjects (CSET:MSE) plus an additional Writing Skills subtest. Therefore, not all prospective teachers must pass the CBEST examination. In 2007-2008, 1,471 examinees took the CSET: MSE and Writing Skills. Of those examinees, 945 passed all four subtests. *Note that these examinees may have taken one or more of these tests prior to 2007-08; these number reflect completers of the MSE and Writing Skills during 2007-08.* Overall, the number of basic skills examinees decreased by 1 percent between 2006-07 and 2007-08.

Teachers Who Earned an English Learner Authorization through Staff Development

The Certificate of Completion of Staff Development (CCSD) allows individuals to complete a staff development program to earn an authorization to serve English learners. Assembly Bill 2913 (Chap. 169, Stats. 2004) extended the deadline for teachers to complete a Commission-approved staff development program for English learners from January 1, 2005 to January 1, 2008. The Commission’s authority to issue a CCSD to specific credential holders sunset on January 1, 2008 (Multiple Subject, Single Subject and Education Specialist). Timelines were established for a smooth transition to implement the sunset date to allow individuals currently

completing a CCSD program to submit applications to the Commission for processing. Applications for the CCSD (based on AB 2913) had to be received at the Commission by December 31, 2008.

In addition, Senate Bill 1292 (Chap. 752, Stats. 2006) was signed by the Governor on September 29, 2006. The bill added Section 44253.11 to the Education Code, which authorizes teachers with designated subjects vocational/career technical education and special subject teaching credentials or holders of service credentials with a special class authorization to be assigned to provide Specially Designed Academic Instruction delivered in English (SDAIE) to English learners based on completion of a staff development program. This bill did not include a sunset date for this population of teachers.

It is hypothesized that the sunset date of AB 2913 in 2008 combined with the addition of a new population of teachers qualifying for this option under SB 1292 later in 2006 contributed to the significant increase of 40.6 percent in the issuance of these documents over 2006-07.

The Number of Permits and Waivers That Are Not Compliant With the Highly Qualified Teacher Requirement In No Child Left Behind

The NCLB Act defines a highly qualified teacher as one who holds a bachelor’s degree, a teaching credential issued by the State, and has established competency in the subject of the credential. There are a number of documents that an individual may hold that are not compliant with the NCLB Act. This section shows the numbers of Short-term Staff Permit (STP), Provisional Internship Permit (PIP), and Waivers that were issued in 2007-08. These documents are not compliant with the Highly Qualified Teacher Requirement in the NCLB Act.

Overall, there is a declining trend in the total number of permits issued. No emergency permits (with term Long Term) were issued in 2007-08. Two new documents began to be issued in 2005-06, the STP and the PIP. The STP allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully credentialed teacher could not be found. The PIP allows an employing agency to fill an immediate staffing need by hiring an individual who has not yet met the subject matter competence requirement needed to enter an internship program. The PIP and STP documents were issued to individuals that previously might have been issued an Individualized Intern Certificate. Overall, there is a decrease in permits by 26.8 percent between 2006-07 and 2007-08; with a decrease of 24 percent in the Short-term Staff Permit and about 32 percent in the Provisional Internship Permits.

Number of Individuals Employed in Public Schools Holding Teaching Documents

The following table shows the total number of individuals holding teaching documents who were employed in California public schools during fiscal years 2006-07 and 2007-08. The table also shows these numbers as a percentage of the total teaching staff¹. Taking into account the total number of certificated teaching staff in California’s schools and the number of teaching permits issued, the percentage of teachers on permits and waivers has decreased from 1.9 percent in 2006-07 to 1.4 percent in 2007-08. Credential waivers remained at 0.1 percent of the total certificated teaching force in 2007-08.

Summary

Fiscal year 2007-08 saw the number of individuals initially earning a California teaching credential decrease by nearly 4 percent. This is the fourth straight year in which the total number of initial credentials issued has decreased.

Although the total number of credentials has decreased, the number of Out-of-State credentials increased by 10 percent. The number of credentials increased for all three types of authorizations – multiple, single, and education specialist credentials.

Also, there was an increase of 2 percent in the district recommended credentials. There has been an 11 percent increase in the number of teachers enrolled in the District intern programs.

The number of individuals taking the basic skills exams decreased by 1 percent over the previous fiscal year. There was also a decrease of 3 percent in the Paraprofessional participants. The number of candidates enrolled in teacher preparation programs declined for the sixth consecutive year.

Overall, in the public schools there was almost a 1 percent increase in fully-credentialed teachers as a proportion to all those teaching in the public schools. Fully-credentialed teachers represented 96.4 percent of all California public school teachers in 2007-08, up from 95.8 percent in 2006-07.

TABLE 1 (SUMMARY)
Multiple Subject, Single Subject, and Education Specialist Teaching Credentials
Issued July 1, 2007 to June 30, 2008
Number of First Time/New Type Documents Issued Upon Recommendation

The following table summarizes the numbers of documents issued between July 1, 2007 and June 30, 2008 upon the recommendation of a California Institution of Higher Education with a Commission-accredited credential program. The numbers include individuals for whom this is their initial certification (First Time) and individuals who previously held another type of certification such as an intern credential or emergency permit (New Type). The numbers are broken down by the credential area and the type of recommending institution.

Note: Under SB 2042 and the credentialing of teachers of special education, the English Learner (EL) authorization is embedded in the SB 2042 program. A separate document is not issued. All SB 2042 and special education documents include EL authorization.

Comparison of Credentials, Internships and Permits Issued
July 1, 2007 to June 30, 2008

This table compares the number of teaching credentials to permits (short-term staff and provisional internship) issued for multiple subject, single subject, and special education authorizations. The credential numbers include documents for individuals who were recommended by a California institution and individuals who completed a credential program outside of California. These data are presented for comparison purposes only. No inference may be made regarding the shortage or surplus of teachers for specific credential areas as information was not available regarding the numbers of teaching positions in each credential area, numbers of credential holders currently serving in schools, or the availability of newly credentialed teachers for vacant positions in schools. The number of subject areas on the single subject and special education credentials and permits is more than the total number of documents issued as some individuals qualified for more than one subject authorization on their document.

Types of Teaching Credentials and Permits in this Report

This report provides information regarding certification documents obtained by individuals who have completed preparation programs as well as licensing documents available to individuals who are in the process of completing such programs. It is helpful to understand the requirements for each type of certification. The following pages list the requirements for all the types of documents referenced in this report.

Clear Teaching Credentials

To earn a Clear Multiple or Single Subject Teaching Credential through a California postsecondary institution, the candidate must complete the following current requirements:

1. A baccalaureate or higher degree from a regionally accredited college or university;
2. Passage of the California Basic Educational Skills Test (CBEST);
3. Verification of subject matter competence by passage of an appropriate examination(s) or completion of a program of subject matter coursework through an institution with an approved program;
4. A course or examination in the principles of the United States Constitution;
5. A professional teacher preparation program including student teaching;
6. A course in reading instruction as a part of developing English language skills;
7. Passage of the Reading Instruction Competence Assessment (RICA) for the Multiple Subject Teaching Credential;
8. A fifth year of study consisting of 30 semester units beyond the bachelor's degree in a defined field of study designed to improve the teacher's competence and skills;
9. A course in health education including nutrition, the physiological and sociological effects of abuse of alcohol and narcotics and the use of tobacco, and training in cardiopulmonary resuscitation;
10. Coursework in the laws, methods and requirements for providing educational opportunities to individuals with exceptional needs in the regular classroom; and
11. Coursework in computer education which includes general and specialized skills in the use of computers in educational settings.

In Senate Bill 2042 (Alpert, Mazzoni), Chapter 548, Statutes of 1998, the Legislature recently acted to streamline and consolidate this fragmented list of current credential requirements. As a consequence, the fifth year of study is being replaced by intensive induction programs such as BTSA, and the last three items are being folded into preparation and induction programs by the Commission. Meanwhile, prospective teachers receive preliminary teaching credentials as soon as they complete the first seven requirements above.

A candidate for the Clear Education Specialist Instruction Credential must complete the following requirements:

1. requirements 1 through 7, and 9 and 11 described above;
2. an individualized induction plan designed by the teacher in collaboration with the employing agency and California college or university with an approved program; and
3. two years of successful experience in a public school (or private school of equivalent status).

Internship Teaching Certificates, Permits and Credential Waivers

Education Code Section 44225.6 requires the Commission to provide data on each of the documents available for individuals to serve as teachers prior to completion of a full preparation program. Those documents include University Internship Credentials, District Internship Certificates, Provisional Internship Permits, Short-term Staff Permits, and Credential Waivers. Following is information regarding each of those licensure documents, including the requirements for each.

University Internship Credentials

University Internship Credentials are issued to individuals who have enrolled in professionally accredited internship programs. These one- to two-year programs are administered by California colleges and universities in partnership with local school districts, and are designed to provide participants with classroom experience while they complete the coursework requirements for the preliminary or professional clear credential. University Internship Credentials authorize the holder to serve, under the supervision of an accredited institution and the holder's employer, in the area or subject listed on the credential.

Requirements for University Internship Credentials are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the California Basic Educational Skills Test (CBEST);
3. Completion of a U.S. Constitution course or examination;
4. Verification of subject matter competence by passage of the Commission-approved subject examinations for the subject(s) to be listed on the document or completion of a minimum of 4/5ths of the subject-matter program; and
5. Entry into a professionally accredited internship program.

The accredited internship *is* the professional preparation program for the teaching intern who qualifies for a Professional Clear Teaching Credential by completing the other requirements listed earlier.

District Internship Credential

Districts that choose to offer a district internship program develop a professional development plan in consultation with an accredited institution that offers a teacher preparation program. The District Internship Certificate is issued for two years. During this two-year period the intern is required to complete the training, in-service, professional development and experience requirements as specified in the professional development plan. At the end of the two-year issuance of the certificate the district's governing board recommends to the Commission that the district intern be granted a professional clear teaching credential, provided all requirements have been met.

Requirements for initial issuance of a District Intern Credential are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the CBEST;
3. For the single subject authorization: a major or minor in the subject to be listed and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Commission-approved subject matter examinations for the subject(s) to be listed.
4. For the multiple subject authorization: appropriate subject matter coursework and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Praxis series Multiple Subjects Assessment for Teachers (MSAT);

5. Statement completed by the governing board of the employing agency verifying that the District Intern will be assisted and guided throughout the training period by a certificated employee.

Provisional Internship Permit

The Provisional Internship Permit (PIP) was created in response to the phasing out of emergency permits and became effective on July 1, 2005. It allows an employing agency to fill an immediate staffing need by hiring an individual who has not yet met the subject matter competence requirement needed to enter an internship program. Prior to requesting a PIP, the employing agency must verify that a diligent search has been made, and a fully-credentialed teacher cannot be found.

The PIP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the PIP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The PIP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued two PIPs as long as the employer requirements have been met. Individuals who were issued five emergency permits do not qualify for the PIP.

Requirements for Initial Issuance:

1. Possession of a baccalaureate degree or higher from a regionally accredited college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST)
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for the Provisional Internship Permit (form CL-857) with each request for the Provisional Internship Permit:
 - A diligent search has been conducted for a suitable credentialed teacher or suitable qualified internship teacher. Diligent search must include, but is not limited to, distributing job announcements, contacting college and university placement centers, and advertising in print or electronic media. Copies of all recruitment efforts must be submitted with the application packet.
 - The employer has provided orientation, guidance and assistance to the permit holder
 - The employing agency will assist the permit holder in developing a personalized plan through an agency-defined assessment that would lead to meeting subject matter competence related to the permit
 - The employing agency will assist the permit holder to seek and enroll in subject matter training, such as workshops or seminars and site-based courses along with training in test-taking strategies and will assist the permit holder in meeting subject matter competence related to the permit
 - The candidate has been apprised of steps to earn a credential and enroll in an internship program
 - The employing agency will ensure a notice of intent to employ the applicant in the identified position has been made

Public school districts must present this notice to the governing board in a public meeting with a signed statement from the superintendent, or his or her designee, and verification that the item was acted upon favorably. This must be an action item on the agenda and not part of the consent agenda. A copy of the agenda item must be submitted with the application packet.

County offices of education, nonpublic schools, statewide agencies, and charter schools must submit a copy of the dated public notice that was posted 72 hours prior to the position being filled.

5. Submit an application ([form 41-4](#)), [appropriate fees](#), and if not previously submitted, a LiveScan receipt ([form 41LS](#))

Short-term Staff Permit

The Short-Term Staff Permit (STSP) became available on July 1, 2005. Created in response to the phasing out of emergency permits, it allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully-credentialed teacher cannot be found.

The STSP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the STSP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The STSP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued a STSP. Individuals who were issued five emergency permits do not qualify for the STSP.

Requirements for Initial Issuance:

1. Possession of a baccalaureate degree or higher from a regionally-accredited college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST).
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for Short-Term Staff Permit ([form CL-859](#)) with each request:
 - Local recruitment efforts have been conducted for the STSP being requested
 - The employer has provided orientation to the curriculum and to techniques of instruction and classroom management to the permit holder
 - The employer has assigned a mentor teacher to the permit holder for the term of the STSP
 - Written justification for the STSP must be submitted to the Commission, signed by the employing agency's Superintendent or designee. In the case of a state certified nonpublic school, the school director's signature is required.
 - Submit an application ([form 41-4](#)), [appropriate fees](#), and if not previously submitted, a LiveScan receipt ([form 41LS](#))

Credential Waivers

Credential waivers are utilized by county offices of education, school districts and non-public schools to fill certificated positions when individuals holding credentials or permits are unavailable. When an employing agency reviews its staffing needs and recruits for various positions, it first must attempt to fill a position with an appropriately credentialed employee. If a credentialed individual is not available, the employer must explore the feasibility of employing an individual in an internship capacity. If a university or district internship program is not available, the employer may request an emergency permit. When the employer is unable to find an individual who qualifies for the emergency permit, it then requests a credential waiver for the best qualified applicant available.

Credential waivers provide additional time for individuals to complete credential requirements or provide employing agencies with time to find an individual who either holds an appropriate credential or qualifies under one of the available assignment options. Waivers are generally issued for one calendar year and the individual on the waiver must demonstrate progress by completing an examination or coursework toward the credential before the employer may request a subsequent waiver.

General Criteria For All Waiver Requests

Waiver requests must meet all of the following criteria:

- *Recruitment:* There is acceptable evidence that the employer has verified that they have attempted to recruit a fully credentialed individual for this assignment.
- *Credential Goal:* There is evidence that the waiver request is in a subject matter area known to have substantial shortages of credentialed personnel. This is determined by a periodic review of the number of waiver requests and emergency permits issued during the prior year. Currently, the established shortage areas are: special education including the resource setting, speech therapy, education for limited English proficient students, math and science instruction, reading instruction, driver education and training, library media services, and multiple subject instruction.
- *Qualifications:* There is acceptable evidence that the employing agency has provided sufficient information to explain why the applicant is the best available person for the position. Such information may include verification of the completion of a degree, CBEST, part or all of a professional preparation program, or related experience.
- *Assignment:* There is evidence that this person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.
- *Commitment:* There is acceptable evidence that the individual will have ongoing support and assistance provided by district personnel who hold a credential in the area of the waiver.
