2001-02 Annual Report: Emergency Permits and Credential Waivers

Executive Summary

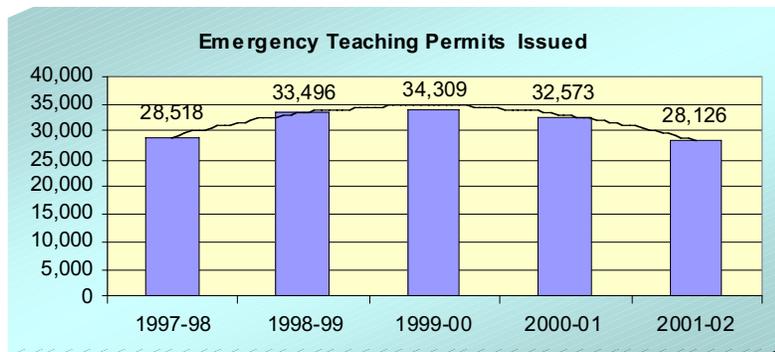

Purpose of the Report

The California Commission on Teacher Credentialing (CCTC) issues emergency permits and credential waivers to individuals, at the request of employers who are unable to sufficiently recruit fully credentialed staff to fulfill their employment needs. Many emergency permits (excluding the 30-day emergency permit) are issued to persons who have completed most of their credential program, while some hold a full credential in another area (e.g. a special education emergency permit may be issued to a teacher who already holds an elementary or secondary credential.) This report provides information on emergency permits and credential waiver activity for public, non-public and charter schools during the 2001-02 school year. The data contained in this report is compiled from the Department of Education's - California Basic Education Data System (CBEDS) and the CCTC's database.

Emergency Permits and Credential Waivers Issued to Public Schools:

According to CBEDS data, 343,057 certificated staff (full-time equivalent) were employed in public schools during 2001-02. Of this, 298,197 were employed in teaching positions, which was a 1.8% increase over the previous school year. During this time period, the number of emergency permits issued decreased by 4,482, or 13.4%; an indication that California is meeting the demand for non-emergency teachers. This was the second consecutive year, since class size reduction was implemented in California in 1996, in which the total number of emergency teaching permits decreased over the previous year.

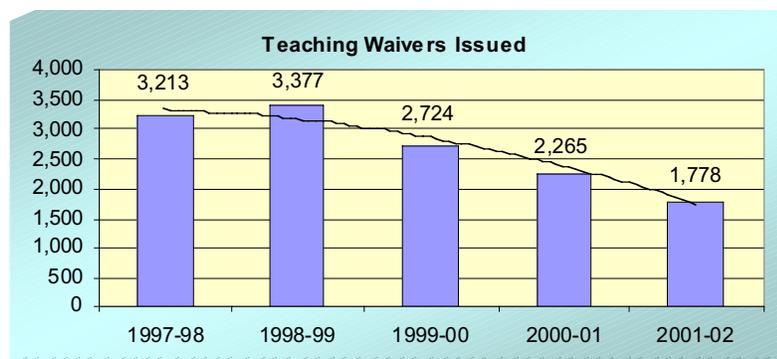

Of the 29,083 total emergency permits issued during fiscal year 2001-02, 28,126 permits were issued for teaching assignments (multiple, single, and special education). As the following chart indicates, this was a 13.7% decrease over fiscal year 2000-01.

The following is a breakdown of emergency teaching permits issued for public schools during fiscal year 2001-02 (see Table 3, page 3 for a breakdown of all types of permits):

- 12,610 multiple subject emergency permits
- 10,081 single subject emergency permits
- 5,970 special education emergency permits

During fiscal year 2001-02, 2,803 credential waivers were issued to public schools in all areas of certification (excluding day-to-day substitutes), representing .8% of the total certificated staff. Of these, 1,778 were issued for teaching assignments. This was a 21.5% decrease over the previous fiscal year.

The following is a breakdown of teaching waivers issued for public schools during fiscal year 2001-02 (see Table 8, page 11, for a breakdown of all types of waivers).

- 149 multiple subject waivers
- 444 single subject waivers
- 1,185 special education waivers

Permits and Credential Waivers Issued to Charter Schools:

864 emergency permits and credential waivers were issued for charter schools during 2001-02, resulting in a 62% increase over the previous fiscal year. The increase is a direct result of statutory changes in January 1999, which required all charter school teachers to hold California certification (a teaching credential, long-term emergency permit, or a credential waiver), as well as an increase in the number of new charter schools.

The following is a breakdown of emergency permits and credential waivers issued for charter schools during fiscal year 2001-02 (see Tables 10, 11, 12 – pages 15-17 for further data):

- 829 emergency permits
- 35 credential waivers

Permits and Waivers Issued to Non-Public Schools:

1,391 emergency permits and credential waivers were issued for non-public schools and agencies during 2001-02, resulting in a 4% increase over the previous fiscal year. Non-public schools and agencies are licensed by the Department of Education to mainly serve Special Education students; consequently over 96% of the documents issued to these organizations are in special education.

The following is a breakdown of the emergency permits and credential waivers issued for non-public schools during fiscal year 2001-02 (see Tables 13, 14 and 15 – pages 18-20 for further data):

- 673 emergency permits were issued in Special Education
- 15 other emergency permits
- 670 credential waivers were issued in Special Education
- 33 other credential waivers

Emergency Substitute Teaching Permits and Waivers:

The Commission issued 57,536 emergency substitute permits during 2001-02. This included 55,341 30-Day substitute permits, 2,045 prospective substitute permits, and 150 career substitute permits. In addition, 2,973 substitute waivers were issued for public school teaching. (see Table 16 - page 21).

SECTION I:

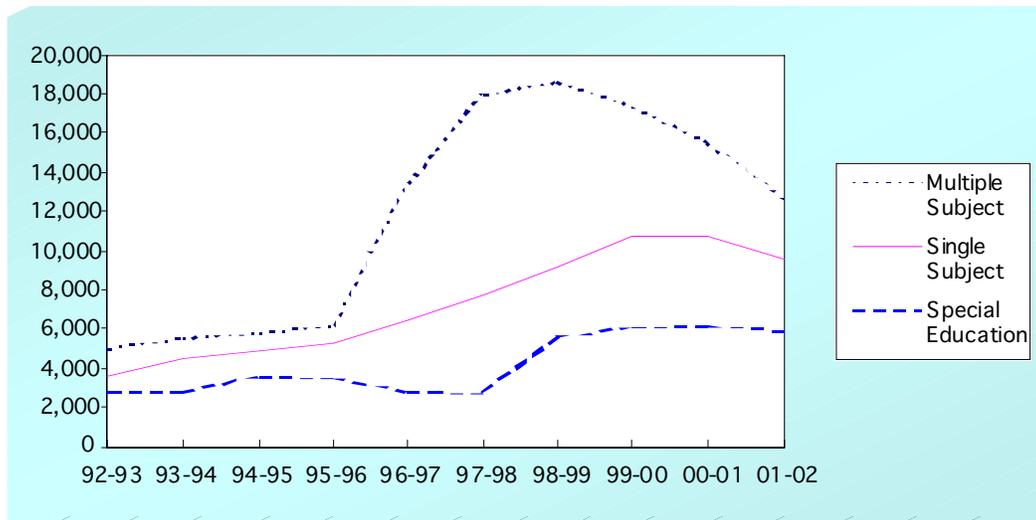

Public School Statistical Data

This section reviews the Commission's statistical data to provide a more detailed picture of the emergency permit and credential waiver status for school districts and county offices of education in California. This data review includes an examination of the use of emergency permits and credential waivers by selected counties, the types of emergency permits and waivers issued within selected counties, and a listing of the single subject authorizations requested for emergency permits and waivers.

Figure 1 illustrates recent years of emergency permit issuance. During the period from 1992 to 1995 there was sustained gradual growth in the number of emergency permits. The impact of the state effort to reduce class size in primary grades is evidenced by the large increase in multiple subject emergency permits issued beginning in 1996-97 and continued through 1998-99. The good news is that fiscal year 2001-02 marked the second consecutive year in which the total number of emergency permits declined, confirming the Commission's efforts to reduce the number of emergency permits. Multiple Subject permits showed the largest decline (18.7%), with single subject and special education permits also posting considerable decreases (11.8% and 4.5% respectively).

The numbers in Figure 1 do not include permits issued to nonpublic schools, charter schools, prison schools and the California Youth Authority. Information for non-public and charter schools can be located in Sections IV and V.

Figure 1

Distribution of Emergency Permits and Credential Waivers

During the 2001-02 fiscal year, the Commission issued a total of 29,083 emergency permits and 2,803 credential waivers to individuals teaching in public schools. In an attempt to better understand the number of certificated staff serving on emergency teaching permits and credential waivers in public schools, the following data shows the total number of certificated staff serving in California during 2001-02. The certificated staff data included in all tables in this report is from the California Department of Education's California Basic Educational Data System (CBEDS). The numbers reflect full-time equivalent (FTE) positions, which may be lower than the actual number of individuals employed due to combining part-time positions. The data from that comparison revealed (Table 1) that 9.8% of the certificated staff served on emergency permits and .8% on credential waivers. The data in Table 1 refers to documents issued for public school employment only (see sections II and III for data regarding charter and non-public schools).

Note (*): The percentage of certificated staff serving on emergency permits (column 3) is derived from dividing the number of emergency permits by the total number of teachers, excluding administrators (23,298) and services staff (21,562), who were employed in California during 2001-02. Total Teaching Permits and Teaching Waivers include multiple subject, single subject, and special education only.

Types of Emergency Permits

Table 3 reports the total number of emergency permits issued in 2001-02. Overall, there was a 13.4% decrease in the issuance of emergency permits over the 2000-01 fiscal year.

Figures 2 and 3 illustrate, by percentage, the types of emergency permits issued in both 2000-01 and 2001-02. The figures show that the total number of permits decreased by 4,482. The distribution of the types of permits remained fairly constant, with multiple subject permits showing the largest change (3% decline) over the previous fiscal year.

Subject Authorizations on Single Subject Emergency Permits

Tables 4, 4A and 4B list specific teaching subject authorizations of single subject emergency permits issued during the 1997-98 through 2001-02 fiscal years. The issuance of permits for math and science continue to be high, as these are statewide shortage areas that are recognized by the Commission.

Note: The total number of subject authorizations exceed the number of total emergency permits issued since more than one subject may be listed on a document.

Table 4A reflects the distribution of emergency permits for science by the specific science areas. The Commission revised the subject areas for science in 1995 to include the four specific areas of biological sciences, chemistry, geosciences and physics. The subjects, life science and physical science, were eliminated. However, individuals who were enrolled in programs for those credentials and had obtained an emergency permit for those subjects prior to the change were allowed to continue renewing those documents in order to give them time to complete the program. Therefore, emergency permits in those subjects have steadily declined since 1995 as those individuals earn their credentials. Slightly over half of the science permits were issued for biological sciences.

Permits for foreign languages accounted for 6.6% of the subjects. Table 4B provides information on the languages for which those permits were issued. The numbers show that permits for teaching Spanish accounted for 82.5% of the foreign language permits while French constituted 9.8% of those documents and 7.7% was divided among the nine remaining languages.

Table 5 includes the ten largest counties based on total certificated staff. Certificated staff consists of teachers, administrators, and services personnel (counselors, librarians, nurses, etc.). The percentages for emergency permits and waivers allows the reader to make comparisons between the counties, even though their sizes may vary. The table shows that Los Angeles County, which has the largest number of certificated staff of any county, employed 16.7% of those individuals on emergency permits. In contrast, San Diego County, which has the second largest number of certificated staff, used the lowest percentage of emergency permits. None of these ten counties utilized waivers for more than 2% of their certificated staff.

Credential Waivers

Since July 1, 1994, the California Commission on Teacher Credentialing has had the sole authority to review requests by employing school districts to temporarily waive specific credential requirements for individuals. Prior to that date, the authority to grant waivers was vested in the State Board of Education. Waivers are requested by employing agencies when they have exhausted their attempts to find a credentialed individual or an individual who is eligible for an emergency permit. When adopting regulations and developing procedures for exercising its authority, the Commission established as the fundamental goal of the waiver process the transitioning of individuals from waivers to emergency permits and ultimately to full credentials.¹

Since the requirements for credential waivers are at a level below those for emergency permits, regulations require that every waiver presented to the Commission's Appeals and Waivers Committee must go through a public notice process at the local level. Governing boards of public school districts must approve each waiver in a public meeting. County offices of education and non-public schools must post, in a public place for 72 hours, a notice that they are employing individuals in specific assignments on waivers. This process notifies the public that a non-credentialed individual will be teaching in a public school classroom.

According to the California Basic Education Data System (CBEDS) data maintained by the California Department of Education, during 2001-02 there were 343,057 certificated staff in the public schools including administrators, counselors, psychologists, and elementary, secondary, and special education teachers. Table 1 below displays the number of waivers the Commission has issued compared to the number of certificated staff. The numbers do not include waivers granted for 30-day substitute teaching as substitutes are not included in the CBEDS data. The table shows that the percentage of certificated staff serving on waivers has decreased over the last four years despite a steady increase in the number of certificated employees over this time period.

The data in Table 7 reflects the number of waivers issued to public schools in California. Please see section II and III for the non-public and charter school waiver data.

Types of Credential Waivers

Table 8 displays the types of credential waivers issued to public schools during the last five fiscal years for which data is available. There was a 5.7% decrease in the number of credential waivers issued in 2001-02 compared to 2000-01. This compares to a 5.4% increase in 2000-01 over the previous year. While 30-Day substitute permits increased 3%, and accounted for over 51% of the total waivers issued, decreases were experienced in all three types of teaching waivers (multiple subject, single subject, and special education) issued by the Commission.

Figure 5 and 6 illustrate, by percentage, the types of credential waivers issued in 2000-01 and 2001-02. The overall number of waivers decreased by 348, or 5.7%. The distribution of waiver types remained relatively constant in fiscal year 2001-02 compared to the previous year, with 30-Day emergency permits increasing by 4% due to the reduction in numbers of teaching waivers issued.

**Section II:
Charter Schools**

Charter schools are public schools that provide instruction in any of grades K-12. In 1998-99, the maximum total number of charter schools authorized to operate in the state was set at 250 by Section 47602 of the Education Code. Additionally, in the 1999-2000 school year, and each successive school year thereafter, an additional 100 charter schools are authorized to operate in California. Charter schools are usually created or organized by a group of teachers, parents and community leaders, or a community-based organization. Furthermore, charter schools are usually sponsored by an existing local public school board or county board of education. Specific goals and operating procedures for the charter schools are detailed in an agreement, or charter, between the sponsoring board and charter organizers. Passage of Assembly Bill 544 (Lempert, Statutes of 1998, Chapter 34), effective January 1, 1999, required all charter school teachers to hold a Commission issued certificate, permit, or other equivalent document to that which a teacher in a public school would be required to hold. This requirement, as well as a general increase in the overall number of new charter schools in the state, has led to increases in the issuance of permits and waivers to charter schools over the past two years.

Table 10 displays the number of emergency permits and credential waivers issued to charter schools by county over the past three fiscal years. Tables 11 and 12 display the types of emergency permits and credential waivers issued during 2001-02.

SECTION III:

Non-Public Schools and Agencies

Non-Public schools and agencies are licensed by the California Department of Education based upon standards in the Education Code and California Code of Regulations, Title 5, to serve special education students through contracts with public school districts. One of the licensing requirements for these schools is to employ credentialed special education teachers, the same as public school districts. Due to the statewide shortage of special education teachers, non-public schools experience difficulty in recruiting special education teachers so they request emergency permits and credential waivers to meet their staffing needs. Individuals employed on emergency permits and credential waivers at non-public schools must meet the same requirements as those employed by public schools.

Table 13 displays the number of emergency permits and credential waivers issued to non-public schools and agencies by county for the past three fiscal years. In October of 1997, requirements for emergency special education permits changed to no longer require that an individual hold a regular education credential to qualify for the permit. While that remains as an option to qualify, the new regulations allow individuals with appropriate course work or experience to obtain the permit, which has helped many more individuals qualify for the permit. Tables 14 and 15 display the types of emergency permits and waivers issued during fiscal year 2001-02.

SECTION IV:

Emergency Substitute Teaching Permits and Waivers:

Substitute teachers serve an important function in the educational system by filling in as the teacher when the full-time teacher is unavailable. For an individual to qualify for the substitute emergency permit, he or she must possess a bachelor's or higher degree (90 semester units for the Prospective Teaching Permit) from a regionally accredited college or university and pass the CBEST. All substitutes must also complete the Commission's professional fitness review. The 30-day (60 days for the Career Teaching Permit) reference in the title of the permit means that an individual can substitute for no more than thirty days for a single teacher during a school year. They may, however, substitute for an unlimited number of days for various teachers throughout the school year. The substitute permit is intended to meet the day-to-day substitute needs of a school district, and is not intended to serve as a long-term assignment alternative.

During the 2001-02 school year, the Commission issued 57,536 emergency substitute permits. Of these, 55,341 were for the 30-Day Substitute Emergency Permits, 2,045 were for the Prospective Substitute Permit, and 150 were for the Career Substitute Permit. Districts also requested 2,973 30-Day Substitute Waivers to meet the demand. Districts may request a substitute credential waiver to waive either CBEST, the bachelor's degree, or on rare occasions, both. Table 16 illustrates the number of permits and credential waivers issued during the past six years.

*The breakdown of 30-Day Substitute Type permit is not available for years prior to 1998.

The following defines the authorizations for the three types of substitute permits issued by the Commission.

- The Emergency 30-Day Substitute Teaching Permit authorizes the holder to serve as a day-to-day substitute teacher in any classroom, including preschool, kindergarten, and grades 1-12 inclusive. However, the holder may not serve as a substitute for more than 30 days for any one teacher during the school year.
- The Emergency Substitute Teaching Permit for Prospective Teachers authorizes the holder to serve as a day-to-day substitute teacher in any classroom, including preschool, kindergarten, and grades 1-12 inclusive. The holder may serve as a substitute for no more than 20 days for any one teacher and may only serve for a maximum of 90 days during the school year.
- The final type of emergency permit, the Emergency Career Substitute Teaching Permit authorizes the holder to serve as a day-to-day substitute teacher in any classroom, including preschool, kindergarten, and grades 1-12 inclusive. The holder may serve as a substitute for no more than 60 days for any one teacher during the school year.

Section V:

Summary and Conclusions

For almost 30 years the Commission has issued emergency permits. Recent developments in California have focused attention on public education and, in particular, the need for credentialed teachers. This seventh-annual report on the subject has been prepared to provide information on the utilization of emergency permits and credential waivers by California employers in 2001-02, and does not attempt to explain why counties and districts experience difficulty recruiting credentialed teachers.

The main findings of this report are:

- 29,083 emergency permits, and 5,776 credential waivers (2,803 excluding day-to-day substitute permits) were issued to public schools in 2001-02. Of these, 28,126 emergency permits and 1,778 waivers were issued strictly for teaching purposes (elementary, secondary, and special education).
- 12,610 multiple subject emergency permits were issued during 2001-02. This was a decrease of 2,895, or 18.7%, over 2000-01. This decrease can be attributed, in large part, to the increase in the number of candidates in the California pre-internship teaching programs, and internship programs offered through universities and school districts.
- 9,546 single subject emergency permits were issued during 2001-02. This was a decrease of 1,273, or 11.8%, over 2000-01; marking the first decline of emergency single subject permits in over ten years.
- 5,970 education specialist emergency permits were issued during 2001-02. This was a decrease of 279, or a 4.5%, over 2000-01. Emergency permits for employment as a resource specialist decreased by 41.8% during 2001-02. The resource specialist continues to decrease, since the authorization is now incorporated under the Education Specialist emergency permit.
- 864 emergency permits and waivers were issued to Charter Schools during 2001-02. This was a 62.4% increase over 2000-01. The increases were a direct result of Assembly Bill 544 (Lempert) (Statutes of 1998, Chapter 34), which, since its implementation in January 1, 1999, required all charter school teachers to hold a Commission issued certificate, permit or other equivalent document to that which a teacher in a public school would be required to hold, as well as an overall increase in the number of new charter schools.
- 5,776 waivers were issued during 2001-02. This was a 5.7% decrease over the previous fiscal year. If factoring out the 30-day substitutes, waivers would show a decrease of 435, or 13.4%.

The Governor, Legislature, and the Commission are working together to help recruit credentialed teachers from out-of-state, provide systematic support for pre-interns, provide additional funding for internship programs and BTSA, encourage individuals through CAL TEACH to become teachers, encourage individuals to become mathematics teachers by providing monetary awards, and encourage credentialed teachers to teach in low-performing schools by providing monetary incentives. Together, these initiatives constitute a multi-pronged approach toward meeting California's need for additional teachers for the future.

Section VI:

Emergency Permit Requirements

Current Requirements for Emergency Permits

The Commission currently issues eleven types of emergency permits (see appendix B). Emergency permits are valid for one year and authorize the holder to provide the same service as a full teaching credential. Employers applying on behalf of individuals for any of these permits must verify that those individuals have met minimum requirements before the permits are issued. Some of these requirements are general to all types of emergency permits, while others are specific to the type of permit requested. All emergency permits require the holder to complete specific requirements while he or she holds the permit in order to be eligible for a reissuance of the emergency permit for another year.

General Requirements for All Emergency Permits

The applicant must verify that he or she possesses a baccalaureate or higher degree from a regionally accredited college or university, pass the California Basic Education Skills Test (CBEST), complete the specific requirements for the permit requested as described in the next section of this report, and pass a character and identification clearance.

All employing agencies requesting emergency permits are required to file a Declaration of Need for Fully Qualified Educators. This Declaration is submitted each school year prior to the Commission issuing emergency permits to individuals employed by the agency. The employing agency states on the Declaration of Need its estimate of need for each type of emergency permit. The Declaration must be approved in a public meeting of the agency's governing board. Through this process, the governing board and the public are informed of the number of individuals that the district reasonably expects to employ with emergency permits. Having the Declaration approved by the board not only informs the board of the district's shortage areas, but also allows for policy discussions such as why there is a shortage, whether it is statewide or restricted to the district, and whether the district can recruit or develop fully qualified and credentialed staff.

As a condition for employing emergency permit holders, the district must agree to provide permit holders with orientation, guidance and assistance. The orientation and training must occur prior to the individual being placed in a classroom and must include curriculum training, effective techniques of classroom instruction and effective techniques of classroom management. The emergency permit regulations also require the employing district to assign a certified and experienced educator to guide and assist the emergency permit holder. In addition, the certified and experienced educator must have at least three years of full-time classroom teaching experience. Emergency permits are valid for one year and are restricted to the district requesting the permit.

Specific Requirements for Emergency Permits

In order to qualify for an emergency permit, an applicant must meet the general requirements listed above and the requirements specific to the type of permit requested. Specific requirements are listed below by permit type:

Multiple Subject Emergency Teaching Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) The applicant must verify one of the following:
 - (a) passage of the Multiple subject Assessment for Teachers (MSAT); or
 - (b) completion of at least 10 semester units of college course work in each of any four of the following subject areas: Language Studies, Literature, History, Social Science, Mathematics, Science, Humanities, Art, Physical Education and Human Development. (The fourth 10-unit area may also be a combination of any two-subject areas not previously used.)

Single Subject Emergency Teaching Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) The applicant must verify one of the following:
 - (a) passage of the examination(s) approved by the Commission to verify appropriate knowledge of the subject to be listed on the permit, or
 - (b) verification of at least 18 semester units, or nine upper division or graduate semester units of college course work in the subject to be listed on the permit.

Emergency Multiple or Single Subject Teaching Permit with CLAD Emphasis

The requirements for these permits are the same as for the permits listed above.

Emergency Multiple or Single Subject Teaching Permit with BCLAD Emphasis

The requirements for these permits are the same as for the basic multiple and Single Subject emergency teaching permits except that the applicant must verify proficiency in the language to be listed on the permit by one of the following means:

- (1) passage of one of the examinations approved by the Commission for this specific purpose, or
- (2) passage of a Commission-approved oral language proficiency assessment administered by a California college or university, or
- (3) possession of a three-year or higher degree from a foreign college or university in which all instruction was delivered in the language to be listed on the permit.

Emergency Cross-cultural, Language and Academic Development (CLAD) Permit

The applicant for this permit must possess a valid California teaching credential or children's center permit excluding emergency permits, internship credentials, exchange and sojourn credentials.

Emergency Bilingual, Cross-cultural, Language and Academic Development (BCLAD) Permit

The applicant for this permit must:

- (1) possess a valid California teaching credential or children's center permit excluding emergency permits, internship credentials, exchange and sojourn credentials; and
- (2) verify proficiency in the language to be listed on the permit by one of the following means:
 - (a) passage of one of the examinations approved by the Commission for this specific purpose, or
 - (b) passage of a Commission-approved oral language proficiency assessment administered by a California college or university, or
 - (c) possession of a three-year or higher degree from a foreign college or university in which all instruction was delivered in the language to be listed on the permit, or
 - (d) possession of a valid California Single Subject or Standard Secondary teaching credential with a major in the language to be listed on the permit.

Emergency Education Specialist Instruction Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) The applicant must verify one of the following:
 - (a) possession of a valid basic California teaching credential; or
 - (b) possession or eligibility for an out-of-state Special Education credential requiring a baccalaureate degree and preparation program; or
 - (c) a minimum of three years successful classroom experience working with Special Education students in a public or state-certified school; or
 - (d) a minimum of nine semester units in special education or in a combination of special education and regular education that are appropriate to a special education or regular education teaching credential.

Emergency Resource Specialist Permit

The applicant for this permit must:

- (1) either possess a valid basic California teaching credential or possess or show eligibility for an out-of-state Special Education credential and
- (2) submit a statement indicating intent to enroll in a Commission-approved program for one of the following:

- (a) Education Specialist Instruction Credential, which authorizes service as a Resource Specialist;
- (b) one of the credentials prerequisite to the Resource Specialist Certificate; or
- (c) Resource Specialist Certificate itself.

Emergency Library Media Teacher Services Permit

Individuals holding a valid California teaching credential must:

- (1) provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) verify possession of a valid basic California Teaching Credential.

Individuals holding an out-of-state credential authorizing service as a librarian must:

- (1) provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit and
- (2) show possession of, or eligibility for, the out-of-state librarian credential.

Emergency Clinical or Rehabilitative Services Permit in Language, Speech and Hearing, Including Special Class Authorization – (No longer issued – renewals only)

Emergency Clinical or Rehabilitative Services Permit in Language, Speech and Hearing – (No longer issued – renewals only)

Reissuance Requirements for Emergency Permits

For the first reissuance only, all of the following requirements must be satisfied:

- (1) the employing agency must verify that orientation, guidance and assistance have been provided,
- (2) obtain an evaluation by a Commission-accredited professional preparation institution identifying requirements the emergency permit holder must complete to be eligible for the related credential,
- (3) verify that holders of the emergency multiple or single subject teaching permits, emergency multiple or single subject teaching permits with either a CLAD or BCLAD emphasis, and the emergency education specialist instruction permit have completed one of the following:
 - a) take the appropriate subject matter examination(s) if the holder has not completed the subject matter knowledge requirement prior to applying for the permit, or
 - b) complete at least six semester units or nine-quarter units of approved course work (with a grade of "C" or better, non-remedial) in a Commission-accredited professional preparation program or subject matter program required for issuance of the related credential. The course work must be completed after the issuance date of the emergency permit that is being reissued and prior to the requested reissue date of the permit. The appropriate college or university must verify the course work, or
 - c) complete a minimum of ninety hours of professional development activities that are directly related to the subject or class authorized by the emergency permit if the applicant is employed by an employing agency with a Plan to Develop Fully Qualified Educators which has been approved by the Commission.

For all subsequent reissuances, both of the following requirements must be satisfied:

- (1) the employing agency must verify that orientation, guidance and assistance have been provided,
- (2) completion of at least six semester units or nine-quarter units of approved course work (with a grade of "C" or better, non-remedial) in a Commission-accredited professional preparation program or subject matter program required for issuance of the related credential. The appropriate college or university must verify this.

The employing agency must have on file with the Commission, an annual Declaration of Need for Fully Qualified Educators.

Section VII:

Credential Waiver Requirements:

The Credential Waiver Process

Credential waivers are utilized by county offices of education, school districts and non-public schools to fill certificated positions when individuals holding credentials are unavailable. When an employing agency reviews its staffing needs and recruits for various positions, it first must attempt to fill a position with an appropriately credentialed employee. If a credentialed individual is not available, the employer must explore the feasibility of employing an individual in an internship capacity. If a university or district internship program is not available, the employer may request an emergency permit. When the employer is unable to find an individual who qualifies for the emergency permit, it then requests a variable term waiver for the best qualified applicant available.

The Education Code [Section 44225(m)] authorizes the Commission to grant two types of waivers, short-term and variable term. Short-term waivers give local agencies the ability to cover unanticipated, immediate, short-term needs with teachers who hold a basic credential, but are assigned to teach outside of their credential authorization for one semester or less with their consent. These waivers are reported to the county offices of education for assignment monitoring purposes. This report does not include information pertaining to short-term waivers.

Variable term waivers provide additional time for individuals to complete credential requirements or provide employing agencies with time to find an individual who either holds an appropriate credential or qualifies under one of the available assignment options. Waivers are issued for one calendar year and the individual on the waiver must demonstrate progress by completing an examination or coursework toward the credential. Variable term waivers include:

- (1) waivers to facilitate assignment in school programs addressing issues of educational reform,
- (2) waivers to employ or assign identified individuals when the employing agency finds there is an insufficient number of certificated persons who meet the specified employment criteria for the position,
- (3) waivers to temporarily exempt geographically isolated regions, which have severely limited ability to develop personnel, from specific state requirements for educator preparation, licensing or assignment, or
- (4) other temporary waivers approved at the discretion of the Commission.

Requests by employing school districts for waivers of credential requirements are reviewed by the Appeals and Waivers Committee of the Commission at each monthly meeting. The Committee has established criteria to guide employing agencies, Commission staff, and Commissioners in the preparation and review of waiver applications. The general criteria for credential waiver requests follows.

General Criteria for All Waiver Requests

Waiver requests must meet all of the following criteria before they will be placed on the Commission's consent calendar.

- *Recruitment:* There is acceptable evidence that the employer has verified that they have attempted to recruit a fully credentialed individual for this assignment.
- *Credential Goal:* There is evidence that the waiver request is in a subject matter area known to have substantial shortages of credentialed personnel. This is determined by a periodic review of the number of waiver requests and emergency permits issued during the prior year. Currently, the established shortage areas are: Special Education including the resource setting, speech therapy, education for limited English proficient students, math and science instruction, reading instruction, driver education and training, library media services, and Multiple subject instruction.
- *Qualifications:* There is acceptable evidence that the employing agency has provided sufficient information to explain why the applicant is the best available person for the position. Such information may include verification of the completion of a degree, CBEST, part or all of a professional preparation program, or related experience.

- *Assignment:* There is evidence that this person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.
- *Commitment:* There is acceptable evidence that the individual will have ongoing support and assistance provided by district personnel who hold a credential in the area of the waiver.

Criteria for Services Credential Waivers

Variable term waivers for pupil personnel and administrative services credentials have additional criteria that must be met since there is no substantial statewide shortage of individuals who hold these credentials.

- *Personnel Shortage:* There is written documentation that no credentialed candidates applied for the position or that credentialed candidates did not meet specific employment criteria (i.e., special skills as described below) for the assignment. The employer must briefly explain why each credentialed candidate was not selected for the position.
- *Special Skills: Services, Experience and Expertise:* There is written documentation that this individual possesses special skills, or that he or she can provide special services to the pupils served by the employer and that, by virtue of this individual's training, experience or expertise, he or she is the best person for this assignment. Such written documentation shall be in the form of a state license or advanced degree in a field directly related to the proposed assignment. For example, a district seeking a waiver of a pupil personnel services credential may provide written documentation that the individual holds a Masters of Social Work degree from an accredited institution. An example of a special skill is proficiency in a second language spoken by the students in the district.
- *Program Enrollment:* There is written documentation that this individual is enrolled in a program of professional preparation leading to the appropriate services credential and that he or she is close to completing all requirements for the credential. Such written documentation shall include specific information on the number and type of courses completed, along with the anticipated date for program completion. Written documentation from the authorized administrator at the university verifying the individual's current status in the credential program and the anticipated completion date of the program must be submitted.

Once an employing agency determines that an individual meets the criteria, the variable term waiver must be approved by the local governing board for public school districts. In the case of county offices of education and non-public schools licensed by the California Department of Education, they must complete a public notice process. The minutes of the governing board attesting to the approval of the waiver request or a copy of the public notice must be included with the waiver application.

After Commission staff has reviewed the waiver request and determined that all information is included, the waiver is placed on the Commission agenda to be considered by the Appeals and Waivers Committee. Depending on the circumstances for each application, the waiver request may be placed on the *consent calendar*, which means the waiver has met all of the Committee's criteria for approval. It may be placed on the *conditions calendar* for which criteria has also been approved. The conditions recommended by staff depend on the circumstances of each case, but generally require that the applicant complete at least six semester units toward the credential goal or pass one or more sections of CBEST during the term of the waiver. These conditions are printed on the waiver document.

The credential waiver waives only specific academic requirements for a credential. All credential waiver holders must complete the same character and identification clearance as credentialed teachers. The character and identification clearance consists of a fingerprint review of any criminal history by both the California Department of Justice and the Federal Bureau of Investigation, and when necessary, the Commission's Committee of Credentials and Division of Professional Practices.

Emergency Teachers: An Historic Overview

Prior to the creation of the California Commission on Teacher Credentialing (CCTC), the State Department of Education issued Provisional Credentials to persons who met minimum qualifications, but had not completed a teacher preparation program. This was the pre-1970 antecedent to the emergency credential or permit, which the state has issued regularly for over 30 years.

The Teacher Preparation and Licensing Act of 1970 (the Ryan Act), created the Commission on Teacher Preparation and Licensing (later the California Commission on Teacher Credentialing) as an independent agency within the Executive Branch of the Government. The act authorized the Commission to issue emergency “credentials” based on “at least 90 semester units of college work.” The 90-semester unit requirement raised the standard for the credential from the 60 semester units required for the provisional credential of the earlier era.

A new emergency credential was adopted by regulation in April 1976 when the Emergency Bilingual Certificate of Competence Teaching Credential became effective. Among the conditions for this emergency credential were the requirements that the applicant complete a minimum of 90 semester units, be assessed for competence in the target language, complete three semester units or staff development in bilingual teaching methodology and have either two years of teaching in a bilingual classroom or be employed as a paraprofessional in a bilingual classroom. The credential authorized the holder to teach any subject in a bilingual class in grades 12 and below. The Commission, by establishing this specific emergency credential, was responding to new California bilingual education legislation (the Chacon-Moscone Act of 1976, Chapter 36, Statutes of 1977) and recognizing the shortage of teachers with bilingual capabilities.

The requirements for emergency credentials or permits continued to evolve over time as new statutory and regulatory changes modified the requirements. In May 1981, the administrative regulations were amended to include enrollment in a degree or credential program and the completion of six semester units as requirements for serving an additional year on the emergency credential. Two important requirements in 1982 were added by statute: a baccalaureate degree and the California Basic Educational Skills Test (CBEST). The CBEST requirement became effective January 1, 1983 while the baccalaureate degree was phased in to become the minimum requirements for all emergency credentials. In 1986, a subject matter requirement for the single subject and the multiple subject emergency permits was established by law. In 1994, the Commission adopted regulations changing the title from "emergency credential" to "permit". (SB 322, Morgan, Chapter 378, Statutes of 1994). New legislation was enacted restricting the number of years an individual may serve on an emergency permit to no more than five.

Appendix B:

Types of Emergency Permits Currently Issued in California

The following is a list of the types of emergency permits currently issued in California. Following each title is a description of the school setting for each permit:

- Emergency Multiple Subject Teaching Permit, typically used for the elementary classroom;
- Emergency Single Subject Teaching Permit, typically used for the secondary classroom;
- Emergency Multiple Subject Teaching Permit with Cross-cultural, Language and Academic Development (CLAD) Emphasis, which authorizes teaching limited English proficient students;
- Emergency Single Subject Teaching Permit with CLAD Emphasis, which authorizes teaching limited English proficient students;
- Emergency Multiple Subject Teaching Permit with Bilingual, Cross-cultural, Language and Academic Development (BCLAD) Emphasis, which authorizes teaching in a bilingual classroom;
- Emergency Single Subject Teaching Permit with BCLAD Emphasis, which authorizes teaching in a bilingual classroom;
- Emergency Cross-cultural, Language and Academic Development (CLAD) Permit, which authorizes teaching limited English proficient students;
- Emergency Bilingual, Cross-cultural, Language and Academic Development (BCLAD) Permit, which authorizes teaching in a bilingual classroom;
- Emergency Education Specialist Instruction Permit, which authorizes instruction of students with special needs;
- Emergency Resource Specialist Permit, which authorizes the instruction of students with special needs who spend the majority of their school day in a regular education classroom;
- Emergency Clinical or Rehabilitative Services Permit in Language, Speech and Hearing, Including Special Class Authorization, which authorizes service as a speech pathologist and authorizes instruction of children with autism
(no longer issued – renewal only);
- Emergency Clinical or Rehabilitative Services Permit in Language, Speech and Hearing, which authorizes service as a speech pathologist
(no longer issued – renewal only);
- Emergency Library Media Teacher Services Permit, which authorizes services as a librarian.

Table of All Public School Districts

The following information is a combination of the California Basic Education Data System (CBEDS) and CCTC data. The employment data is from the California Department of Education's – California Basic Educational Data System (CBEDS) which is reported each October. The certificated personnel are represented in Full Time Equivalent (FTE) positions. The actual number of personnel at each district maybe higher due to part-time employees.

Legend
