# Teacher Supply in California, 2010-2011, A Report to the Legislature

---

## Executive Summary

Determining teacher supply in California is essential for policymakers as they analyze how current statutes and policies impact teacher recruitment, teaching incentives and teacher preparation. This report provides data collected by the Commission on Teacher Credentialing (Commission) and addresses several questions regarding the supply of teachers newly available to teach in California classrooms.

Assembly Bill 471 (Chap. 381, Stats. 1999; Education Code §44225.6) requires the Commission report to the Governor and the Legislature each year on the number of teachers who received credentials, authorizations, permits and waivers. The report includes the type and number of documents issued authorizing service to teach in California public schools or schools under public contract for fiscal year 2010-11. The report incorporates the requirements of the legislation into a tool for policymakers and others interested in teacher supply.

This report is organized with the following headings:

- The Number of Teachers Earning Credentials
- The Types of Credentials Teachers Are Earning
- Preparation Through an Intern Delivery Model
- Who Prepares California's Teachers?
- Are More People Considering a Teaching Career?
- Teachers Who Earned an English Learner Authorization
- The Number of Permits and Waivers that are Not Compliant with the Highly Qualified Teacher Requirement in No Child Left Behind (NCLB)
- Number of Individuals Employed in Public Schools Holding Teaching Documents

*In summary, in fiscal year 2010-11, California saw an 6.5 percent decrease in the number of newly credentialed teachers. This decrease is not across all three types of preliminary programs (i.e., Multiple Subject, Single Subject, and Education Specialist) in that the number of new teachers in special education has risen slightly. The number of fully-credentialed teachers increased to 98.7 percent of all California public school teachers in 2010-11.*

## Introduction

This is a report of multiple subject, single subject and special education credentials awarded by the Commission in 2010-11. The report also includes information on all credentials, certificates, authorizations, permits and waivers awarded in 2010-11.

## Background

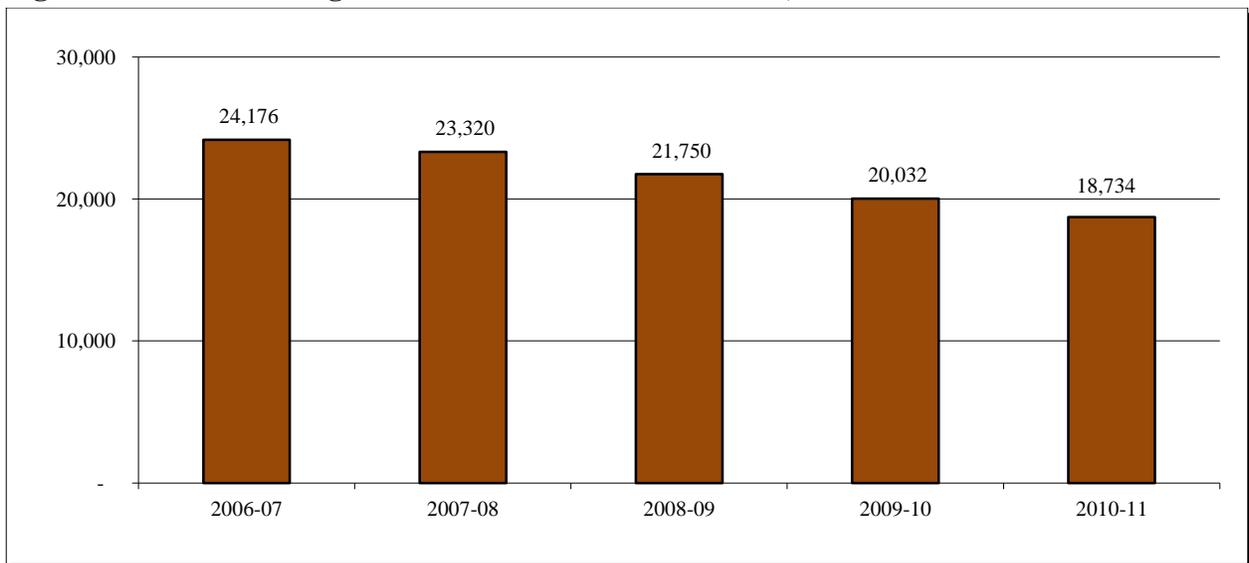

Assembly Bill 471 (Chap. 381, Stats. 1999) requires the Commission on Teacher Credentialing (Commission) to report to the Governor and Legislature annually. The requirements of the report are detailed in Education Code §44225.6 (*see page 16 for Education Code reporting requirements and corresponding data and tables contained within this report*).

## The Number of Teachers Earning Credentials

Teachers may earn a California teaching credential through a variety of programs offered by institutions of higher education (IHEs) or through intern programs offered by a school district, county office of education, or consortium of districts. All teacher preparation programs must meet the same high teacher preparation standards and be accredited by the Commission. Teachers prepared in other states have options for obtaining a California credential depending on their years of experience. Recent legislation has streamlined this process for out-of-state prepared teachers.

Figure 1 shows the numbers of teachers initially earning a California teaching credential for fiscal years 2006-07 through 2010-11. The numbers reflect the number of teachers earning a new type of credential, which may not be their initial type of credential.

**Figure 1: Total Teaching Credentials Issued in California, 2006-07 to 2010-11**

The following tables show the types of teaching credentials earned in California through the various avenues – California IHE programs, school district programs, and teachers prepared in other states. The last column reports the percentage of change in teaching credentials issued between 2009-10 and 2010-11 and shows that the supply of newly credentialed teachers in 2010-11 decreased by 6.5 percent over the previous fiscal year.

**Table A: Total California Teaching Credentials Issued**

There are currently three basic types of preliminary teaching credentials issued by the Commission for service in K-12 academic settings. Multiple Subject teaching credentials authorize service in self-contained classrooms such as classrooms in most elementary schools. Single Subject teaching credentials authorize service in departmentalized classes such as those in most middle and high schools. Education Specialist instruction credentials authorize service in special education and resource settings for students with special needs. In the tables that follow, the last column of the table reports the percentage change in credentials earned between 2009-10 and 2010-11.

### The Types of Credentials Teachers Are Earning

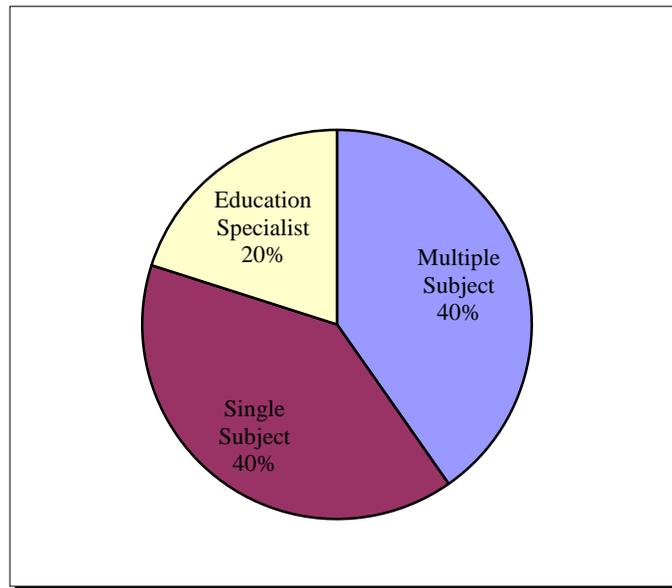

This report focuses on preliminary teaching credentials for California’s K-12 classrooms. As stated previously, there are currently three basic types of preliminary teaching credentials issued by the Commission for service in K-12 academic settings: Multiple Subject, Single Subject, and Education Specialist credentials.

As shown in the table below, preliminary Multiple Subject teaching credentials comprised 40.3 percent of the total number of new credentials issued in 2010-11 at 7,546. Preliminary Single Subject teaching credentials comprised almost 39.6 percent at 7,427, and preliminary Education Specialist teaching credentials comprised more than 20 percent of the total at 3,761.

**Table E: Number and Types of New Basic Credentials Issued During 2010-11**

Multiple Subject	7,546	40.3%
Single Subject	7,427	39.6%
Education Specialist	3,761	20.1%
<b>Total</b>	<b>18,734</b>	<b>100.0%</b>

**Figure 5: The Distribution of New Basic Credentials Issued in 2010-11**

**Preparation Through an Intern Delivery Model**

California offers great flexibility for individuals interested in becoming teachers. The traditional route to teaching includes a year of post-baccalaureate preparation courses including field experience and student teaching. The intern delivery model allows subject matter-competent candidates to complete preservice preparation and begin service in a paid teaching position.

Many IHEs offering teacher preparation programs also offer an intern program while school district, county office of education, or a consortium of districts may also offer intern preparation programs. All programs must meet the same Commission-adopted standards and must be approved by the Commission. Each program must show how it prepares interns prior to their classroom service and must show how interns are mentored and assessed in addition to providing continued teacher education courses and seminars for the interns.

Table F shows the number of intern credentials issued in both IHE and school district programs over a five-year period. Overall, there was a 19.6 percent decrease between 2009-10 and 2010-11 in the total number of intern documents issued.

**Who Prepares California’s Teachers?**

California universities prepared 82.5 percent of the newly credentialed teachers in California during fiscal year 2010-11. Teachers prepared in other states who became credentialed in California comprised 16.2 percent of newly credentialed California teachers. The remaining 1 percent of teachers was prepared through school district intern programs.

Of the three university systems – California State University (CSU), University of California (UC), and Private/Independent universities – CSU campuses prepared 50.5 percent of the new teachers in the fiscal year 2010-11. Private/Independent universities prepared 42.6 percent and UC programs prepared 6.9 percent of the new teachers.

### Are More People Considering a Teaching Career?

Tracking teacher preparation program enrollment can serve as a forecasting tool. Federal Title II regulations require all states to report data on teacher preparation. The enrollment data for all California IHE teacher preparation programs for the past five years follows. Due to new federal Title II data collection processes, enrollment data is not available by credential type starting with the 2008-09 year; so only total enrollment is presented for the recent years.

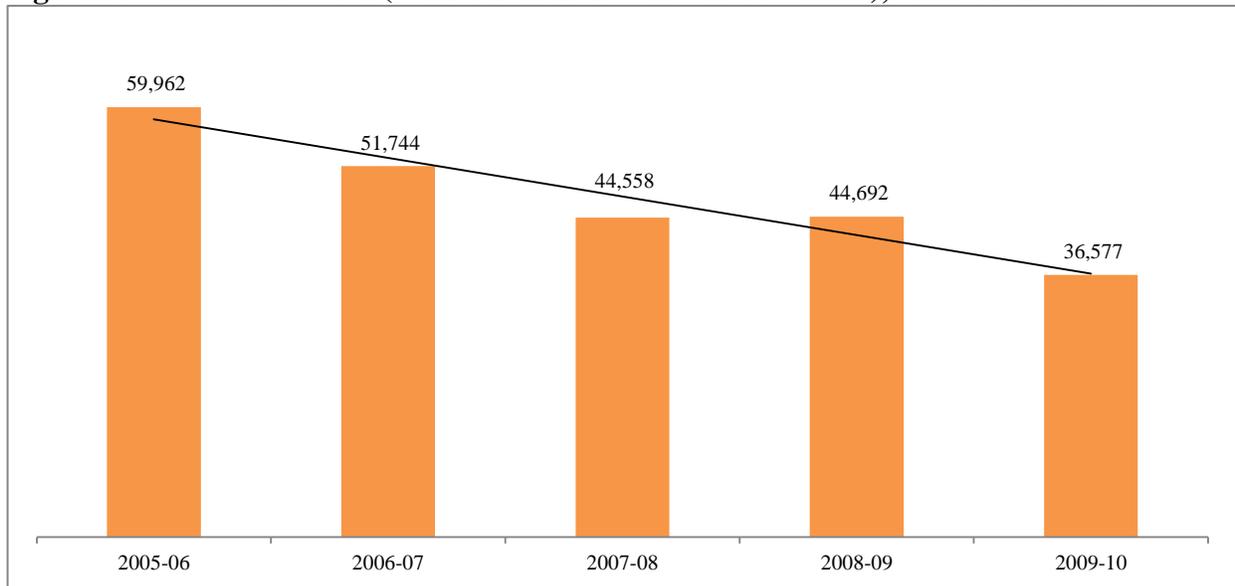

**Table I: Total Enrollment by Basic Credential Type and Fiscal Year**

	2005-06	2006-07	2007-08	2008-09	2009-10	% Change from 08-09
<b>Multiple Subject</b>	28,200	23,428	19,071			
<b>Single Subject</b>	19,910	17,276	15,383			
<b>Education Specialist</b>	11,852	11,040	10,104			
<b>Totals</b>	<b>59,962</b>	<b>51,744</b>	<b>44,558</b>	<b>44,692</b>	<b>36,577</b>	<b>-18.2%</b>

**Figure 9: Total Enrollment (Traditional and Alternative Routes), 2005-06 to 2009-10**

Total teacher preparation enrollment declined almost 23,400 in the past five years. This is a decrease of 39 percent between 2005-06 and 2009-10. Total teacher preparation enrollment was down by 18.2 percent between 2008-09 and 2009-10.

**Figure 10: Total Teacher Preparation Enrollment by Segment, 2009-2010**

More than half (55%) of the total enrollment in 2009-10 was in Private/Independent Colleges and Universities; nearly two-fifths (39%) were enrolled in the California State University system. The University of California enrolled 3 percent and District Intern programs enrolled the remaining 3 percent.

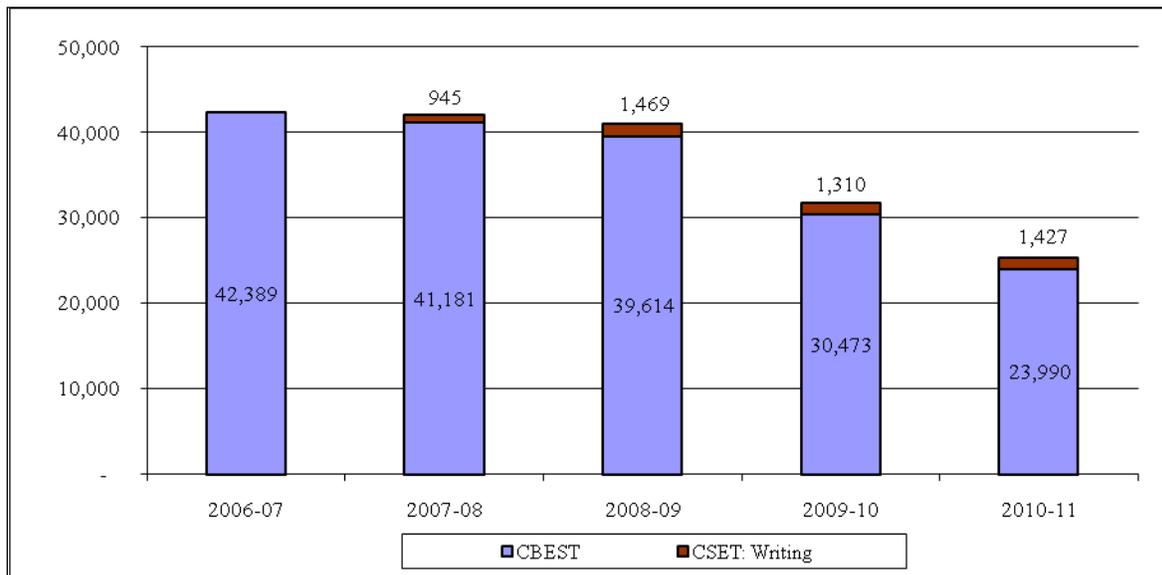

Historically another indicator of interest in teaching has been the number of individuals taking the California Basic Educational Skills Test (CBEST). This exam measures an individual's basic competence in reading, writing and mathematics and was a prerequisite for all teaching and service credentials in California. Beginning in May 2007, an option became available for individuals to meet the Basic Skills Requirement in addition to passing the CBEST examination. Individuals interested in earning a Multiple Subject teaching credential could pass the California Subject Examinations for Teachers: Multiple Subjects (CSET:MS) plus an additional Writing Skills subtest. On January 1, 2009, two other options to CBEST became available: passage of the mathematics and English sections of the CSU Early Assessment Program (EAP), and passage of two CSU placement exams – the English Placement Test (EPT) and the Entry Level Mathematics (ELM) test. Therefore, not all prospective teachers use the CBEST examination option now.

Overall, the number of basic skills examinees decreased by 20 percent between 2009-10 and 2010-11. The Commission has no data on the number of individuals who satisfy the basic skills requirement through the CSU Early Assessment Program or the CSU Placement Tests. Although the number of candidates using the CSET: MS plus Writing Skills option increased by 8.9 percent; the decline in overall volume was (21.3%), thus the overall number of basic skills examinees showed a decline of 20 percent.

**Table J: Number of Basic Skills Examinees**

**Figure 11: Number of Basic Skills Examinees, 2006-07 to 2010-11**

### **Teachers Who Earned an English Learner Authorization**

All California prepared teachers earn an English Learner authorization through the basic teacher preparation program coursework. The California Teachers of English Learners (CTEL) examination and approved programs are available to individuals who were prepared in California prior to this requirement and to those individuals prepared outside California. The examination and the approved programs address the same subject matter requirements. There are eighteen approved CTET programs. In 2010-11, approximately 1,000 teachers obtained EL authorizations through CTET exams.

The Certificate of Completion of Staff Development (CCSD) allows individuals to complete a staff development program to earn an authorization to provide Specially Designed Academic Instruction Delivered in English (SDAIE) to English learners (EL) within the subject matter content and grade level of the holder's prerequisite credential. Assembly Bill 2913 (Chap. 169, Stats. 2004) established a sunset date of January 1, 2008 for the issuance of the CCSD to most teachers (Multiple Subject, Single Subject and Education Specialist). The decrease in SDAIE authorizations beginning in the 2008-09 year is due to the implementation of this bill.

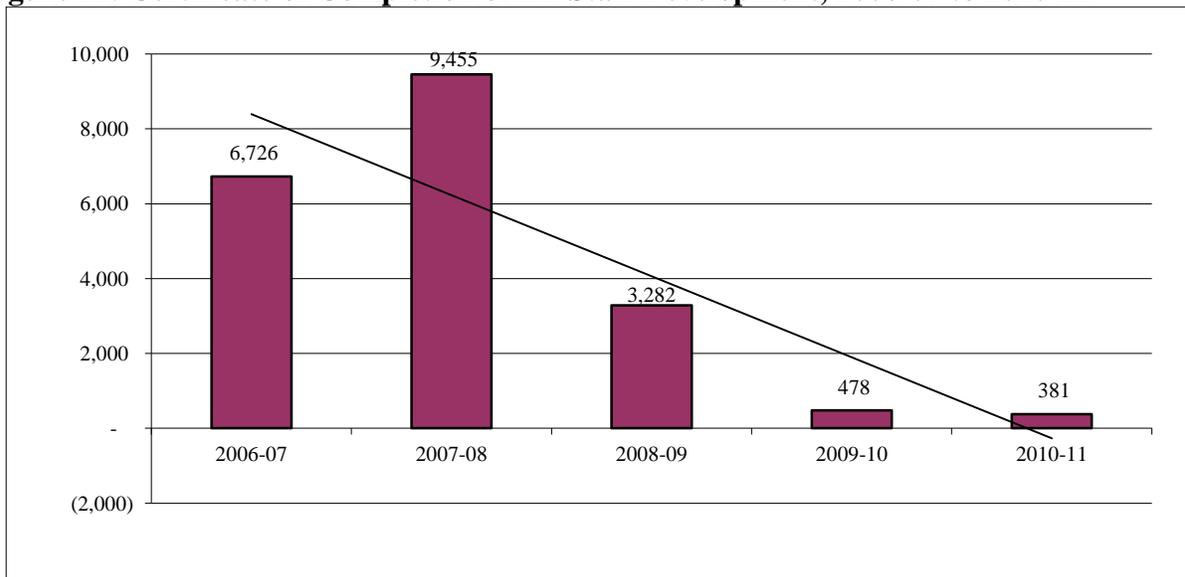

Senate Bill 1292 (Chap. 752, Stats. 2006) added section 44253.11 to the Education Code, which authorizes teachers with designated subjects career technical education and special subject teaching credentials or holders of service credentials with a special class authorization to be assigned to provide SDAIE to English learners based on completion of a staff development program. This bill did not include a sunset date for this population of teachers. For detailed data on all EL authorizations, please refer to Table 4 on page 30. CLAD and BCLAD permits and waivers requested by school districts are presented in Table 4B and 4C. Data on EL and bilingual misassignments by county is presented in Table 6A and 6B.

**Figure 12: Certificate of Completion of EL Staff Development, 2006-07 to 2010-11**

**Number of Permits and Waivers that are Not Compliant with the Highly Qualified Teacher Requirement in No Child Left Behind (NCLB)**

The NCLB Act defines a highly qualified teacher as one who holds a bachelor’s degree, a teaching credential issued by the State, and has established competency in the subject of the credential. There are a number of documents that an individual may hold that are not compliant with the NCLB Act. This section shows the numbers of Short-Term Staff Permits (STSP), Provisional Internship Permits (PIP), and Waivers that were issued in 2010-11. These documents are not compliant with the Highly Qualified Teacher (HQT) Requirement in the NCLB Act. HQT falls under authority of the State Board of Education and the California Department of Education.

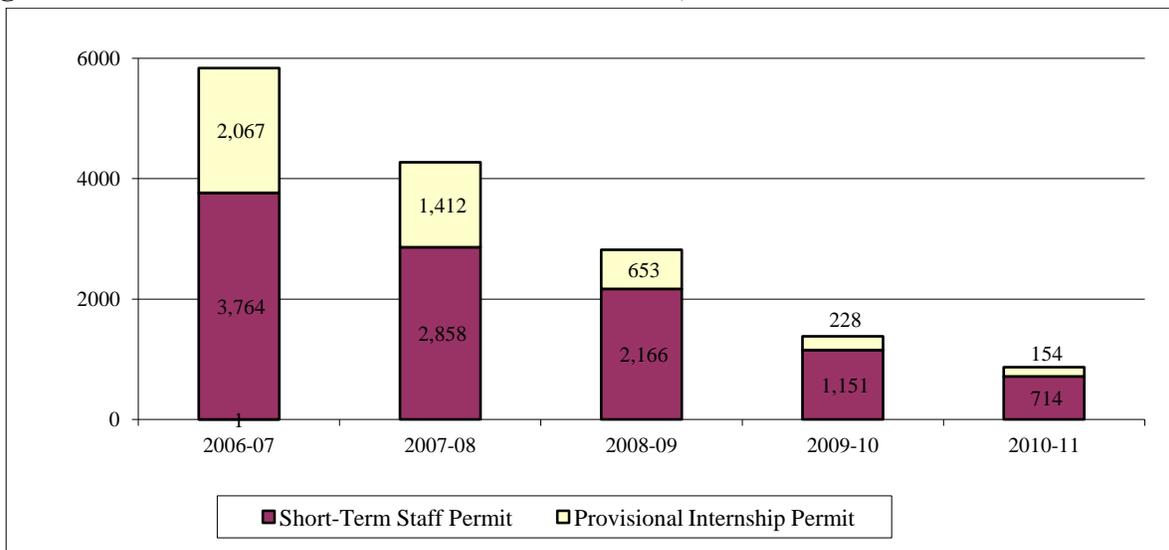

Overall, there is a declining trend in the total number of permits issued. No emergency teaching permits (Long Term) were issued since June 30, 2006. Two new documents began to be issued in

2005-06, the STSP and the PIP. The STSP allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully credentialed teacher could not be found. The PIP allows an employing agency to fill an immediate staffing need by hiring an individual who has not yet met the subject-matter competence requirement needed to enter an intern program. Overall, there was a decrease in permits by 37.1 percent between 2009-10 and 2010-11; with a decrease of 38 percent in the STSP and about 33 percent in the PIP.

**Table L: Number of STSP and PIP Permits Issued**

**Figure 13: Number of STSP and PIP Permits Issued, 2006-07 and 2010-11**

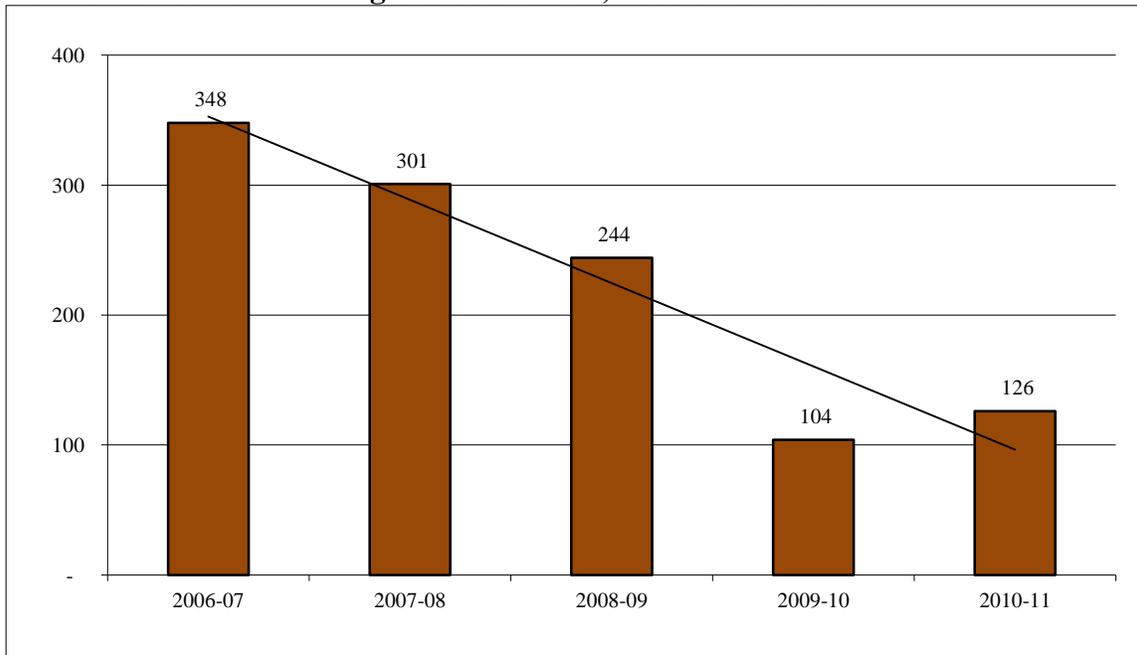

The number of credential waivers issued in 2010-11 increased by 21.2 percent between 2009-10 and 2010-11, as illustrated in Table M. Although there was an increase in the number of waivers in the past year, overall the number of waivers issued decreased by more than 200 waivers (about 64 percent) in the past five years.

**Number of Individuals Employed in Public Schools Holding Teaching Documents**

The following table shows the total number of individuals holding teaching documents who were employed in California public schools during fiscal years 2009-10 and 2010-11. The table also shows these numbers as a percentage of the total teaching staff<sup>1</sup>. Taking into account the total number of certificated teaching staff in California’s schools and the number of teaching permits issued, the percentage of teachers on permits has decreased from 0.5 percent in 2009-10 to 0.3 percent in 2010-11.

## **Summary**

Fiscal year 2010-11 saw the number of individuals initially earning a California teaching credential decrease by about 7 percent (Table A). This is the seventh straight year in which the total number of initial teaching credentials issued has decreased. The number of credentials issued declined for all three routes – California IHE Prepared (-4.3%), District Intern (-5.6%) and teachers prepared out-of-state (-16.3%).

There is a slight increase for the number of Education Specialist credentials issued by California IHEs (Table B). Also, there is an increase in the number of multiple subject credentials recommended by District Intern programs (Table C) and multiple subject credentials issued to teachers prepared out-of-state (Table D).

The number of individuals taking Commission-owned examinations to meet the basic skills requirement decreased by 20 percent over the previous fiscal year (Table J). There was a decrease of 20 percent for candidates who enrolled in intern programs (Table F). The number of candidates enrolled in teacher preparation programs declined for the ninth consecutive year (Table I).

There has been a steady decrease in teaching permits (Provisional Internship Permit and Short Term Staff Permit) issued in the past five years (Table L). The number of permits decreased by 37 percent between 2009-10 and 2010-11. Permits constituted only 0.3 percent of the total teaching documents issued.

Overall, in the public schools there was about a 1 percent (0.4%) increase in fully-credentialed teachers as a proportion of all those teaching in the public schools (Table N). Fully-credentialed teachers represented 98.7 percent of all California public school teachers in 2010-11, up from 98.3 percent in 2009-10.

## Education Code Reporting Requirements–Table Numbers and Page Numbers

**44225.6. Annual report on teacher availability relative to credentials, internships, and emergency permits; contents; public access to report on Web site.**

By April 15 of each year, the commission shall report to the Legislature and the Governor on the availability of teachers in California. This report shall include the following information:

**Multiple Subject, Single Subject, and Education Specialist Teaching Credentials**  
**Issued July 1, 2010 to June 30, 2011**  
**Number of First Time/New Type Documents Issued Upon Recommendation**

The following table summarizes the numbers of documents issued between July 1, 2010 and June 30, 2011 upon the recommendation of a California Institution of Higher Education with a Commission-accredited credential program. The numbers include individuals for whom this is their initial certification (First Time) and individuals who previously held another type of certification such as an intern credential or emergency permit (New Type). The numbers are broken down by the credential area and the type of recommending institution.

*Note: Under SB 2042 and the credentialing of teachers of special education, the English Learner (EL) authorization is embedded in the SB 2042 program. A separate document is not issued. All SB 2042 and special education documents include EL authorization.*

This table compares the number of teaching credentials to permits (short-term staff and provisional internship) issued for multiple subject, single subject, and special education authorizations. The credential numbers include documents for individuals who were recommended by a California institution and individuals who completed a credential program outside of California. These data are presented for comparison purposes only. No inference may be made regarding the shortage or surplus of teachers for specific credential areas as information was not available regarding the numbers of teaching positions in each credential area, numbers of credential holders currently serving in schools, or the availability of newly credentialed teachers for vacant positions in schools. The number of subject areas on the single subject and special education credentials and permits is more than the total number of documents issued as some individuals qualified for more than one subject authorization on their document.

## Appendix

### Types of Teaching Credentials and Permits in this Report

This report provides information regarding certification documents obtained by individuals who have completed preparation programs as well as licensing documents available to individuals who are in the process of completing such programs. It is helpful to understand the requirements for each type of certification. The following pages list the requirements for all the types of documents referenced in this report.

#### Clear Teaching Credentials

To earn a Clear Multiple or Single Subject Teaching Credential through a California postsecondary institution, the candidate must complete the following current requirements:

1. A baccalaureate or higher degree from a regionally accredited college or university;
2. Passage of the California Basic Educational Skills Test (CBEST);
3. Verification of subject matter competence by passage of an appropriate examination(s) or completion of a program of subject matter coursework through an institution with an approved program;
4. A course or examination in the principles of the United States Constitution;
5. A professional teacher preparation program including student teaching;
6. A course in reading instruction as a part of developing English language skills;
7. Passage of the Reading Instruction Competence Assessment (RICA) for the Multiple Subject Teaching Credential;
8. A fifth year of study consisting of 30 semester units beyond the bachelor's degree in a defined field of study designed to improve the teacher's competence and skills;
9. A course in health education including nutrition, the physiological and sociological effects of abuse of alcohol and narcotics and the use of tobacco, and training in cardiopulmonary resuscitation;
10. Coursework in the laws, methods and requirements for providing educational opportunities to individuals with exceptional needs in the regular classroom; and
11. Coursework in computer education which includes general and specialized skills in the use of computers in educational settings.

In Senate Bill 2042 (Alpert, Mazzoni), Chapter 548, Statutes of 1998, the Legislature recently acted to streamline and consolidate this fragmented list of current credential requirements. As a consequence, the fifth year of study is being replaced by intensive induction programs such as BTSA, and the last three items are being folded into preparation and induction programs by the Commission. Meanwhile, prospective teachers receive preliminary teaching credentials as soon as they complete the first seven requirements above.

A candidate for the Clear Education Specialist Instruction Credential must complete the following requirements:

1. requirements 1 through 7, and 9 and 11 described above;
2. an individualized induction plan designed by the teacher in collaboration with the employing agency and California college or university with an approved program; and
3. two years of successful experience in a public school (or private school of equivalent status).

## **Internship Teaching Certificates, Permits and Credential Waivers**

Education Code Section 44225.6 requires the Commission to provide data on each of the documents available for individuals to serve as teachers prior to completion of a full preparation program. Those documents include University Internship Credentials, District Internship Certificates, Provisional Internship Permits, Short-term Staff Permits, and Credential Waivers. Following is information regarding each of those licensure documents, including the requirements for each.

### **University Internship Credentials**

University Internship Credentials are issued to individuals who have enrolled in professionally accredited internship programs. These one- to two-year programs are administered by California colleges and universities in partnership with local school districts, and are designed to provide participants with classroom experience while they complete the coursework requirements for the preliminary or professional clear credential. University Internship Credentials authorize the holder to serve, under the supervision of an accredited institution and the holder's employer, in the area or subject listed on the credential.

Requirements for University Internship Credentials are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the California Basic Educational Skills Test (CBEST);
3. Completion of a U.S. Constitution course or examination;
4. Verification of subject matter competence by passage of the Commission-approved subject examinations for the subject(s) to be listed on the document or completion of a minimum of 4/5ths of the subject-matter program; and
5. Entry into a professionally accredited internship program.

The accredited internship *is* the professional preparation program for the teaching intern who qualifies for a Professional Clear Teaching Credential by completing the other requirements listed earlier.

### **District Internship Credential**

Districts that choose to offer a district internship program develop a professional development plan in consultation with an accredited institution that offers a teacher preparation program. The District Internship Certificate is issued for two years. During this two-year period the intern is required to complete the training, in-service, professional development and experience requirements as specified in the professional development plan. At the end of the two-year issuance of the certificate the district's governing board recommends to the Commission that the district intern be granted a professional clear teaching credential, provided all requirements have been met.

Requirements for initial issuance of a District Intern Credential are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the CBEST;
3. For the single subject authorization: a major or minor in the subject to be listed and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Commission-approved subject matter examinations for the subject(s) to be listed.
4. For the multiple subject authorization: appropriate subject matter coursework and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Praxis series Multiple Subjects Assessment for Teachers (MSAT);

5. Statement completed by the governing board of the employing agency verifying that the District Intern will be assisted and guided throughout the training period by a certificated employee.

### **Provisional Internship Permit**

The Provisional Internship Permit (PIP) was created in response to the phasing out of emergency permits and became effective on July 1, 2005. It allows an employing agency to fill an immediate staffing need by hiring an individual who has not yet met the subject matter competence requirement needed to enter an internship program. Prior to requesting a PIP, the employing agency must verify that a diligent search has been made, and a fully-credentialed teacher cannot be found.

The PIP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the PIP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The PIP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued two PIPs as long as the employer requirements have been met. Individuals who were issued five emergency permits do not qualify for the PIP.

Requirements for Initial Issuance:

1. Possession of a baccalaureate degree or higher from a regionally accredited college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST)
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for the Provisional Internship Permit (form CL-857) with each request for the Provisional Internship Permit:
  - A diligent search has been conducted for a suitable credentialed teacher or suitable qualified internship teacher. Diligent search must include, but is not limited to, distributing job announcements, contacting college and university placement centers, and advertising in print or electronic media. Copies of all recruitment efforts must be submitted with the application packet.
  - The employer has provided orientation, guidance and assistance to the permit holder
  - The employing agency will assist the permit holder in developing a personalized plan through an agency-defined assessment that would lead to meeting subject matter competence related to the permit
  - The employing agency will assist the permit holder to seek and enroll in subject matter training, such as workshops or seminars and site-based courses along with training in test-taking strategies and will assist the permit holder in meeting subject matter competence related to the permit
  - The candidate has been apprised of steps to earn a credential and enroll in an internship program
  - The employing agency will ensure a notice of intent to employ the applicant in the identified position has been made

Public school districts must present this notice to the governing board in a public meeting with a signed statement from the superintendent, or his or her designee, and verification that the item was acted upon favorably. This must be an action item on the agenda and not part of the consent agenda. A copy of the agenda item must be submitted with the application packet.

County offices of education, nonpublic schools, statewide agencies, and charter schools must submit a copy of the dated public notice that was posted 72 hours prior to the position being filled.

5. Submit an application ([form 41-4](#)), [appropriate fees](#), and if not previously submitted, a LiveScan receipt ([form 41LS](#))

### **Short-term Staff Permit**

The Short-Term Staff Permit (STSP) became available on July 1, 2005. Created in response to the phasing out of emergency permits, it allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully-credentialed teacher cannot be found.

The STSP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the STSP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The STSP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued a STSP. Individuals who were issued five emergency permits do not qualify for the STSP.

Requirements for Initial Issuance:

1. Possession of a baccalaureate degree or higher from a regionally-accredited college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST).
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for Short-Term Staff Permit ([form CL-859](#)) with each request:
  - Local recruitment efforts have been conducted for the STSP being requested
  - The employer has provided orientation to the curriculum and to techniques of instruction and classroom management to the permit holder
  - The employer has assigned a mentor teacher to the permit holder for the term of the STSP
  - Written justification for the STSP must be submitted to the Commission, signed by the employing agency's Superintendent or designee. In the case of a state certified nonpublic school, the school director's signature is required.
  - Submit an application ([form 41-4](#)), [appropriate fees](#), and if not previously submitted, a LiveScan receipt ([form 41LS](#))

### **Credential Waivers**

Credential waivers are utilized by county offices of education, school districts and non-public schools to fill certificated positions when individuals holding credentials or permits are unavailable. When an employing agency reviews its staffing needs and recruits for various positions, it first must attempt to fill a position with an appropriately credentialed employee. If a credentialed individual is not available, the employer must explore the feasibility of employing an individual in an internship capacity. If a university or district internship program is not available, the employer may request an emergency permit. When the employer is unable to find an individual who qualifies for the emergency permit, it then requests a credential waiver for the best qualified applicant available.

Credential waivers provide additional time for individuals to complete credential requirements or provide employing agencies with time to find an individual who either holds an appropriate credential or qualifies under one of the available assignment options. Waivers are generally issued for one calendar year and the individual on the waiver must demonstrate progress by completing an examination or coursework toward the credential before the employer may request a subsequent waiver.

### *General Criteria For All Waiver Requests*

Waiver requests must meet all of the following criteria:

- *Recruitment:* There is acceptable evidence that the employer has verified that they have attempted to recruit a fully credentialed individual for this assignment.
- *Credential Goal:* There is evidence that the waiver request is in a subject matter area known to have substantial shortages of credentialed personnel. This is determined by a periodic review of the number of waiver requests and emergency permits issued during the prior year. Currently, the established shortage areas are: special education including the resource setting, speech therapy, education for limited English proficient students, math and science instruction, reading instruction, driver education and training, library media services, and multiple subject instruction.
- *Qualifications:* There is acceptable evidence that the employing agency has provided sufficient information to explain why the applicant is the best available person for the position. Such information may include verification of the completion of a degree, CBEST, part or all of a professional preparation program, or related experience.
- *Assignment:* There is evidence that this person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.
- *Commitment:* There is acceptable evidence that the individual will have ongoing support and assistance provided by district personnel who hold a credential in the area of the waiver.
