Teachers Meeting Standards for Professional Certification in California Third Annual Report

Executive Summary

This report is provided in response to Assembly Bill 471 (Scott, Chapter 381, Statutes of 1999) signed by Governor Davis effective January 1, 2000. AB 471 requires that the California Commission on Teacher Credentialing report to the Governor and the Legislature each year on the number of teachers who received credentials, certificates, permits and waivers. The report includes the type and number of documents issued authorizing service to teach in California public schools or schools under public contract for fiscal year 1999-00.

Teaching Credentials

The following table lists the teaching credentials issued to individuals during fiscal year 1999-00 on the basis of a recommendation of a California Institution of Higher Education (IHE), a school district with an approved district internship program, or upon completion of an equivalent teacher preparation program from another state. The data represents those individuals who had not previously held any type of certification (first-time), or who had previously held another type of certification such as an emergency permit or other type of credential (new-type). For definition purposes, a multiple subject teaching credential authorizes service in a self-contained classroom such as classrooms in most elementary schools, while a single subject teaching credential authorizes service in departmentalized classes such as those in most middle and high schools, and the Education Specialist credential authorizes service in special day classes.

<u>Certification Route</u>	<u>Multiple Subject</u>	<u>Single Subject</u>	<u>Education Specialist</u>	<u>Totals</u>
California Institution of Higher Education Recommended	11,013	4,748	1,794	17,555
District Internships Recommended for Professional Clears	587	85	31	703
Out-of-state Prepared	1,918	1,658	288	3,864
Totals	13,518	6,491	2,113	22,122

Teacher Preparation Sources

California Institutions of Higher Education prepared by far the most teachers in 1999-00, but other sources such as school district programs accredited by the Commission and teachers prepared in other states contributed to the overall number. (Recent efforts to remove barriers to teachers prepared in other states have shown a positive effect and are anticipated to further increase the number of teachers recruited from other states.) The following chart shows the percentage of teachers prepared according to the preparation source. The second chart shows percentage of teachers prepared through the three California systems of higher education: California State University; University of California; and Independent Colleges and Universities.

Internship Credentials and Certificates

The following table lists the number of IHE internship credentials, district internship certificates, and pre-internship certificates issued during fiscal year 1999-00. Internship credentials are issued for two years and not renewable, while pre-internship certificates are issued for one year and may be renewed for one additional year. All internship documents are restricted to the employing agency.

<u>Certification Route</u>	<u>Multiple Subject</u>	<u>Single Subject</u>	<u>Education Specialist</u>	<u>Totals</u>
California Institution of Higher Education Internships	1,809	473	275	2,557
District Internships	710	126	19	855
Pre-Internship Certificates	2,987	760	395	4,142
Totals	5,506	1,359	689	7,554

Teaching Permits, and Waivers

The following table lists the number of emergency permits and waivers issued to individuals during fiscal year 1999-00. These documents are issued for one year or less and restricted to the employing agency. The data includes first-time, new-type, and reissuances.

<u>Certification Route</u>	<u>Multiple Subject</u>	<u>Single Subject</u>	<u>Education Specialist</u>	<u>Totals</u>
Emergency Permits	17,419	10,730	6,158	34,307
Waivers	300	525	1,895	2,720
Totals	17,719	11,255	8,053	37,027

Credentials Issued During Fiscal Year 1997-98 through 1999-00

The following tables give a three-year comparison of the number of credentials issued by type for fiscal years 1997-98 through 1999-00.

Total Teaching Credentials Issued per Fiscal Year by Type

	<u>1997-98</u>	<u>1998-99</u>	<u>1999-00</u>
Multiple Subject	15,774	15,650	16,037
Single Subject	6,798	6,950	7,090

District Internships	20	27	19
Out-of-state Prepared	325	359	288
Totals	2,161	2,599	2,407

Time Period of Data Provided

This report provides the required data for the reporting period of the full 1999-00 school year. Section 80440(c) of Title 5 of the California Code of Regulations allows the Commission to honor the requested issuance date of a credential provided that the application is submitted to the Commission no more than four months following that date. Further, Section 80443 allows the Commission 75 working days to process the application after it is received. For this reason, the school year of 1999-00 is the latest year for which complete reporting of the processed applications is available

Recent Legislation

Recent Legislation (SB 299, Scott, 2001, Chapter 342) changed the Commission's reporting date for this information from January 10 to April 15 each year. This allows the Commission to issue a more up-to-date report. The 2000-2001 data will be presented at the April Commission meeting.

The full report may be found on the Commission's web page at www.ctc.ca.gov under "Reports."

TABLE 1 (SUMMARY)
Multiple Subject, Single Subject, and Special Education Teaching Credentials
Issued July 1, 1999 to June 30, 2000
Number of First Time/New Type Documents Issued Upon Recommendation

This table summarizes the numbers of documents issued between July 1, 1999 and June 30, 2000 upon the recommendation of a California institution with a Commission-approved credential program. The numbers include individuals who obtained their initial certification (First Time) and individuals who previously held another type of certification such as an emergency permit or a credential in a different area (New Type). The numbers are broken down by the credential area and the type of recommending institution.

Table 4
Comparison of Credentials and Emergency Permits in Each Teaching Specialty Issued July 1, 1999 to June 30, 2000

This table compares the number of teaching credentials to emergency permits issued for multiple subject, single subject and special education authorizations. The credential numbers include documents for individuals who were recommended by a California institution and individuals who completed a credential program outside of California. These data are presented for comparison purposes only. No inference may be made regarding the shortage or surplus of teachers for specific credential areas as information was not available regarding the numbers of teaching positions in each credential area, numbers of credential holders currently serving in schools, or the availability of newly credentialed teachers for vacant positions in schools. The number of subject areas on the single subject and special education credentials and permits is more than the total number of documents issued as some individuals qualified for more than one subject authorization on their document.

Multiple Subject Documents

Table 6
Certificates, Permits and Waivers Requested by Counties and Agencies:
July 1, 1999 to June 30, 2000

This table provides information on the number of University Internships, District Internships, Pre-Internships, Emergency Permits and Credential Waivers issued to each county and district. The first two columns identify the county and agency. The "Agency Total" column provides the total number of each type of document and the grand total of documents issued for each agency. The "Credential Title" column breaks down the documents by document type (e.g. University Internship, Emergency Permit, etc.) and specific credential type (e.g. Multiple Subject, Education Specialist, etc.) for each agency. The "Cred Total" column identifies the total number of documents for each credential type. The "Subject" column breaks down the subjects listed on each credential type and the final column provides the number of documents for each subject that were issued for the employer.

Notes: CLAD = Crosscultural, Language and Academic Development authorization for teaching English as a Second Language and specialized academic instruction for limited English proficient (LEP) students.

BCLAD = Bilingual, Crosscultural, Language and Academic Development for teaching LEP students in the primary language.

Subject total may be higher than credential total as some individuals earned more than one authorization.

Appendix

Types of Teaching Credentials in this Report

This report provides information regarding certification documents obtained by individuals who have completed preparation programs as well as licensing documents available to individuals who are in the process of completing such programs. It is helpful to understand the requirements for each type of certification. Below is a list of the requirements for a Professional Clear Teaching Credential. Requirements for the other types of documents referenced in this report are provided subsequently.

Professional Clear Teaching Credentials

To earn a Professional Clear Multiple or Single Subject Teaching Credential through a California postsecondary institution, the candidate must complete the following current requirements:

- 1) A baccalaureate or higher degree from a regionally accredited college or university;
- 2) Passage of the California Basic Educational Skills Test (CBEST);
- 3) Verification of subject matter competence by passage of an appropriate examination(s) or completion of a program of subject matter coursework through an institution with an approved program;
- 4) A course or examination in the principles of the United States Constitution;
- 5) A professional teacher preparation program including student teaching;
- 6) A course in reading instruction as a part of developing English language skills;
- 7) Passage of the Reading Instruction Competence Assessment (RICA) for the Multiple Subject Teaching Credential;
- 8) A fifth year of study consisting of 30 semester units beyond the bachelor's degree in a defined field of study designed to improve the teacher's competence and skills;
- 9) A course in health education including nutrition, the physiological and sociological effects of abuse of alcohol and narcotics and the use of tobacco, and training in cardiopulmonary resuscitation;
- 10) Coursework in the laws, methods and requirements for providing educational opportunities to individuals with exceptional needs in the regular classroom; and
- 11) Coursework in computer education which includes general and specialized skills in the use of computers in educational settings.

In Senate Bill 2042 (Alpert, Mazzoni), Chapter 548, Statutes of 1998, the Legislature recently acted to streamline and consolidate this fragmented list of current credential requirements. As a consequence, the fifth year of study is being replaced by intensive induction programs such as BTSA, and the last three items are being folded into preparation and induction programs by the Commission. Meanwhile, prospective teachers receive preliminary teaching credentials as soon as they complete the first seven requirements above.

A candidate for the Professional Clear Education Specialist Instruction Credential must complete the following requirements:

- 1) requirements 1 through 7, and 9 and 11 described above;
- 2) an individualized induction plan designed by the teacher in collaboration with the employing agency and California college or university with an approved program; and
- 3) two years of successful experience in a public school (or private school of equivalent status).

Internship Teaching Certificates, Emergency Permits and Credential Waivers

Education Code Section 44225.6 requires the Commission to provide data on each of the documents available for individuals to serve as teachers prior to completion of a full preparation program. Those documents include University Internship Credentials, District Internship Certificates, Pre-Intern Certificates, Emergency Permits and Credential Waivers. Following is information regarding each of those licensure documents, including the requirements for each.

University Internship Credentials

University Internship Credentials are issued to individuals who have enrolled in professionally accredited internship programs. These one- to two-year programs are administered by California colleges and universities in partnership with local school districts, and are designed to provide participants with classroom experience while they complete the coursework requirements for the preliminary or professional clear credential. University Internship Credentials authorize the holder to serve, under the supervision of an accredited institution and the holder's employer, in the area or subject listed on the credential.

Requirements for University Internship Credentials

- (1) Completion of a baccalaureate or higher degree from a regionally accredited institution;
- (2) Verification of passage of the California Basic Educational Skills Test (CBEST);
- (3) Completion of a U.S. Constitution course or examination;
- (4) Verification of subject matter competence by passage of the Commission-approved subject examinations for the subject(s) to be listed on the document or completion of a minimum of 4/5ths of the subject-matter program; and

- (5) Entry into a professionally accredited internship program.

The accredited internship *is* the professional preparation program for the teaching intern who qualifies for a Professional Clear Teaching Credential by completing the other requirements listed on page 2.

District Internship Certificates

Districts that choose to offer a district internship program develop a professional development plan in consultation with an accredited institution that offers a teacher preparation program. The District Internship Certificate is issued for two years. During this two-year period the intern is required to complete the training, in-service, professional development and experience requirements as specified in the professional development plan. At the end of the two-year issuance of the certificate the district's governing board recommends to the Commission that the district intern be granted a professional clear teaching credential, provided all requirements have been met.

The requirements for initial issuance of a District Intern Certificate are:

- (1) Completion of a baccalaureate or higher degree from a regionally accredited institution;
- (2) Verification of passage of the CBEST;
- (3) For the single subject authorization: a major or minor in the subject to be listed and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Commission-approved subject matter examinations for the subject(s) to be listed.
For the multiple subject authorization: appropriate subject matter coursework and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Praxis series Multiple Subjects Assessment for Teachers (MSAT).
- (4) Statement completed by the governing board of the employing agency verifying that the District Intern will be assisted and guided throughout the training period by a certificated employee.

Pre-Intern Certificates

The Pre-Intern Teaching Program seeks to improve the effectiveness and retention of new teachers who have little or no experience or preparation and have not met the subject-matter competence requirement for entry into a credential program. The goal is to eventually replace the emergency permit system with funded formalized preparation for entry into internship programs or regular teacher preparation programs. The Pre-Internship Program focuses on subject matter preparation and development of basic skills in classroom management, student discipline and teaching methodologies.

The Pre-Intern Certificate is only available to participants in approved pre-internship programs conducted by school districts and county offices of

education based on grants to fund these programs by the State of California. The certificate authorizes service equivalent to that authorized by the related emergency permit.

The Pre-Intern Teaching Certificate is not available to individuals who have completed subject matter requirements for a teacher preparation program or individuals who have completed student teaching in an approved credential program.

General Requirements for the Pre-Intern Certificate

The applicant for the Pre-Intern Certificate must:

- (1) possess a baccalaureate or higher degree from a regionally accredited college or university; and
- (2) verify passage of the CBEST.

Specific Requirements for the Pre-Intern Certificate

Multiple Subject Teaching

The Multiple Subject Pre-Intern Teaching Certificate authorizes the holder to teach general subjects (self-contained) classes, such as those generally found in elementary schools. To qualify for this certificate must:

- (1) demonstrate intent to take the MSAT examination during the valid period of the certificate; and
- (2) verify the successful completion of at least 10 semester units of coursework at a regionally accredited institution with a grade of "C" or better in each of at least four of the following subject areas or at least 10 semester units of coursework in each of three subject areas and an additional 10 semester units in a combination of two of the remaining subject areas. The subject areas are as follows: language studies, history, literature, humanities, mathematics, the arts, science, physical education, social science and human development.

Single Subject Teaching

The Single Subject Pre-Intern Teaching Certificate authorizes the holder to teach the subject(s) listed on the certificate in departmentalized classes such as those normally found in high schools. Currently these certificates are available only in the subjects of mathematics, science and English. To qualify for this certificate the applicant must:

- (1) demonstrate intent to take the Commission-required examination(s) to verify knowledge of the subject(s) listed on the certificate during the valid period of the certificate; and
- (2) verify the successful completion of at least 18 semester units, or nine upper-division units of coursework completed at a regionally accredited institution with a grade of "C" or better in each subject to be listed on the certificate.

Emergency Permits

Emergency permits may be requested by employers when they are unable to locate enough fully credentialed teachers to meet employment needs. Emergency permits are valid for one year and authorize the holder to provide the same

service as a full teaching credential. Employers applying on behalf of individuals for any of these permits must verify that those individuals have met minimum requirements before the permits are issued. Some of these requirements are general to all types of emergency permits, while others are specific to the type of permit requested. All emergency permits require the holder to complete specific requirements while he or she holds the permit in order to be eligible for a reissuance of the emergency permit for another year. Emergency permits may be renewed for a maximum of five years.

General Requirements for All Emergency Permits

The applicant must verify that he or she possesses a baccalaureate or higher degree from a regionally accredited college or university, has passed the CBEST and has completed the specific requirements for the permit requested, as described next.

All employing agencies requesting emergency permits are required to file a Declaration of Need for Fully Qualified Educators. This Declaration is submitted each school year prior to the Commission issuing emergency permits to individuals employed by the agency. The employing agency states on the Declaration of Need its estimate of need for each type of emergency permit. The Declaration must be approved in a public meeting of the agency's governing board.

As a condition for employing emergency permit holders, the district must agree to provide permit holders with orientation, guidance and assistance including curriculum training, and effective techniques of classroom instruction and management. This training should occur prior to the individual being placed in a classroom. The emergency permit regulations also require the employing district to assign a certified and experienced educator to guide and assist the emergency permit holder. In addition, the certified and experienced educator must have at least three years of full-time classroom teaching experience. Emergency permits are valid for one year and restricted to the district requesting the permit.

Specific Requirements for Emergency Permits

In order to qualify for an emergency permit, an applicant must meet the general requirements listed above and requirements specific to the type of permit requested. Specific requirements are listed below by permit type:

Multiple Subject Emergency Teaching Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) The applicant must verify one of the following:
 - (a) passage of the Multiple Subject Assessment for Teachers (MSAT); or
 - (b) completion of at least 10 semester units of college course work in each of any four of the following subject areas: Language Studies, Literature,

History, Social Science, Mathematics, Science, Humanities, Art, Physical Education and Human Development.

Single Subject Emergency Teaching Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit.
- (2) The applicant must verify one of the following:
 - (a) passage of the examination(s) approved by the Commission to verify appropriate knowledge of the subject to be listed on the permit; or
 - (b) verification of at least 18 semester units, or 9 upper division or graduate semester units of college course work in the subject to be listed on the permit.

Emergency Education Specialist Instruction Permit

- (1) The applicant must provide written intent to complete the requirements for reissuance of the permit during the valid period of the permit; and
- (2) The applicant must verify one of the following:
 - (a) possession of a valid basic California teaching credential; or
 - (b) possession or eligibility for an out-of-state special education credential requiring a baccalaureate degree and preparation program; or
 - (c) a minimum of three years successful classroom experience working with special education students in a public or state-certified school; or
 - (d) a minimum of nine semester units in special education or in a combination of special education and regular education that are appropriate to a special education or regular education teaching credential. teacher preparation coursework.

Reissuance Requirements for Emergency Permits

Applicants must satisfy all of the following requirements:

- (1) For the first reissuance only, all of the following requirements must be satisfied:
 - (a) assistance has been provided; and
 - (b) obtain an evaluation by a Commission-accredited professional preparation institution identifying requirements the emergency permit holder must complete to be eligible for the related credential; and
 - (c) verify that holders of the Emergency Multiple or Single Subject Teaching Permits, or Emergency Education Specialist Instruction Permit have completed one of the following:
 - take the appropriate subject-matter examination(s) if the holder has not completed the subject matter knowledge requirement prior to applying for the permit; or
 - complete at least six semester units or nine quarter units of accredited course work (with a grade of "C" or better) in a Commission-accredited professional

preparation program or subject-matter program required for issuance of the related credential (The course work must be completed after the issuance date of the current permit and prior to the requested reissue date). The appropriate college or university must verify the course work; or

- complete a minimum of 90 hours of professional development activities that are directly related to the subject or class authorized by the emergency permit if the applicant is employed by an employing agency with a Plan to Develop Fully Qualified Educators which has been accredited by the Commission.
- (2) For all subsequent reissuances, both of the following requirements must be satisfied:
- (a) your employer must verify that guidance and assistance have been provided; and
 - (b) complete at least six semester units or nine quarter units of accredited course work (with a grade of "C" or better) in a Commission-accredited professional preparation program or subject-matter program required for issuance of the related credential. The appropriate college or university must verify the course work.
- (3) The employing agency must have an annual Declaration of Need for Fully Qualified Educators on file with the Commission.

Credential Waivers

Credential waivers are utilized by county offices of education, school districts and non-public schools to fill certificated positions when individuals holding credentials or permits are unavailable. When an employing agency reviews its staffing needs and recruits for various positions, it first must attempt to fill a position with an appropriately credentialed employee. If a credentialed individual is not available, the employer must explore the feasibility of employing an individual in an internship capacity. If a university or district internship program is not available, the employer may request an emergency permit. When the employer is unable to find an individual who qualifies for the emergency permit, it then requests a credential waiver for the best qualified applicant available.

Credential waivers provide additional time for individuals to complete credential requirements or provide employing agencies with time to find an individual who either holds an appropriate credential or qualifies under one of the available assignment options. Waivers are generally issued for one calendar year and the individual on the waiver must demonstrate progress by completing an examination or coursework toward the credential before the employer may request a subsequent waiver.

General Criteria For All Waiver Requests

Waiver requests must meet all of the following criteria:

- *Recruitment:* There is acceptable evidence that the employer has verified that they have attempted to recruit a fully credentialed individual for this assignment.
- *Credential Goal:* There is evidence that the waiver request is in a subject matter area known to have substantial shortages of credentialed personnel. This is determined by a periodic review of the number of waiver requests and emergency permits issued during the prior year. Currently, the established shortage areas are: special education including the resource setting, speech therapy, education for limited English proficient students, math and science instruction, reading instruction, driver education and training, library media services, and multiple subject instruction.
- *Qualifications:* There is acceptable evidence that the employing agency has provided sufficient information to explain why the applicant is the best available person for the position. Such information may include verification of the completion of a degree, CBEST, part or all of a professional preparation program, or related experience.
- *Assignment:* There is evidence that this person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.
- *Commitment:* There is acceptable evidence that the individual will have ongoing support and assistance provided by district personnel who hold a credential in the area of the waiver.
