# Teacher Supply in California, 2009-2010

## A Report to the Legislature

---

---

### Executive Summary

Determining teacher supply in California is essential for policy-makers as they analyze how current statutes and policies impact teacher recruitment, teaching incentives and teacher preparation. This report provides data collected by the Commission on Teacher Credentialing (Commission) and addresses several questions regarding the supply of teachers newly available to teach in California classrooms.

Assembly Bill 471 (Chap. 381, Stats. 1999; Ed Code 44225.6) requires the Commission report to the Governor and the Legislature each year on the number of teachers who received credentials, authorizations, permits and waivers. The report includes the type and number of documents issued authorizing service to teach in California public schools or schools under public contract for fiscal year 2009-10. The report incorporates the requirements of the legislation into a tool for policy makers and others interested in teacher supply.

This report is organized with the following headings:

- The Number of Teachers Earning Credentials
- The Types of Credentials Teachers Are Earning
- Preparation Through an Intern Delivery Model
- Paraprofessional Program
- Who Prepares California's Teachers?
- Are More People Considering a Teaching Career?
- Teachers Who Earned an English Learner Authorization Through Staff Development
- The Number of Permits and Waivers that are Not Compliant With The Highly Qualified Teacher Requirement in NCLB
- Number of Individuals Employed in Public Schools Holding Teaching Documents

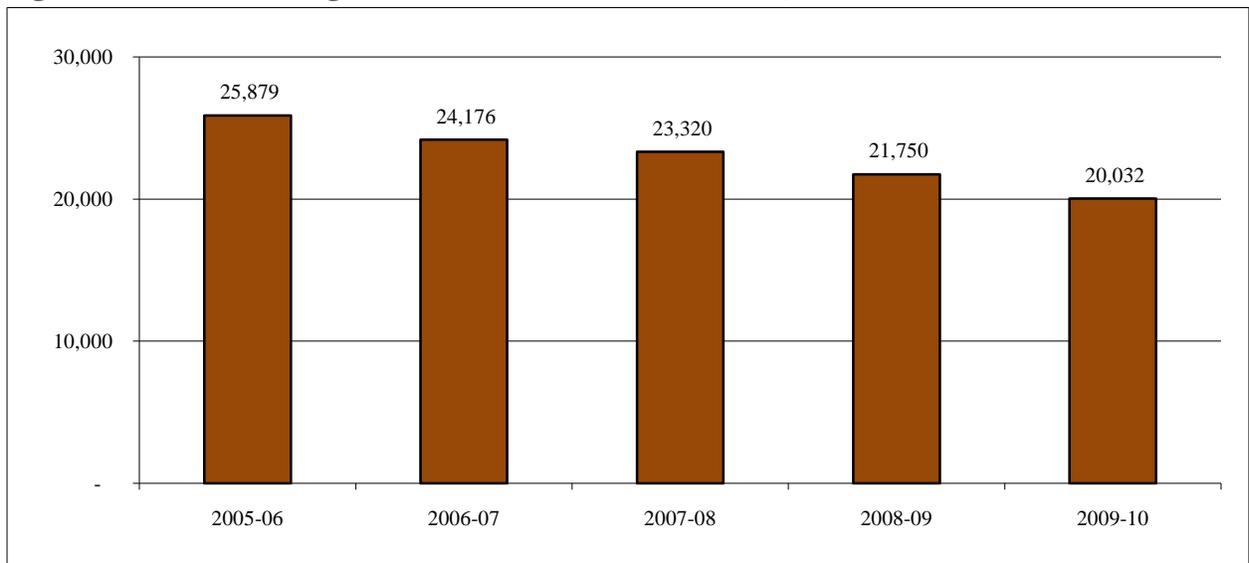

*In summary, in fiscal year 2009-10, California saw an 8 percent decrease in the number of newly credentialed teachers. This decrease is not across all three types of preliminary programs in that the number of new teachers in special education has risen slightly. The number of fully-credentialed teachers increased to 98.3 percent of all California public school teachers in 2009-10.*

## The Number of Teachers Earning Credentials

Teachers may earn a California teaching credential through a variety of programs offered by Institutions of Higher Education (IHE) or through intern programs offered by a school district, county office of education, or consortia of districts. All teacher preparation programs must meet the same high teacher preparation standards and be accredited by the Commission. Teachers prepared in other states have options for obtaining a California credential depending on their years of experience. Recent legislation has streamlined this process for out-of-state teachers.

Figure 1 shows the numbers of teachers initially earning a California teaching credential for fiscal years 2005-06 through 2009-10. The numbers reflect the number of teachers earning a new type of credential, which may not be their initial type of credential.

**Figure 1: Total Teaching Credentials Issued in California, 2005-06 to 2009-10**

The following tables show the types of teaching credentials earned in California through the various avenues – California IHE programs, school district programs, and teachers prepared in other states. The last column reports the percentage of change in teaching credentials issued between 2008-09 and 2009-10 and shows that the supply of newly credentialed teachers in 2009-10 decreased by 8 percent over the previous fiscal year.

There are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings. Multiple subject teaching credentials authorize service in self-contained classrooms such as classrooms in most elementary schools. Single subject teaching credentials authorize service in departmentalized classes such as those in most middle and high schools. Education specialist instruction credentials authorize service in special education settings and in resource programs for students with special needs. In every case, the last column of the tables report the percent change in credentials earned between 2008-09 and 2009-10.

### The Types of Credentials Teachers Are Earning

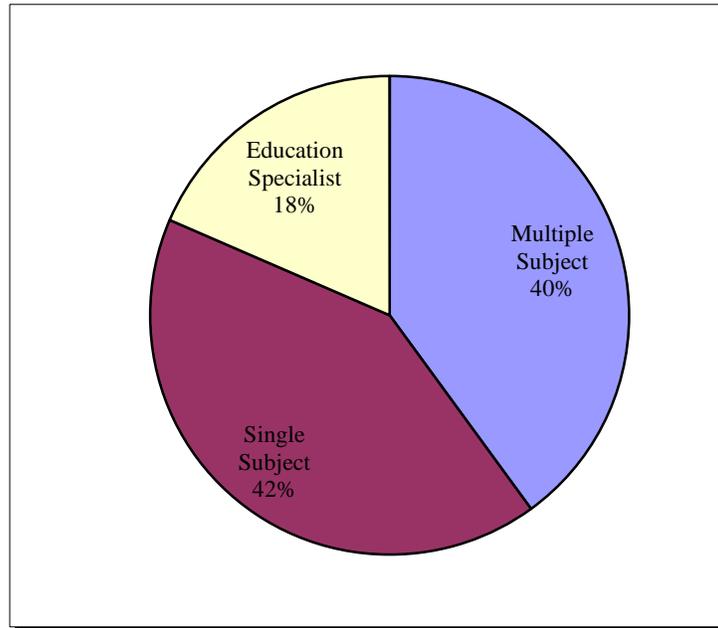

This report focuses on teaching credentials for California’s K-12 classrooms. As stated previously, there are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings: multiple subject teaching credentials, single subject teaching credentials, and education specialist credentials.

As shown in the table below, multiple subject teaching credentials comprised 40 percent of the total number of credentials issued in 2009-10 at 7,993. Single subject teaching credentials comprised almost 42 percent at 8,321, and education specialist teaching credentials comprised more than 18 percent of the total at 3,718.

**Table E: Number and Types of Basic Credentials Issued During 2009-10**

Multiple Subject	7,993	39.9%
Single Subject	8,321	41.5%
Education Specialist	3,718	18.6%
<b>Total</b>	<b>20,032</b>	<b>100.0%</b>

**Figure 5: The Distribution of Basic Credentials Issued in 2009-10**

**Preparation Through an Intern Delivery Model**

California offers great flexibility for individuals interested in becoming teachers. The traditional route to teaching includes a year of post-baccalaureate preparation courses including field experience and student teaching. The intern delivery model allows subject matter competent candidates to attend preservice and begin in a paid teaching position.

Many IHEs offering teacher preparation programs also offer an intern program while school district, county office of education, or consortia of districts may also offer teaching intern programs. All programs must meet the same standards and must be approved by the Commission. Each program must show how it prepares interns prior to their classroom experience and must show how interns are mentored and assessed in addition to providing continued teacher education courses and seminars.

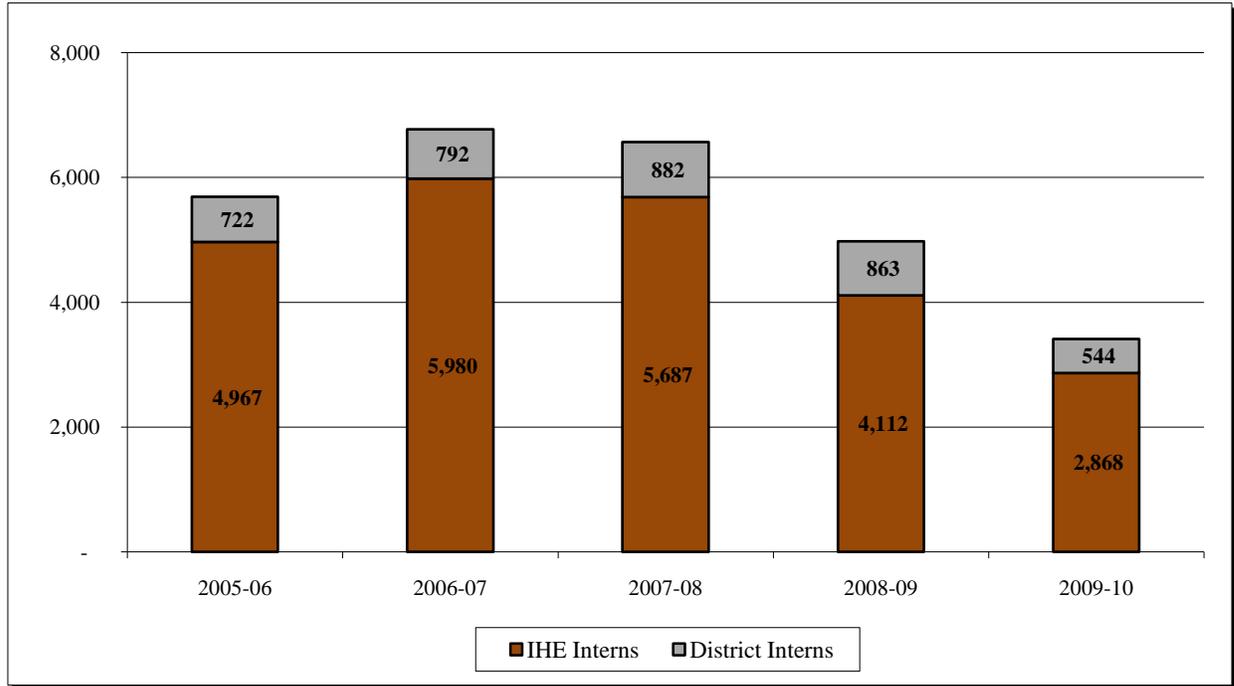

Table F shows the number of intern credentials issued in both IHE and school district programs over a five-year period. Overall, there was a 31.4 percent decrease between 2008-09 and 2009-10 in the total number of intern documents issued.

**Paraprofessional Program**

The paraprofessional teacher training program provides money for tuition and books, and offers academic support as participating classroom aides earn a college degree and complete a credentialing program. The paraprofessional program has been successful in moving participants into intern programs and on to obtaining full credentials. Though there was an increase in participants from 2005-06 to 2006-07, there has been a decline in participation in the program as fewer teaching positions become available. In addition, beginning with the 2009-10 year funding for the program has been included in the flexible funding that may be used for any educational purpose. There was a decrease of 26.8 percent between 2008-09 and 2009-10.

**Table G: Number of Paraprofessional Program Participants**

**Who Prepares California’s Teachers?**

California universities prepared 81 percent of the newly credentialed teachers in California during fiscal year 2009-10. Teachers prepared in other states who became credentialed in California comprised 18 percent of newly credentialed California teachers. The remaining 1 percent of teachers was prepared through school district intern programs.

### Are More People Considering a Teaching Career?

Tracking teacher preparation program enrollment can serve as a forecasting tool. Federal Title II regulations require all states to report data on teacher preparation. The enrollment data for all California IHE teacher preparation programs for the past five years follows. Due to new federal Title II data collection processes, enrollment data is not available by credential type starting with the 2008-09 year and in the future only total enrollment will be presented. 2009-10 data will not be available until May 2011.

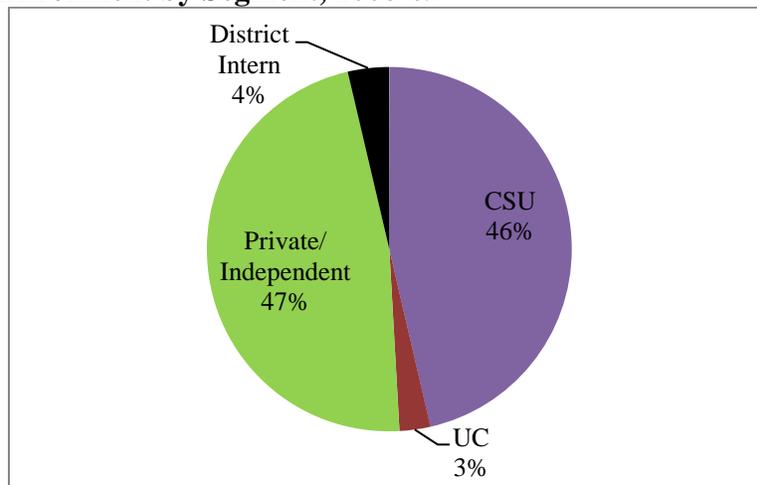

**Table J: Total Enrollment by Basic Credential Type and Fiscal Year**

	2004-05	2005-06	2006-07	2007-08	2008-09	% Change over 07-08

**Figure 10: Total Enrollment (Traditional and Alternative Routes), 2004-05 to 2008-09**

**Figure 11: Total Enrollment by Segment, 2008-09**

Total enrollment declined almost by 23,000 in the past five years. This is a decrease of 35 percent between 2004-05 and 2008-09. Total enrollment was down by 5.2 percent between 2007-08 and 2008-09. Nearly half (46%) the total enrollment in 2008-09 was from California State University system and the other half (47%) was enrolled in the Private/Independent sector. University of California enrolled 3 percent and District intern programs enrolled the remaining 4 percent.

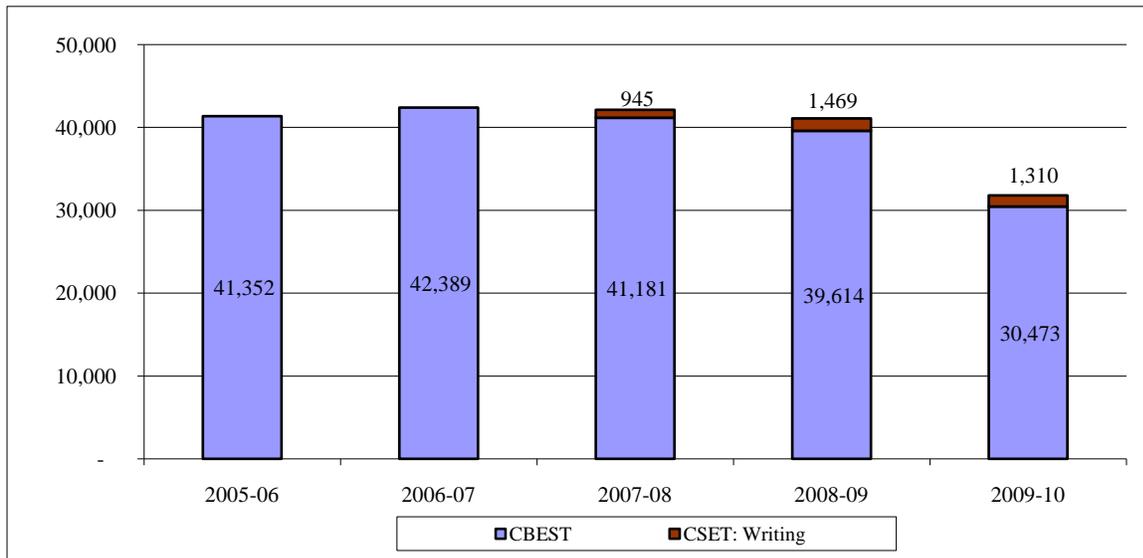

Historically another indicator of interest in teaching has been the number of individuals taking the California Basic Educational Skills Test (CBEST). This exam measures an individual’s basic competence in reading, writing and mathematics and was a prerequisite for all teaching and service credentials in California. Beginning in May 2007, an option became available for individuals to meet the Basic Skills Requirement in addition to passing the CBEST examination. Individuals interested in earning a Multiple Subject Teaching Credential could pass the California Subject Examinations for Teachers: Multiple Subjects (CSET:MS) plus an additional Writing Skills subtest. On January 1, 2009, other options to CBEST became available: passage of (1) the mathematics and English sections of the CSU Early Assessment Program (EAP) and (2) both the CSU placement exams – the English Placemat Test (EPT) and the Entry level Mathematics (ELM) test. Therefore, not all prospective teachers must pass the CBEST examination now.

Overall, the number of basic skills examinees decreased by 22.6 percent between 2008-09 and 2009-10. The Commission has no data on the number of individuals who satisfy the Basic Skills Requirement through the CSU Early Assessment Program or the Placement Tests.

**Table K: Number of Basic Skills Examinees**

**Teachers Who Earned an English Learner Authorization Through Staff Development**

The Certificate of Completion of Staff Development (CCSD) allows individuals to complete a staff development program to earn an authorization to provide Specially Designed Academic Instruction Delivered in English (SDAIE) to English learners (EL) within the subject matter content and grade level of the holder’s prerequisite credential. Assembly Bill 2913 (Chap. 169, Stats. 2004) established a sunset date of January 1, 2008 for the issuance of the CCSD to most teachers (Multiple Subject, Single Subject and Education Specialist). The decrease in SDAIE authorizations beginning in the 2008-09 year is due to the implementation of this bill.

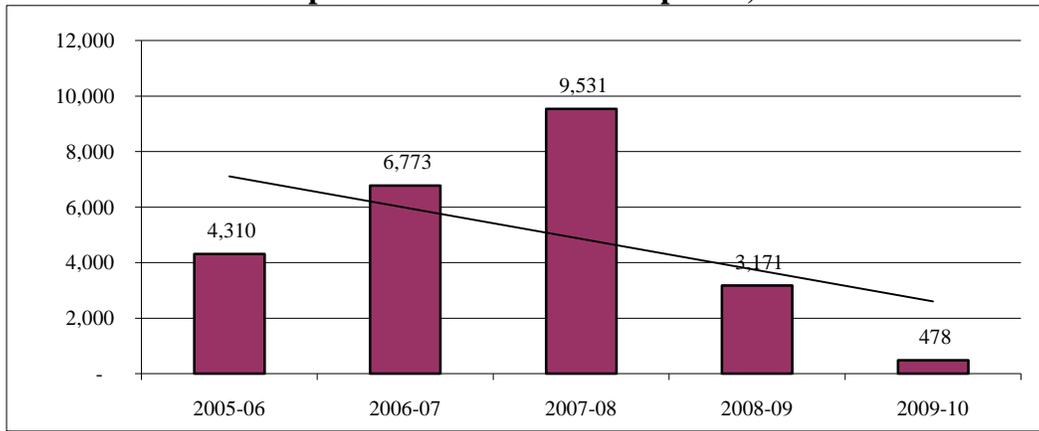

Senate Bill 1292 (Chap. 752, Stats. 2006) was signed by the Governor on September 29, 2006. The bill added section 44253.11 to the Education Code, which authorizes teachers with designated subjects career technical education and special subject teaching credentials or holders of service credentials with a special class authorization to be assigned to provide Specially Designed Academic Instruction delivered in English (SDAIE) to English learners based on completion of a staff development program. This bill did not include a sunset date for this population of teachers.

**The Number of Permits and Waivers That Are Not Compliant with the Highly Qualified Teacher Requirement in No Child Left Behind**

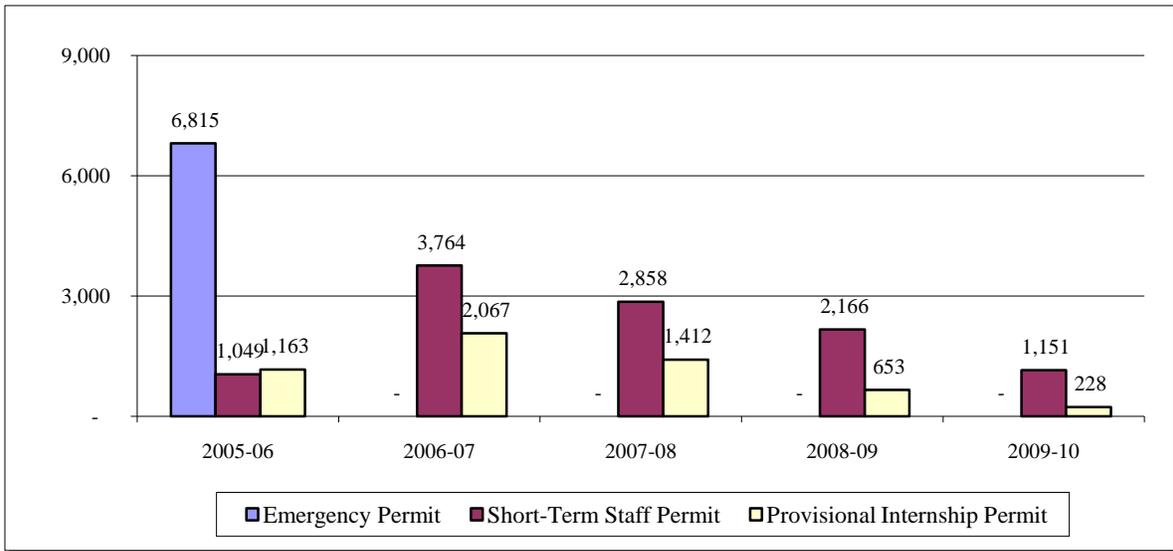

The NCLB Act defines a highly qualified teacher as one who holds a bachelor’s degree, a teaching credential issued by the State, and has established competency in the subject of the credential. There are a number of documents that an individual may hold that are not compliant with the NCLB Act. This section shows the numbers of Short-Term Staff Permits (STSP), Provisional Internship Permits (PIP), and Waivers that were issued in 2009-10. These documents are not compliant with the Highly Qualified Teacher (HQT) Requirement in the NCLB Act. HQT falls under authority of the State Board of Education and the California Department of Education.

Overall, there is a declining trend in the total number of permits issued. No emergency permits (with term Long Term) were issued in the past years. Two new documents began to be issued in 2005-06, the STSP and the PIP. The STSP allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully credentialed teacher could not be found. The PIP allows an employing agency to fill an immediate staffing need by hiring an individual who has not yet met the subject matter competence requirement needed to enter an intern program. Overall, there is a decrease in permits by 51.1 percent between 2008-09 and 2009-10; with a decrease of 47 percent in the STSP and about 65 percent in the PIP.

**Table M: Number of Permits Issued**

The number of credential waivers issued in 2009-10 decreased by 57.4 percent between 2008-09 and 2009-10 as illustrated in Table N.

## Number of Individuals Employed in Public Schools Holding Teaching Documents

The following table shows the total number of individuals holding teaching documents who were employed in California public schools during fiscal years 2008-09 and 2009-10. The table also shows these numbers as a percentage of the total teaching staff<sup>1</sup>. Taking into account the total number of certificated teaching staff in California's schools and the number of teaching permits issued, the percentage of teachers on permits has decreased from 1.0 percent in 2008-09 to 0.5 percent in 2009-010. Credential waivers accounted for less than 0.1 percent of the total certificated teaching force in 2009-10.

### Summary

Fiscal year 2009-10 saw the number of individuals initially earning a California teaching credential decrease by about 8 percent (Table A). This is the sixth straight year in which the total number of initial teaching credentials issued has decreased. Though there was a decrease of teaching credentials at the state-level, the number of teachers who were trained outside California increased by 2.2 percent between 2008-09 and 2009-10 (Table A).

The number of individuals taking the exams to meet the basic skills requirement decreased by 23 percent over the previous fiscal year (Table K). There was also a decrease of 27 percent in the Paraprofessional participants (Table G). There was a decrease of 31 percent for candidates who enrolled in the intern programs (Table F). The number of candidates enrolled in teacher preparation programs declined for the eighth consecutive year.

There is steady decrease in the teaching permits (Provisional Internship Permit and Short Term Staff Permit) as well as in the number of Waivers issued in the past five years (Table M). The number of permits decreased by 51 percent and Waivers by 57 percent between 2008-09 and 2009-10. Permits constituted only 0.5 percent and Waivers less than 0.1 percent of the total documents issued.

Overall, in the public schools there was almost a 1 percent (0.9%) increase in fully-credentialed teachers as a proportion to all those teaching in the public schools (Table O). Fully-credentialed teachers represented 98.3 percent of all California public school teachers in 2009-10, up from 97.4 percent in 2008-09.

This table compares the number of teaching credentials to permits (short-term staff and provisional internship) issued for multiple subject, single subject, and special education authorizations. The credential numbers include documents for individuals who were recommended by a California institution and individuals who completed a credential program outside of California. These data are presented for comparison purposes only. No inference may be made regarding the shortage or surplus of teachers for specific credential areas as information was not available regarding the numbers of teaching positions in each credential area, numbers of credential holders currently serving in schools, or the availability of newly credentialed teachers for vacant positions in schools. The number of subject areas on the single subject and special education credentials and permits is more than the total number of documents issued as some individuals qualified for more than one subject authorization on their document.

10. Coursework in the laws, methods and requirements for providing educational opportunities to individuals with exceptional needs in the regular classroom; and
11. Coursework in computer education which includes general and specialized skills in the use of computers in educational settings.

In Senate Bill 2042 (Alpert, Mazzoni), Chapter 548, Statutes of 1998, the Legislature recently acted to streamline and consolidate this fragmented list of current credential requirements. As a consequence, the fifth year of study is being replaced by intensive induction programs such as BTSA, and the last three items are being folded into preparation and induction programs by the Commission. Meanwhile, prospective teachers receive preliminary teaching credentials as soon as they complete the first seven requirements above.

A candidate for the Clear Education Specialist Instruction Credential must complete the following requirements:

1. requirements 1 through 7, and 9 and 11 described above;
2. an individualized induction plan designed by the teacher in collaboration with the employing agency and California college or university with an approved program; and
3. two years of successful experience in a public school (or private school of equivalent status).

## **Internship Teaching Certificates, Permits and Credential Waivers**

Education Code Section 44225.6 requires the Commission to provide data on each of the documents available for individuals to serve as teachers prior to completion of a full preparation program. Those documents include University Internship Credentials, District Internship Certificates, Provisional Internship Permits, Short-term Staff Permits, and Credential Waivers. Following is information regarding each of those licensure documents, including the requirements for each.

### **University Internship Credentials**

University Internship Credentials are issued to individuals who have enrolled in professionally accredited internship programs. These one- to two-year programs are administered by California colleges and universities in partnership with local school districts, and are designed to provide participants with classroom experience while they complete the coursework requirements for the preliminary or professional clear credential. University Internship Credentials authorize the holder to serve, under the supervision of an accredited institution and the holder's employer, in the area or subject listed on the credential.

Requirements for University Internship Credentials are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the California Basic Educational Skills Test (CBEST);
3. Completion of a U.S. Constitution course or examination;
4. Verification of subject matter competence by passage of the Commission-approved subject examinations for the subject(s) to be listed on the document or completion of a minimum of 4/5ths of the subject-matter program; and
5. Entry into a professionally accredited internship program.

The accredited internship *is* the professional preparation program for the teaching intern who qualifies for a Professional Clear Teaching Credential by completing the other requirements listed earlier.

### **District Internship Credential**

Districts that choose to offer a district internship program develop a professional development plan in consultation with an accredited institution that offers a teacher preparation program. The District Internship Certificate is issued for two years. During this two-year period the intern is required to complete the training, in-service, professional development and experience requirements as specified in the professional development plan. At the end of the two-year issuance of the certificate the district's governing board recommends to the Commission that the district intern be granted a professional clear teaching credential, provided all requirements have been met.

Requirements for initial issuance of a District Intern Credential are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the CBEST;
3. For the single subject authorization: a major or minor in the subject to be listed and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Commission-approved subject matter examinations for the subject(s) to be listed.
4. For the multiple subject authorization: appropriate subject matter coursework and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Praxis series Multiple Subjects Assessment for Teachers (MSAT);

5. Statement completed by the governing board of the employing agency verifying that the District Intern will be assisted and guided throughout the training period by a certificated employee.

### **Provisional Internship Permit**

The Provisional Internship Permit (PIP) was created in response to the phasing out of emergency permits and became effective on July 1, 2005. It allows an employing agency to fill an immediate staffing need by hiring an individual who has not yet met the subject matter competence requirement needed to enter an internship program. Prior to requesting a PIP, the employing agency must verify that a diligent search has been made, and a fully-credentialed teacher cannot be found.

The PIP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the PIP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The PIP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued two PIPs as long as the employer requirements have been met. Individuals who were issued five emergency permits do not qualify for the PIP.

Requirements for Initial Issuance:

1. Possession of a baccalaureate degree or higher from a regionally accredited college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST)
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for the Provisional Internship Permit (form CL-857) with each request for the Provisional Internship Permit:
  - A diligent search has been conducted for a suitable credentialed teacher or suitable qualified internship teacher. Diligent search must include, but is not limited to, distributing job announcements, contacting college and university placement centers, and advertising in print or electronic media. Copies of all recruitment efforts must be submitted with the application packet.
  - The employer has provided orientation, guidance and assistance to the permit holder
  - The employing agency will assist the permit holder in developing a personalized plan through an agency-defined assessment that would lead to meeting subject matter competence related to the permit
  - The employing agency will assist the permit holder to seek and enroll in subject matter training, such as workshops or seminars and site-based courses along with training in test-taking strategies and will assist the permit holder in meeting subject matter competence related to the permit
  - The candidate has been apprised of steps to earn a credential and enroll in an internship program
  - The employing agency will ensure a notice of intent to employ the applicant in the identified position has been made

Public school districts must present this notice to the governing board in a public meeting with a signed statement from the superintendent, or his or her designee, and verification that the item was acted upon favorably. This must be an action item on the agenda and not part of the consent agenda. A copy of the agenda item must be submitted with the application packet.

County offices of education, nonpublic schools, statewide agencies, and charter schools must submit a copy of the dated public notice that was posted 72 hours prior to the position being filled.

5. Submit an application ([form 41-4](#)), [appropriate fees](#), and if not previously submitted, a LiveScan receipt ([form 41LS](#))

### **Short-term Staff Permit**

The Short-Term Staff Permit (STSP) became available on July 1, 2005. Created in response to the phasing out of emergency permits, it allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully-credentialed teacher cannot be found.

The STSP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the STSP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The STSP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued a STSP. Individuals who were issued five emergency permits do not qualify for the STSP.

Requirements for Initial Issuance:

1. Possession of a baccalaureate degree or higher from a regionally-accredited college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST).
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for Short-Term Staff Permit ([form CL-859](#)) with each request:
  - Local recruitment efforts have been conducted for the STSP being requested
  - The employer has provided orientation to the curriculum and to techniques of instruction and classroom management to the permit holder
  - The employer has assigned a mentor teacher to the permit holder for the term of the STSP
  - Written justification for the STSP must be submitted to the Commission, signed by the employing agency's Superintendent or designee. In the case of a state certified nonpublic school, the school director's signature is required.
  - Submit an application ([form 41-4](#)), [appropriate fees](#), and if not previously submitted, a LiveScan receipt ([form 41LS](#))

### **Credential Waivers**

Credential waivers are utilized by county offices of education, school districts and non-public schools to fill certificated positions when individuals holding credentials or permits are unavailable. When an employing agency reviews its staffing needs and recruits for various positions, it first must attempt to fill a position with an appropriately credentialed employee. If a credentialed individual is not available, the employer must explore the feasibility of employing an individual in an internship capacity. If a university or district internship program is not available, the employer may request an emergency permit. When the employer is unable to find an individual who qualifies for the emergency permit, it then requests a credential waiver for the best qualified applicant available.

Credential waivers provide additional time for individuals to complete credential requirements or provide employing agencies with time to find an individual who either holds an appropriate credential or qualifies under one of the available assignment options. Waivers are generally issued for one calendar year and the individual on the waiver must demonstrate progress by completing an examination or coursework toward the credential before the employer may request a subsequent waiver.

### *General Criteria For All Waiver Requests*

Waiver requests must meet all of the following criteria:

- *Recruitment:* There is acceptable evidence that the employer has verified that they have attempted to recruit a fully credentialed individual for this assignment.
- *Credential Goal:* There is evidence that the waiver request is in a subject matter area known to have substantial shortages of credentialed personnel. This is determined by a periodic review of the number of waiver requests and emergency permits issued during the prior year. Currently, the established shortage areas are: special education including the resource setting, speech therapy, education for limited English proficient students, math and science instruction, reading instruction, driver education and training, library media services, and multiple subject instruction.
- *Qualifications:* There is acceptable evidence that the employing agency has provided sufficient information to explain why the applicant is the best available person for the position. Such information may include verification of the completion of a degree, CBEST, part or all of a professional preparation program, or related experience.
- *Assignment:* There is evidence that this person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.
- *Commitment:* There is acceptable evidence that the individual will have ongoing support and assistance provided by district personnel who hold a credential in the area of the waiver.
