Executive Summary: This agenda item presents the proposed amendments pertaining to Education Specialist Instruction Credentials for out-of-state and out-of-country credentialed teachers to align the regulations with statute.

Recommended Action: For information only

Presenter: Tammy A. Duggan, Assistant Consultant, Certification, Assignment and Waivers Division
Proposed Amendments to 5 California Code of Regulations Pertaining to Education Specialist Instruction Credentials for Out-of-State and Out-of-Country Credentialed Teachers

Introduction
The proposed amendments to Title 5 of the California Code of Regulations (CCR) will clarify and interpret the Education Code (EC) sections pertaining to the requirements for out-of-state and out-of-country credentialed teachers seeking Education Specialist Instruction Credentials in California.

Background
Title 5 §§80048.3.1 for out-of-state credentialed special education teachers was last amended in January 2000 and §80048.3.2 is a proposed new section for out-of-country credentialed special education teachers. Since January 2000, the Legislature has passed and the Governors have signed several major pieces of legislation affecting the issuance of California special education teaching credentials to out-of-state and out-of-country credentialed teachers and Commission staff has been relying on the language provided in statute when determining academic eligibility. However, it has become apparent that Title 5 regulations are required to clarify several requirements listed in EC §§44274.2 (out-of-state teachers) and 44275.4 (out-of-country teachers). Especially needed are the definitions for full-time teaching experience and performance evaluations, as well as clarification of the basic skills requirement and generic program requirements. The proposed regulations also include the requirement that out-of-state credentialed individuals earn a California English learner authorization to qualify for the clear or Level II credential as specified in EC §44274.2.

Proposed Amendments to Regulations
§80048.3.1
Title: Amendments to EC §44277 removed professional growth activities and successful service as renewal requirements for professional clear teaching credentials. As a result, the Commission discontinued issuance of “professional” clear credentials effective January 1, 2007.

Amendments to 5 CCR §§80048.3 and 80048.4 add sunset dates for Level I and Level II programs for California prepared special education teachers. The addition of 5 CCR §§80048.8 and 80048.8.1 created preliminary and clear programs and credentials for California prepared special education teachers. During the transition period for California programs from Level I/II to preliminary/clear, out-of-state credentialed teachers will initially be issued five-year Level I credentials. Individuals with two or more years of out-of-state teaching experience will be issued clear credentials upon completion of all renewal requirements. Individuals with less than two years of teaching experience may complete the requirements for the Level II credential or the clear credential.
The proposed amendments to the title of §80048.3.1 remove the words ‘preliminary’ and ‘professional’ from the credential title, as well as add ‘or’ between ‘Clear’ and ‘Level II’ to indicate the two credential options. The proposed amendments to the title of this section also remove the word ‘experienced’, as there is a route for individuals with two or more years out-of-state teaching experience and a route for individuals with less than two years of out-of-state teaching experience available to out-of-state credentialed teachers in EC §44274.2.

(a): EC §44274.2 provides two credential routes for out-of-state prepared teachers: one for individuals with two or more years of teaching experience and one for individuals with less than two years of teaching experience. The proposed amendments to (a) preface the route for individuals with two or more years of out-of-state teaching experience.

(a)(1): Deletes the word ‘preliminary’ to indicate that out-of-state credentialed teachers with two or more years teaching experience will be issued Level I credentials and amends the references to subdivisions ‘(1) through (7)’ to ‘(A) through (G)’ due to the addition of the new language in subdivision (a).

(a)(1)(A): Statutes in effect from September 1998 to October 2000 allowed for the issuance of a five-year Level I credential to individuals with five or more years of appropriate out-of-state teaching experience in the disability area sought. The experience route available to out-of-state credentialed teachers in EC §44274.2(c) requires two years of out-of-state teaching experience in any area (elementary, secondary, and/or special education). The proposed amendments to this subdivision change ‘five’ to ‘two’ in relation to the years of required teaching experience, adds the word ‘earned’ to clarify the teaching experience requirement, and adds ‘U.S. territory’ to allow individuals residing in U.S. territories who have acceptable teaching experience to apply via the experience route. Current statute no longer restricts the out-of-state teaching experience to the disability area of the credential sought in California; therefore, the proposed amendments delete reference to this previous requirement. Re-letters subdivision from (a)(1) to (a)(1)(A) due to the addition of the new language in (a).

(a)(1)(B): EC §44274.2(c) requires submission of two performance evaluations from separate years of the verified out-of-state teaching experience in a manner prescribed by the Commission. The word ‘rigorous’ has been deleted from this section to align with the language of EC §44274.2(c). Re-letters subdivision from (a)(2) to (a)(1)(B) due to the addition of the new language in (a).

(a)(1)(C): An out-of-state prepared teacher must provide verification that he/she earned a professional level teaching credential in another state to qualify for a California teaching credential under current statute, but the credential does not need to be valid at the time of application. The proposed amendments to this subdivision remove the word ‘valid’ and add ‘professional level’ to clarify the type of out-of-state certification necessary to qualify for the Level I credential. Adds ‘U.S. territory’ to allow individuals residing in U.S. territories to apply via the experience route and deletes the reference to a comparable authorization that will be clarified in subdivision (c)(5).
EC §44274.2(a)(4) authorizes the commission to determine the area of concentration for a Level I credential based on the special education program completed outside California. However, many states offer ‘generic’ special education programs that result in the issuance of out-of-state credentials with authorizations such as “Cross-Categorical Special Education,” “Generic Special Education,” or simply “Special Education.” Such programs include coursework covering a wide variety of special education specialty areas and are most closely related to the Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education specialty areas available in California. The proposed amendments to this subdivision allow individuals with generic programs/credentials to apply for the Level I credential in one of the aforementioned specialty areas, but they shall be required to complete an equivalent Level I or preliminary program prior to the issuance of the clear credential. The methods for verifying completion of an equivalent program are provided in subdivision (c)(2).

Level I credentials in the low-incidence specialty areas of Deaf and Hard-of-Hearing, Physical and Health Impairments, and Visual Impairments will not be issued to individuals with generic out-of-state programs. The low incidence specialty areas require specialized training that is not generally included in generic special education programs.

Re-letters subdivision from (a)(3) to (a)(1)(C) due to the addition of the new language in (a).

(a)(1)(D): With the prevalence of alternative teacher preparation programs, the proposed amendments delete the reference to the student teaching requirement for the out-of-state program and adds the completion of a state-approved program offered by a local educational agency option to align with the language provided in EC §44274.2(a)(2). Deletes the language requiring that the program be in the disability area of the California credential sought and approval by the state agency where the program was completed. The current statute does not specify that the program must be in the disability area of the California credential sought or that the credential must be issued by the state in which the program was completed. Re-letters subdivision from (a)(4) to (a)(1)(D) due to the addition of the new language in (a).

(a)(1)(E): Re-letters subdivision from (a)(5) to (a)(1)(E) due to the addition of the new language in (a).

(a)(1)(F): Employment as a special education teacher is not required by statute or to qualify for the clear credential. Therefore, the proposed amendments delete the language requiring employment as a special education teacher and the option of obtaining a Certificate of Eligibility. Adds language requiring submission of an application form, processing fee, and fingerprint clearance. Re-letters subdivision from (a)(6) to (a)(1)(F) due to the addition of the new language in (a).

(a)(1)(H): EC §44252 allows for additional options to passage of the California Basic Educational Skills Test (CBEST) to satisfy the basic skills requirement. The proposed amendments update the basic skills requirement language to match and align with statute, deletes reference to a one-year non-renewable credential, and explains that individuals who meet all requirements for the preliminary except the basic skills requirement may be issued the five-year
Level I credential. Individuals issued a preliminary prior to satisfying the basic skills requirement must satisfy the requirement within one year of the issue date for the five-year Level I or the document will become invalid. Re-letters subdivision from (a)(7) to (a)(1)(G) due to the addition of the new language in (a).

(a)(2): Amendments to EC §44277 removed professional growth activities and successful service as renewal requirements for professional clear teaching credentials. As a result, the Commission has been issuing clear credentials since January 1, 2007. The proposed amendments to this subdivision remove the words ‘professional’ and ‘Level II’ to reflect that individuals who qualify with two or more years of out-of-state teaching experience will be issued clear credentials upon completion of all requirements. Adds reference to the subdivisions that list the requirements for the Level I credential for clarity and deletes ‘are both of the following’ as there are more than two requirements for the clear credential. Re-letters section (b) to subdivision (a)(2).

(a)(2)(A): The amendments to EC 44274.2 make it possible for an individual to qualify for a clear credential on initial application if all requirements are met. Therefore, the proposed amendments to this subdivision delete the requirement that an individual first be issued a Level I credential and add the requirement that an individual earn a California English learner authorization to qualify for the clear credential. The word ‘and’ has been removed from the end of the subdivision because there are more than two requirements for the clear credential. Re-letters subdivision (b)(1) to (a)(2)(A).

(a)(2)(B): Prior statute associated with the five-year experience route required completion of a Commission-approved Level II program to qualify for the Level II credential. The proposed amendments to this subdivision delete the Level II program requirement and preface the two options for the clear credential available under current statute. Re-letters subdivision (b)(2) to (a)(2)(B).

(a)(2)(B)1: Adds new subdivision to explain that a master’s degree or higher in a field related to the credential, or the equivalent number of graduate-level semester units, is one of the options available to qualify for the clear credential via the experience route.

(a)(2)(B)2: Adds new subdivision to explain that completion of 150 clock hours of professional activities is one of the options available to qualify for the clear credential via experience route.

(a)(2)(C): Adds new subdivision to clarify that an individual may apply for a clear credential with his/her initial application as long as all requirements listed in section (a) are met and the individual has not previously been issued a Level I credential. Further clarifies that an individual who meets all requirements for the clear credential except the basic skills requirement will be issued a five-year Level I credential.

(a)(2)(D): Adds new subdivision to require submission of an application form and processing fee for issuance of the clear credential.
(b): EC §44274.2 provides two credential routes for out-of-state prepared teachers: one for individuals with two or more years of teaching experience and one for individuals with less than two years of teaching experience. The proposed amendments to (b) preface the route for individuals with less than two years of out-of-state teaching experience.

(b)(1): Adds new subdivision to preface and reference the requirements for the Level I credential for out-of-state credentialed teachers with less than two years of teaching experience.

(b)(1)(A): Requires possession of a professional level special education teaching credential issued by another state or U.S. territory and clarifies the requirements for individuals with generic programs.

EC §44274.2(a)(4) authorizes the commission to determine the area of concentration for a Level I credential based on the special education program completed outside California. However, many states offer ‘generic’ special education programs that result in the issuance of out-of-state credentials with authorizations such as “Cross-Categorical Special Education,” “Generic Special Education,” or simply “Special Education.” Such programs include coursework covering a wide variety of special education areas and are most closely related to the Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education specialty areas available in California. The proposed language in this subdivision allow individuals with generic programs/credentials to apply for the Level I credential in one of the aforementioned specialty areas, but they shall be required to complete an equivalent Level I or preliminary program prior to the issuance of the clear credential. The methods for verifying completion of an equivalent program are provided in subdivision (c)(2).

Level I credentials in the low-incidence specialty areas of Deaf and Hard-of-Hearing, Physical and Health Impairments, and Visual Impairments will not be issued to individuals with generic out-of-state programs. The low incidence specialty areas require specialized training that is not generally included in generic special education programs.

(b)(1)(B): Clarifies the teacher preparation program requirement.

(b)(1)(C): Clarifies the degree requirement.

(b)(1)(D): Lists the application, fee, and fingerprint requirements.

(b)(1)(E): Clarifies the basic skills requirement.

(b)(2): Adds new subdivision to preface and reference the requirements for the clear or Level II credential for individuals with less than two years of out-of-state teaching experience. Amendments to 5 CCR §§80048.3 and 80048.4 add sunset dates for Level I and Level II programs for California prepared special education teachers. The addition of 5 CCR §§80048.8 and 80048.8.1 created preliminary and clear programs and credentials for California prepared special education teachers. During the transition period for California programs from Level I/II...
to preliminary/clear, out-of-state credentialed teachers with less than two years of teaching experience may complete the requirements for the Level II credential or the clear credential.

(b)(2)(A): Lists possession of a Level I credential as a requirement for the Level II or clear credential.

(b)(2)(B): Clarifies that an individual must earn a California English learner authorization to qualify for the Level II or clear credential.

(b)(2)(C): Prefaces the two program options required for the Level II or clear credential.

(b)(2)(C)1: Explains the program requirement for the Level II credential option.

(b)(2)(C)2: Explains the program requirement for the clear credential option.

(b)(2)(D): Requires recommendation from a Commission-approved program for the Level II or clear credential.

(b)(2)(E): Requires submission of an application form and processing fee for issuance of the Level II or clear credential.

(c)(1): Amends subdivision to include out-of-state regionally-accredited private schools as appropriate employers for the experience route, adds ‘U.S. territories’ to clarify that individuals residing in U.S. territories may apply via the experience route, and deletes the reference to ‘state’ as related to the teaching experience since U.S. territories are not considered states. Also, deletes the requirement that the out-of-state credential be comparable to a California authorization since the current statute no longer requires that the out-of-state teaching experience be in the area of certification sought in California. Replaces the reference to ‘district or districts’ as related to the required experience letter with ‘out-of-state employer or employers’ because private schools are not considered districts.

(c)(2): Defines the generic special education authorizations term and specifies that individuals with generic authorizations may apply for Level I credentials in Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education. Also prefaces the three options an individual may utilize to verify completion of an equivalent program.

(c)(2)(A): Explains that verification of student teaching in the specialty area sought is program equivalency option for individuals who completed generic programs.

(c)(2)(B): Explains that verification of two years of full-time teaching experience in the specialty area sought is a program equivalency option for individuals who completed generic programs.

(c)(2)(C): Explains that individuals who completed generic programs have the option of completing a Commission-approved Level I or preliminary program.
(c)(3): EC §44274.2(b) requires submission of two performance evaluations from separate years of the verified out-of-state teaching experience in a manner prescribed by the Commission. The proposed amendments delete the word ‘rigorous’ to align with the language of EC §44274.2(b). Re-letters subdivision to (c)(3) due to the addition of the proposed language in (c)(2).

(c)(3)(A): Replaces the word ‘must’ with ‘may’ to indicate that the definition provided for the performance evaluations should be used as a guide. Also, deletes the language stating that an individual would not qualify under the section if all performance areas were not covered in the evaluations and requiring submission of an evaluation authenticity letter. Specific areas and an evaluation authenticity letter are not required in EC §44274.2(c).

(c)(3)(B): Adds ‘U.S. territory’ to allow individuals residing in U.S. territories who have acceptable teaching experience to apply via the experience route. Deletes the language requiring that one of the performance evaluations be from the last two years of an individual’s verified experience because only two years of experience are required under the current experience route and the evaluation recency language is not included in EC §44274.2(c). Adds language explaining that an individual who cannot provide two performance evaluations or a supplemental letter from separate years of the verified out-of-state teaching experience will not qualify via the experience route.

(c)(4) through (c)(4)(F):Clarifies the 150 clock hours of activities option referenced in (a)(2)(B)2, by listing the six California Standards for the Teaching Profession, explaining how to record the activities, and stating who must approve the activities.

(c)(5): Adds subdivision to define the ‘professional level special education teaching credential’ term used throughout the proposed amendments to §80048.3.1.

(d): Deletes section due to the repeal of EC §44274 with the passage of Senate Bill (SB) 1209 (Chap. 517, Stats. 2006).

(e): Deletes section due to amendments to EC §44274.2 with the passage of Senate Bill (SB) 299 (Chap. 342, Stats. 2001).

Note: Adds EC §44253.3 pertaining to the English learner authorization and §§44339, 44340, and 44341 pertaining to fingerprint clearance to the reference section. Deletes §44274 due to the section’s repeal with the passage of SB 1209.

§80048.3.2
The proposed addition of this section outlines the requirements for Education Specialist Instruction Credentials issued to individuals who complete special education programs outside the United States.

(a): Prefaces the subdivisions listing the requirements for the five-year Level I Education Specialist Instruction Credential for individuals who complete special education programs outside the United States.
(a)(1): Clarifies the degree requirement for the Level I credential for individuals who complete special education programs outside the United States.

(a)(2): Clarifies the program requirement for individuals who complete special education teacher preparation programs outside California and prefaces the two possible program levels.

(a)(2)(A): Provides the definition for a comparable out-of-country special education program.

(a)(2)(B): EC §44275.4(b)(1) authorizes the commission to determine the area of concentration for a Level I credential based on the special education program completed outside the United States. However, most special education teachers prepared outside the United States complete ‘generic’ special education programs. Such programs include coursework covering a wide variety of special education specialty areas and are most closely related to the Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education specialty areas available in California. This subdivision provides the definition for a generic out-of-country special education program and that individuals with such programs may apply for a Level I credential in Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education. The subdivision further explains the methods for verifying completion of an equivalent Level I or preliminary program prior to issuance of the Level II or clear credential.

Level I credentials in the low-incidence specialty areas of Deaf and Hard-of-Hearing, Physical and Health Impairments, and Visual Impairments will not be issued to individuals with generic out-of-state programs. The low incidence specialty areas require specialized training that is not generally included in generic special education programs.

(a)(3): Requires submission of an application, processing fee, and fingerprint clearance for issuance of the Level I credential.

(a)(4): Clarifies the basic skills requirement.

(b): Prefaces the subdivisions listing the requirements for the five-year Level II or Clear Education Specialist Instruction Credential for individuals who complete special education programs outside the United States. Amendments to 5 CCR §§80048.3 and 80048.4 add sunset dates for Level I and Level II programs for California prepared special education teachers. Addition of 5 CCR §§80048.8 and 80048.8.1 created preliminary and clear programs and credentials for California prepared special education teachers. During the transition period for California programs from Level I/II to preliminary/clear, out-of-country credentialed teachers may complete the requirements for the Level II credential or the clear credential.

(b)(1): Clarifies the subject-matter competence requirement and exempts candidates for the specialty area of Early Childhood Special Education [reference 5 CCR §80048.3(a)(4)(B)].

(b)(2): Clarifies the reading methodology requirement and that individuals have the option of completing a course or of passing the Reading Instruction Competence Assessment (RICA) to satisfy the requirement.
(b)(3): Clarifies the U.S. Constitution requirement.

(b)(4): Clarifies the health education requirement.

(b)(5): Clarifies the computer-based technology requirement.

(b)(6): Clarifies the non-special education pedagogy course requirement.

(b)(7): Clarifies the supervised field experience in general education requirement.

(b)(8): Prefaces the two program options required for the Level II or clear credential.

(b)(8)(A): Explains the program and experience requirements for the Level II credential option.

(b)(8)(B): Explains the program for the clear credential option.

(b)(9): Requires recommendation from a Commission-approved program for the Level II or clear credential.

(b)(10): Requires submission of an application form and processing fee for issuance of the Level II or clear credential.

Note: Cites the Education Code authority and references sections.

Next Steps
The regulations will return at a future meeting as an action item to set a public hearing date.

CALIFORNIA CODE OF REGULATIONS
TITLE 5. EDUCATION
DIVISION 8. COMMISSION ON TEACHER CREDENTIALING

§ 80048.3.1. Specific Requirements for Preliminary Level I and Professional Clear or Level II Education Specialist Instruction Credential for Experienced Out-of-State Credentialed Teachers.

(a) The following pertains to individuals who have two years of appropriate teaching experience earned in a state or U.S. territory other than California.

(1) The minimum requirements for the five-year preliminary Level I Education Specialist Instruction Credential are all of the following, (1A) through (7G).

(1A) Five Two years of full-time teaching experience in the disability area of the credential sought and earned in a state or U.S. territory other than California.
(2B) Rigorous performance evaluations.

(3C) A valid professional level special education teaching credential from another state or U.S. territory, with a comparable authorization to the credential sought. Individuals with generic special education authorizations as defined in subdivision (c) may apply for the five-year Level I credential in Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education and shall be required to verify completion of an equivalent Level I or preliminary program as specified in subdivision (c)(2) prior to issuance of the Level II credential.

(4D) Completion of a teacher preparation program, including student teaching, taken at a regionally accredited institution of higher education or a state-approved teacher preparation program offered by a local educational agency and appropriate to the disability area of the credential sought. The program must be approved by the appropriate state agency in the state where the program was completed.

(5E) A baccalaureate or higher degree from a regionally accredited institution of higher education.

(6F) An offer of employment as specified in 80048.3(a)(8). An individual who has completed all other requirements (1) through (7) but does not have an offer of employment may apply for a Certificate of Eligibility as specified in 80048.3(a)(9). Submission of an application form as defined in §80001; the processing fee as specified in §80487; and fingerprint clearance pursuant to Education Code §44340.

(7G) Passage of the California Basic Educational Skills Test (CBEST) administered pursuant to Meet the basic skills requirement as described in Education Code §44252. A one-year nonrenewable Level I Education Specialist Instruction Credential may be issued to an applicant who has not passed the CBEST and has satisfied Individuals who meet the requirements in subdivisions subsections (a)(1)(A) through (a)(61)(F) above and Title 5 §80071.4(c) may be issued a five-year Level I credential, but must satisfy the basic skills requirement within one year of the date the credential is issued or the credential shall become invalid.

(b2) The following are the minimum requirements for the professional clear Level II Education Specialist Instruction Credential for an individual who meets the requirements specified in (a)(1)(A) through (a)(1)(G) are both of the following:

(4A) A five-year preliminary Level I Education Specialist Instruction Credential issued pursuant to subdivision (a)(1) Possession of a California English learner authorization issued pursuant to the requirements specified in Education Code §44253.3, and
(2B) Completion of all requirements for the professional clear Level II Education Specialist Instruction Credential, as specified in Title 5 §80048.4. Completion of either of the following:

1. A master’s degree or higher in a field related to the credential, or the equivalent number of graduate-level semester units, earned at a regionally accredited institution of higher education and verified by official transcript; or

2. Completion of 150 clock hours of activities addressing one or more of the six California Standards for the Teaching Profession (CSTP).

(C) An individual applying for the clear credential on initial application for California certification who has not previously been issued a Level I credential must satisfy the basic skills requirement as described in Education Code §44252. If all requirements specified in subdivisions (a)(1) and (a)(2) are met, other than the basic skills requirement, the individual will be issued a five-year Level I credential as described in (a)(1)(G).

(D) Submission of an application form as defined in §80001 and the processing fee as specified in §80487.

(b) The following pertains to individuals who have less than two years of appropriate teaching experience earned in a state or U.S. territory other than California.

(1) The minimum requirements for the five-year Level I Education Specialist Instruction Credential are all of the following, (A) through (E).

(A) A professional level special education teaching credential from another state or U.S. territory, with a comparable authorization to the credential sought. Individuals with generic special education authorizations as defined in subdivision (c) may apply for the five-year Level I credential in Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education and shall be required to verify completion of an equivalent Level I or preliminary program prior to issuance of the Level II or clear credential.

(B) Completion of a teacher preparation program taken at a regionally accredited institution of higher education or a state-approved teacher preparation program offered by a local educational agency.

(C) A baccalaureate or higher degree from a regionally accredited institution of higher education.
(D) Submission of an application form as defined in §80001; the processing fee as specified in §80487; and fingerprint clearance pursuant to Education Code §44340.

(E) Meet the basic skills requirement as described in Education Code §44252. Individuals who meet the requirements in subdivisions (b)(1)(A) through (b)(1)(D) may be issued a five-year Level I credential, but must satisfy the basic skills requirement within one year of the date the credential is issued or the credential shall become invalid.

(2) The following are the minimum requirements for the Level II or Clear Education Specialist Instruction Credential for an individual who meets the requirements specified in (b)(1)(A) through (b)(1)(E):

(A) A five-year Level I Education Specialist Instruction Credential issued pursuant to subdivision (b)(1).

(B) Possession of a California English learner authorization issued pursuant to the requirements specified in Education Code §44235.3.

(C) One of the following:

1. For the Level II credential, completion of the requirements specified in §§80048.4(a)(4) and (a)(5); or

2. For the clear credential, completion of the requirements specified in §80048.8.1.

(D) Recommendation from a Commission-approved Level II or clear Education Specialist Instruction Credential program as specified in Education Code §44227(b).

(E) Submission of an application form as defined in §80001 and the processing fee as specified in §80487.

(c) The following definitions apply to terms used in this section.

(1) Full-Time Teaching Experience: This is defined as teaching a minimum of 4 hours a day, unless the minimum statutory attendance requirement for the students served is less. Experience must be on a daily basis and for at least 75% of the school year. Experience may be accrued in increments of a minimum of one semester. No part-time or combination of teaching with other school employment will be accepted. All experience must be gained in public or regionally-accredited private schools in states or U.S. territories other than California while serving on that state's a valid teaching credential that is comparable to the authorization sought. Experience may be gained in more than one state or U.S. territory other than California. This experience must be
verified on the official letterhead of the district or districts out-of-state employer or employers by the superintendent, assistant superintendent, director of personnel, or director of human resources in which the teacher was employed. Experience from outside of the United States will not be considered.

(2) Generic Special Education Authorizations: This is defined as a teaching credential issued by another state or U.S. territory in a specialty area that is not comparable to an available California special education specialty area. An individual with a generic special education authorization may verify completion of an equivalent program for Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education by one of the following:

(A) Provide a letter from the out-of-state program sponsor verifying completion of student teaching in the specialty area sought; or

(B) Provide a letter verifying two or more years of full-time teaching experience in the specialty area sought earned at a public or regionally-accredited private school located in another state or U.S. territory; or

(C) Complete the equivalent of a Commission-approved Level I program as specified in §80048.3(a)(2) or a Commission-approved preliminary program as specified in §80048.8(a)(2) in the specialty area sought.

(23) Rigorous Performance Evaluations:

(A) The teaching effectiveness areas on the performance evaluations must may include, but are not limited to, all of the areas, 1. through 4., below. If these areas are not included in the evaluations, the individual may submit a supplemental letter, on district letterhead, signed by the individual’s principal or personnel officer in the district in which the evaluations took place. If an evaluation or supplemental letter cannot be obtained that includes all of the four areas, then the individual would not qualify under this section. Verification of the authenticity of the evaluation letters must be given in writing by a personnel officer in the district in which the evaluations took place.

1. The use of teaching strategies that motivates all students to engage in the learning process.

2. The ability to establish and maintain high standards for student behavior.

3. A demonstration of deep knowledge of the subject being taught and the use of appropriate instructional strategies that promote student understanding.

4. An ability to plan and implement a sequence of appropriate instructional activities.
(B) Evaluations of the teacher’s performance for at least two of the years of teaching experience from a state or U.S. territory other than California must be submitted with at least one evaluation within the last two years of the experience. If evaluations or a supplemental letter cannot be obtained, the individual will not qualify under section (a).

(C) Evaluation ratings must be satisfactory or better.

(4) California Standards for the Teaching Profession (CSTP): The 150 clock hours of CSTP activities may be satisfied by staff development, college course work or other activities related to the CSTP. When applying for the Level II credential, a written list of the activities including a justification stating how each of the activities relates to the CSTP must be attached. An individual at the central office of a public school district or county office of education, or at a public school site or a regionally accredited private school who is responsible for curriculum and instruction in the specialty area of the teacher’s credential must sign the written justification agreeing that the activities relate to the CSTP as stated. The following are the six CSTP areas:

(A) Engaging and supporting all students in learning.

(B) Creating and maintaining effective environments for student learning.

(C) Understanding and organizing subject matter for student learning.

(D) Planning instruction and designing learning experiences for all students.

(E) Assessing students for learning.

(F) Developing as a professional educator.

(5) Professional Level Special Education Teaching Credential. This is defined as a special education teaching credential issued by another state or U.S. territory that is, at a minimum, comparable to a California five-year Level I or preliminary Education Specialist Instruction Credential.

(d) An individual who has previously been issued a preliminary Level I Education Specialist Instruction Credential based on Education Code 44274 is not eligible for a credential issued under this section.

(e) An individual who has previously been issued a California preliminary Specialist Instruction Credential in Special Education is eligible for a credential issued under this section provided the following (1) and (2) are met.

(1) Verification of all provisions of (a), and
(2) If the individual has California public school teaching experience in the authorization of the credential sought, submission of the most recent rigorous performance evaluation.

(3) The credential will be valid five years from the date of application.

§ 80048.3.2 Specific Requirements for Level I and Clear or Level II Education Specialist Instruction Credential for Out-of-Country Credentialed Teachers.

(a) The minimum requirements for the five-year Level I Education Specialist Instruction Credential for individuals who complete special education programs outside the United States are:

(1) A baccalaureate or higher degree from a regionally accredited institution of higher education or the equivalent as specified in §80457(c) if completed outside the United States.

(2) Completion of a special education teacher preparation program, including student teaching, determined to be equivalent to a program completed at a regionally accredited institution of higher education in the United States as specified in §80457(c) and approved by the appropriate agency in the country where the program was completed at one of the following two levels:

   (A) Comparable program: This is defined as 24 semester units of special education course work with at least 12 of the 24 semester units, including student teaching, in the specialty area sought; or

   (B) Generic program: This is defined as 24 semester units of special education course work, including student teaching, that lacks focus in a specific specialty area. An individual with a generic program may apply for the Level I credential in Mild/Moderate Disabilities, Moderate/Severe Disabilities, or Early Childhood Special Education, but shall be required to verify completion of an equivalent Level I program as specified in §80048.3(a)(2) or preliminary program as specified in §80048.8(a)(2) prior to issuance of the Level II or clear credential.

(3) Submission of an application form as defined in §80001; the processing fee as specified in §80487; and fingerprint clearance pursuant to Education Code §44340.

(4) Meet the basic skills requirement as described in Education Code §44252. Individuals who meet the requirements in subdivisions (a)(1) through (a)(3) may be issued a five-year Level I credential, but must satisfy the basic skills requirement within one year of the date the credential is issued or the credential shall become invalid.
(b) The minimum requirements for the five-year Clear or Level II Education Specialist Instruction Credential for an individual who meets the requirements specified in (a)(1) through (a)(4) are:

(1) Subject-matter competence as specified in Education Code §§44280, 44281, 44282, and 44310. Candidates for the specialty area of Early Childhood Special Education are exempt from this subject-matter competence requirement.

(2) Methods of teaching reading course as specified in Education Code §44259(b)(4) or examination as specified in Education Code §44283.

(3) Verification of knowledge of the Constitution of the United States, as specified in Education Code §44335, by one of the means described in §80415.

(4) The study of health education as specified in Education Code §44259(c)(4)(A).

(5) Computer-based technology course or examination that includes the uses of technology in educational settings.

(6) Two semester or three quarter unit non-special education pedagogy course.

(7) Supervised field experience in general education. This requirement may be satisfied by official transcript verifying one semester unit of general education student teaching or a letter verifying 45 clock hours of supervised field experience in a general education classroom.

(8) One of the following:

   (A) For the Level II credential, completion of the requirements specified in §§80048.4(a)(4), (a)(5), and (a)(6); or

   (B) For the clear credential, completion of the requirements specified in §80048.8.1.

(9) Recommendation from a Commission-approved Level II or clear Education Specialist Instruction Credential program as specified in Education Code §44227(b).

(10) Submission of an application form as defined in §80001 and the processing fee as specified in §80487.
