## **Introduction**

The Ad Hoc Committee will interview, evaluate, and recommend appointments to the Committee of Credentials (COC).

## **Background**

The procedures of the Commission relative to the COC are set forth in the Commission's Policy Manual. This item summarizes those obligations and presents information concerning the selection process for members of the COC.

The COC is appointed by the Commission to review individuals for fitness to receive and/or retain credentials. The COC is comprised of seven members appointed by the Commission and consists of one Elementary Teacher, one Secondary Teacher, one School Board Member, one School Administrator, and three Public Members. The COC meets in Sacramento three days each month.

## **Selection Process**

This process is described in §511 as follows:

(2) Persons nominated should be of balanced and judicious temperament with broad understanding of, and respect for, community values and attitudes. (3) Persons nominated must be willing and able to devote the time and effort necessary to carry out the work of the Committee.

The terms of members of the COC are set forth in §512 as follows:

(a) The term for each initial appointment to the Committee of Credentials shall be two years. No member shall serve more than four successive two-year terms.

(b) At least one new member shall be appointed each year, but in the interest of continuity and stability, not more than three members should be replaced in one year.

The current composition of the COC, the geographic distribution and the terms of the members is set forth below:

Greetings,

Ray Prock, a member and current board president of my district's Board of Trustees, has recently expressed interest in becoming a member of the California Commission on Teacher Credentialing, Committee of Credentials. I congratulate Mr. Prock for taking an interest beyond our district.

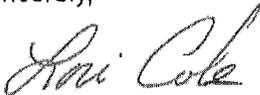

While I have been aware of Mr. Prock and his family for more than twenty years, it is in the last few years since he became a board member that I have spoken more with Mr. Prock individually. Our district has gone through some dark times over the last five to six years and are still struggling. Mr. Prock was a board member then and a board member now.

In the last year or so, I have listened as Mr. Prock has nudged and pushed and discovered his voice to stand up for better fiscal choices and more grounded program building. As board president, he has led monthly meetings with decorum, humor and a firm eye on the clock.

I perceive Mr. Prock as being diligent and sincere. I have appreciated his reaching out in the last year or so, to listen and learn more; to pursue and value the knowledge and opinions of others. I have heard him share concerns and observations with clarity and compassion.

I wish Mr. Prock the best as he pursues this opportunity.

Sincerely,

Lori Cole

Dear Ms. Silva:

It is my pleasure to write this letter on behalf of Mr. Ray Prock, Jr. for the school board member position on the Committee of Credentials. I first met Mr. Prock last spring, when I interviewed for Superintendent of Denair Unified School District, and I have worked with him regularly since I began in my position in July 2018. Mr. Prock currently serves as the president of the DUSD Governing Board and was first elected to office in November 2015.

Mr. Prock is a long-time Denair resident and an active member of the community. He is a strong supporter of our schools and an advocate for our students. He served on the board during a time when the district was in financial and organizational distress and has taken to heart the lessons learned during that period. Now that the district is more stable, he is committed to ensuring the district remains focused on the right priorities. For example, he asks good questions to ensure that the governing board and district staff are studying multiple facets of the district's operations, while keeping his eye on the big picture of student programs.

As the owner of a large-scale business, Mr. Prock is a strategic thinker who can quickly process information and analyze a situation. We have worked together on a number of employee issues this year and I have found him to be fair and thoughtful in seeking a solution. He communicates effectively with the governing board, district staff, and the public. He understands the need for confidentiality and makes it a priority in our work.

As I understand it, this position will require Mr. Prock to review allegations of misconduct and the resulting investigations, deliberate the findings with other committee members, and ultimately make recommendations regarding disciplinary action. I can assure you that Mr. Prock will take these tasks seriously and will perform his duties with diligence. He will be a valuable asset to the committee. Please feel free to contact me if I can provide further information.

Sincerely,

Terry Metzger  
Superintendent

To: California Commission on Teacher Credentialing

I am writing a letter of recommendation on behalf of Mr. Ray Prock Jr. for a position on the California Teacher Commission Committee of Credentials.

Mr. Prock has served on multiple local, state and national committees. He is currently the California Beef Council alternate and the Denair Unified School District Board of Directors President. Concurrently, he is the lead chairperson for our high schools agriculture boosters tractor pull fundraising event, an event that net's \$25,000 yearly. Formerly he served as the National Dairy Promotion and Research Board of Directors for 6 years and the treasurer of this board for 3 years.

Mr. Prock has many strengths but his greatest is that of accessibility. When called upon by a community member, school member or student, he will be of immediate assistance. Mr. Prock has an uncanny ability to read and comprehend investigative files in a limited amount of time and demonstrates sensitivity to the rights and concerns of the public, especially the small community in which he lives. In December of 2017, Mr. Prock was charged with blending two new board members with three returning board members, a task not taken lightly. Additionally, they searched for and hired a new school superintendent to the district. All tasks were deemed challenging, yet thus far successful extremely successful.

I have personally known Mr. Ray Prock Jr. for over 24 years. As an educator, administrator, education consultant and director I know first hand that he is a committed, passionate and a gritty community member. He has extensive knowledge in the areas of parliamentary procedure and evidenced based decision making. He is one that highly respects and is committed to public school education and those initiatives to continually put it in a state of improvement.

I recommend Mr. Ray Prock Jr. for a position on the California Teacher Commission Committee of Credentials.

Please feel free to contact me if you have any further questions.

Respectfully,

To Whom It May Concern:

I would like to take this opportunity to offer my recommendation of Kenneth Dickson for a position on the Committee of Credentials.

Mr. Dickson is a very capable and an extraordinarily conscientious community member whom I have known for nearly 20 years. I first got to know Mr. Dickson while I was on the Temecula City Council, and we have had many professional interactions as I moved to the Board of Supervisors and now in the State Senate.

I believe that Mr. Dickson's experience and skill have contributed greatly to the tremendous success achieved by the Murrieta School District and its Board of Directors. His hard work has brought community leaders together with residents, and his educational credentials coupled with his professional background make him an outstanding choice for the Committee of Credentials.

Mr. Dickson's commitment to community and country is self-evident. He is a key legal advisor and litigator on behalf of the U.S. Air Force Judge Advocate Generals Corps. Over his extensive career, Lt Col USAF (Ret) Dickson has attained vast experience with legal and ethical issues, their analysis, appraisal, conscientious resolution and communication to affected parties.

During the several years since his retirement from Air Force service, Mr. Dickson has now also had extensive experience with civilian legal issues and also those involved in providing public education in California. The combination of his life experiences together with his unassailable integrity and pleasant personality makes Mr. Dickson an extraordinarily appropriate choice for the Commission. He has my wholehearted support.

Thank you for the opportunity for me to share my support of Mr. Dickson, and please feel free to contact me with any questions you may have.

Sincerely,

**RE: Letter of Support; Kenneth Dickson Application for Appointment to Committee of Credentials**

Dear Kristin,

I am pleased to submit this letter of support for Kenneth Dickson's application for appointment to the California Commission on Teacher Credentialing Committee of Credentials.

I have known Ken since 1978 during our time in the U.S. Air Force. Over the last 40 years, he has proven to be a person of integrity, compassion and intelligence. Ken's professional and personal lives have been characterized by service above self—a core value we both learned in the Air Force. His 20 years on the Murrieta Valley Unified School District Board of Education and his active participation in community organizations are indicative of his commitment to improving the lives and well-being of students, educators and all residents.

Considering the various challenges presented by today's K-12 educational environment, I have the utmost confidence in Ken's ability to fulfill the Committee's responsibilities. He is judicious and keenly aware of the legal and ethical parameters of service on such a committee. As a committee member, he would be an objective and fair voice when considering allegations of misconduct by educators and those seeking to enter the profession.

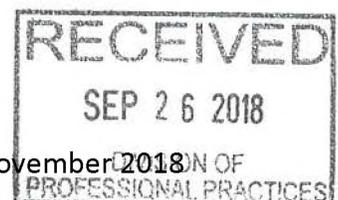

Ken's leadership, character and dedication to student success make him an ideal fit for the Committee of Credentials. He has my highest recommendation for this position. Please let me know if you have any questions regarding Ken's qualifications for this position.

Respectfully,

He maintains the highest of expectations for himself and others who are in service to our work.
