Committee of Credentials Vacancies for FY 2021-2022

Introduction

The Commission on Teacher Credentialing (Commission) makes appointments to the Committee of Credentials (Committee) pursuant to Education Code section 44240. This item presents information concerning the expected vacancies for three positions on the Committee.

Background

The Committee is comprised of seven members appointed by the Commission and consists of one elementary teacher, one secondary teacher, one school board member, one school administrator employee, and three public representatives.

The Committee normally meets three days each month at the offices of the Division of Professional Practices in Sacramento. Members review allegations of educator misconduct to determine whether to recommend discipline. However, due to the pandemic and resulting Executive Orders, the Committee has been conducting meetings by teleconference, in order to protect the health and safety of members, staff, and participants.

The Commission's Professional Practices Committee is responsible for informing "the Commission when vacancies occur or may be expected to occur on the Committee of Credentials." (CTC Policy Manual §510).

The terms of Public Member Ellen Gervase, School Administrator Jacob Guthrie, and Secondary Teacher Jannis Wilson expire on June 30, 2021.

Committee of Credentials Members

The current composition of the Committee and the terms are as follows:

Name	Date First Appointed	Current Term Expires

Proposed Adoption of Corrected Language for the Pupil Personnel Services Credential Program Standards

Introduction

Following adoption of the Pupil Personnel Services (PPS) School Psychology Program Standards at the April 2019 Commission on Teacher Credentialing (Commission) meeting, a concern was raised by members of the PPS work group that an inadvertent error had been made in Program Standard 3 - Monitoring, Supporting, and Assessing Candidate Progress Toward Meeting Credential Requirements. This agenda item proposes language that would correct this unintended error for Commission consideration and adoption.

Background

The Commission adopted the PPS School Psychology Credential preconditions, program standards, and performance expectations at the [April 2019](#) meeting. The requirement of three years of experience as a professional in the field is included for site supervisors in Program Standard 4. However, this same three-year experience requirement was unintentionally included in the standard for program faculty. This was not a recommendation of the PPS work group and not intended to be presented as such with other changes to the standards. Also, none of the other PPS program standards contain a minimum number of years specified for faculty. Rather, the standards include language that requires faculty to be qualified. In responding to the Common Standards, institutions provide criteria for faculty hiring and this information is confirmed during the site visit.

After analyzing the feedback and to be consistent with other Commission standards for faculty, Commission staff recommends correcting Program Standard 3 to eliminate the three years of experience for program faculty. The proposed correction would not change the requirement that institutions demonstrate that their faculty is qualified for their role. The language proposed to be eliminated in Program Standard 3 is provided below, as indicated by the strikethrough.

Program Standard 3. Monitoring, Supporting, and Assessing Candidate Progress Toward Meeting Credential Requirements

Faculty, program supervisors and district-employed supervisors monitor and support each candidate toward mastering the SPPEs. The program uses evidence-based assessment instruments to guide and support candidates to understand and address areas for personal and academic improvement and to help candidates develop the knowledge, skills, dispositions and abilities necessary to perform as highly skilled school psychologists. Qualified faculty members ~~have a minimum of three years of professional practice and~~ are assigned and available to advise applicants and candidates about their academic, professional and personal development, and

to assist each candidate's professional placement. The program provides support and assistance to candidates and only retains candidates who are suited for entry into or advancement as school psychologists. The school psychology program provides reasonable accommodations for those with special needs, including accessible academic programs and clinical practice experiences.

Staff Recommendation

Staff recommends that the Commission approve the proposed corrected language for Pupil Personnel Services School Psychology Program Standard 3 as shown above.
