SUBJECT: Authorization Change in Standard Designated Subjects Credential,
Vocational Trade and Technical, for Part-time Service

By action of the State Board of Education effective May 1, 1975, the authorization of the Standard Designated Services credential, Vocational Trade and Technical, for part-time service was expanded to authorize teaching in grades 7 through 12.

Some credentials effective May 1, 1975, and later may not show this broader authorization. If a credential so dated is returned to this office, a replacement document reflecting this change will be issued without fee.

A credential of this type dated prior to May 1, 1975, may be reissued to show the new authorization if the document is returned with a \$10 fee for processing.

These requests for the change in authorization on existing credentials need not be submitted through the Bureau of Trade and Technical Teacher Education at University of California, Berkeley or University of California, Los Angeles.
