FROM: John F. Brown, Executive Secretary

SUBJECT: Assignment of Those Holding the Adapted Physical
Education Authorization

Since the dissemination of Coded Correspondence 80-8101, dated August 15, 1980, an additional issue has been raised regarding the assignment of those holding the authorization for Adapted Physical Education. This issue relates to whether assignment of an individual is based upon the basic credential held by the individual, or whether it is to be based upon the Adapted Physical Education Authorization. For example:

"Can a person holding a Multiple Subject Credential, authorizing instruction in a self-contained classroom, grade 12 and below, who obtains the Adapted Physical Education Authorization, teach Adapted Physical Education in other than a self-contained classroom?"

The answer is yes. The Multiple Subjects Credential serves as the basis for obtaining the Adapted Physical Education Authorization. Once obtained, the individual is authorized to teach pupils who require remedial-adapted physical education, grade 12 and below. This is not restricted to a self-contained classroom.

Should you have any questions on this, please contact Dr. Robert Kane, Manager, Special Education (916) 445-6772.
