1020 O STREET  
SACRAMENTO, CALIFORNIA 95814

OFFICE OF THE EXECUTIVE SECRETARY

82-8325

May 27, 1983

TO: Deans and Directors of Teacher Education  
FROM: John F. Brown, Executive Secretary  
SUBJECT: Interim Policy for Termination of Program Approval

The Commission has engaged the past few months in studying various issues related to the development of a policy for the formal ending of approval for subject matter and professional preparation programs when the circumstances would warrant such action. The Commission has not yet approved a comprehensive policy regarding this subject.

Until a comprehensive policy has been adopted, the Commission at its April 1983 meeting adopted an interim policy, stated as follows:

Programs Scheduled for Evaluation

A request from an institution or local education agency for withdrawal of an approved program from being subject to a scheduled program evaluation visit shall result in the determination by the Commission that the approval of said program shall be considered terminated, to be effective at the end of the semester or quarter during which the evaluation withdrawal request is received by the Commission.

If you have any questions or suggestions, please contact Sidney A. Inglis, Coordinator of Approved Programs (telephone: 916/445-0228).
