Effective February 20, 2010, the additions of §§80034.1 through 80034.3 and the amendments to §§80035, 80035.1 and 80035.5 of Title 5 of the California Code of Regulations pertaining to Designated Subjects Career Technical Education (CTE) Teaching Credentials have been approved by the Office of Administrative Law. The additions and amendments implement the provisions of Senate Bill 52 (Chap. 520, Stats. 2007) and Senate Bill 1104 (Chap. 576, Stats. 2008), as well as several recommendations made by the Commission-appointed CTE advisory panel.

Key Provisions:

The additions to the regulations:

- provide for the issuance of the clear CTE teaching credentials with the Specially Designed Academic Instruction in English (SDAIE) authorization (§80034.2);
- provide for the issuance of the Business and Industry Partnership Teacher authorization (§80034.3)

The amendments to §§80035, 80035.1 and 80035.5 are to implement the provisions of SB 52 and to set sunset dates for 5-year Preliminary CTE Teaching Credentials and Clear CTE and Vocational Education Teaching Credentials issued under the pre-SB 1104 regulations.

Reduction in Work Experience Hours

Applicants for Three-Year Preliminary CTE Teaching Credentials or Five-Year Preliminary Full-Time or Part-Time CTE Teaching Credentials with requested issue dates of February 20, 2010 or later will be able to use 1000 clock hours to equal one year of experience toward the required three years or five years of work experience. Previously the requirement was 1500 clock hours.

Overview of Regulation Additions and Amendments

During the transition from the prior to the new regulations, the Commission is issuing eight types of Designated Subjects CTE and Vocational Education Teaching Credentials. The transition period is from January 1, 2009 through August 31, 2013. The following chart lists the eight types of designated subjects credentials, the associated regulation additions or amendments, and the related sunset dates:

Clear Part-Time Vocational Education	§80035.1	August 31, 2013

Three-Year Preliminary CTE Teaching Credentials

Since January 1, 2009, the Commission has had the authority to issue Three-Year Preliminary CTE Teaching Credentials based on three years of work experience upon recommendation by a CTE program sponsor approved under the new standards. The *Standards of Quality and Effectiveness for Career Technical Education Teachers* were adopted by the Commission in August 2008 and program sponsors are currently writing to the new standards. Links to the new CTE program standards and approved programs chart are available in the References section.

Two additional recommendations made by the CTE advisory panel allow for the acceptance of an advanced industry certificate and/or one year of general education teaching experience to meet one of the three years of work experience required for the Three-Year Preliminary CTE Teaching Credential, as determined by a Commission-approved CTE program sponsor. An individual must have at least one year of actual work experience to qualify for the three-year preliminary credential. Refer to the Commission's *Designated Subjects Career Technical Education Teaching Credential Based on SB 1104 Issued on or after January 1, 2009* information leaflet and Coded Correspondence 09-01 (links provided in the References section) for specific requirements pertaining to the issuance of Three-Year Preliminary CTE Teaching Credentials.

Clear CTE Teaching Credentials with SDAIE Authorization

The new CTE program standards include training for the instruction of English learners that is limited to providing SDAIE services. The English learner authorization will not be listed on the Three-Year Preliminary CTE Teaching Credential, but the SDAIE authorization will be added to the clear credential for individuals who complete programs under the new CTE standards. Refer to the Commission's *Designated Subjects Career Technical Education Teaching Credential Based on SB 1104 Issued on or after January 1, 2009* information leaflet and Coded Correspondence 09-01 (links provided in the References section) for specific requirements pertaining to Clear CTE Teaching Credentials issued pursuant to the provisions of SB 1104.

Business and Industry Partnership Teacher

In their discussions related to increasing the supply of CTE teachers, the CTE advisory panel discussed a new pathway for industry experts who may only want to teach part-time for a brief period since their skills are in high demand in the workplace. The regulations allow for the issuance of a Business and Industry Partnership Teacher (BIPT) authorization. The requirements for the BIPT authorization are the same as the requirements for the Three-Year Preliminary CTE Teaching Credential and the authorization will be valid for a school year (same dating as utilized for Short-Term Staff Permits). Individuals issued a BIPT authorization will be required to complete the early orientation to teaching portion of an approved CTE program. Any portions of an approved CTE program completed or teaching experience earned while holding the BIPT authorization will be applicable toward completion of the CTE program should the individual choose to pursue a preliminary and/or clear CTE teaching credential. Additional information regarding the BIPT authorization is available in the Commission's *Business and Industry Partnership Teacher Authorization* information leaflet (link available in the References section).

Five-Year Preliminary Full-Time and Part-Time CTE Teaching Credentials

The Commission will continue to issue five-year 'full-time' and 'part-time' preliminary CTE credentials based on five years of full-time experience until CTE program sponsors receive approval from the Commission that they may offer the new programs or until August 31, 2010 (whichever occurs first). Upon approval of a CTE program under the standards adopted in August 2008, the program sponsor must begin recommending individuals for Three-Year Preliminary CTE Teaching Credentials based on three years of experience. Programs that do not receive approval by August 31, 2010 must discontinue recommendation of individuals for the preliminary credential until their programs are approved under the new standards.

Clear Full-Time and Part-Time CTE and Vocational Education Teaching Credentials

Individuals issued Preliminary Full-Time or Part-Time Vocational Education or CTE Teaching Credentials under the pre-SB 1104 regulations will have until August 31, 2013 to complete their current programs. Individuals who do not complete the old CTE program by August 31, 2013 must transition to the Three-Year Preliminary or Clear CTE Teaching Credential (as determined by an approved CTE program sponsor) issued under the provisions of SB 1104. Additional information pertaining to the transition policy from designated subjects teaching credentials issued under the pre-SB 1104 regulations is provided in Coded Correspondence 09-01 (link in References section).

Important Dates:

January 1, 2009 – Program sponsors with CTE programs approved under the standards adopted in August 2008 must begin recommending individuals for Three-Year Preliminary CTE Teaching Credentials under the provisions of SB 1104.

February 20, 2010 – Effective date for Title 5 Regulations additions and amendments to implement SB 52 and SB 1104.

August 31, 2010 – Final issuance date for Five-Year Preliminary Full-Time and Part-Time CTE Teaching Credentials.

August 31, 2013 – Final issuance date for Clear Full-Time and Part-Time CTE and Vocational Education Teaching Credentials.

Background:

SB 52 changed the name of Designated Subjects Vocational Education Teaching Credentials to Designated Subjects Career Technical Education Teaching Credentials. SB 52 also consolidated the 175 vocational education subjects into 15 industry sectors and required the Commission convene an advisory panel to make recommendations regarding credential requirements. The final issue date for an initial Preliminary Designated Subjects Vocational Education Teaching Credential was October 31, 2007. The Commission has been issuing Preliminary Designated Subjects Full-Time and Part-Time CTE Teaching Credentials based on five years of work experience since October 12, 2007.

SB 1104 included several recommendations by the CTE advisory panel as follows:

- 1) requires submission of preliminary and clear CTE applications through Commission-approved program sponsors;
- 2) reduces the experience required to qualify for the preliminary credential from five years to three years;
- 3) reduces the term of the preliminary credential from five years to three years;
- 4) moves the U.S. Constitution requirement from the preliminary to the clear credential; and
- 5) consolidates the ‘full-time’ and ‘part-time’ designators.
