

CODED CORRESPONDENCE

DATE: June 15, 2011	NUMBER: 11-07
TO: All Individuals and Groups Interested in the Activities of the Commission on Teacher Credentialing	FROM: Patty K. Wohl Acting Executive Director Commission on Teacher Credentialing
SUBJECT: Approval of Additions and Amendments to Title 5 of the California Code of Regulations Pertaining to Designated Subjects Adult Education Teaching Credentials	

Summary:

Amendments to Title 5 of the California Code of Regulations pertaining to Designated Subjects Adult Education Teaching Credentials were approved by the Office of Administrative Law and became effective on June 1, 2011. These changes implement the provisions of Assembly Bill (AB) 1374 (Chap. 36, Stats. 2010) as well as several recommendations made by the Commission-appointed adult education advisory panel.

Key Provisions:

Overview of Regulation Additions, Amendments and Deletion

- Allow issuance of Three-Year Preliminary and Five-Year Clear Adult Education Teaching Credentials as provided in AB 1374 (§80036.4).
- Set sunset dates for Five-Year Preliminary Full-Time and Part-Time Adult Education Teaching Credentials issued under prior law (§§80036 and 80036.1).
- Clarify the education and experience requirements for full-time, part-time and three-year preliminary adult education credentials and amend the requirements to qualify for the academic subject of English as a Second Language (§80036.2).
- Change the term 'non-academic' to 'general subjects' and add two new subject categories for the three-year preliminary credential (§80036.3).
- Update the definitions and terms related to Adult Education Teaching Credentials (§80034).
- Delete the section stating that designated subjects credentials issued under prior regulations remain in force. Amendments to Education Code §44251.2 include this language and supersede the Title 5 regulations (§80036.5).

During a transition period from January 1, 2011 until January 31, 2016, the Commission will issue six types of Designated Subjects Adult Education Teaching Credentials. The following chart lists the six types of adult education credentials, the associated regulation and the sunset date:

Credential Type	Associated Regulations	Sunset Date
Three-Year Preliminary	§80036.4(a)	N/A
Clear	§80036.4(b)	N/A
Five-Year Preliminary Full-Time	§80036(a)	January 31, 2013
Clear Full-Time	§80036(c)	January 31, 2016
Five-Year Preliminary Part-Time	§80036.1(a)	January 31, 2013
Clear Part-Time	§80036.1(c)	January 31, 2016

Three-Year Preliminary Adult Education Teaching Credentials

In accordance with the statutory changes in AB 1374, the Commission has had the authority to issue Three-Year Preliminary Adult Education Teaching Credentials with recommendation by an adult education program sponsor approved under the new standards since January 1, 2011. The *Standards of Quality and Effectiveness for Adult Education Teachers* were adopted by the Commission in November 2010 and program sponsors are currently writing to the new standards. Links to the new adult education program standards and the approved programs chart are available in the References section. The new adult education programs will be listed on the chart under the heading of “Designated Subjects: Adult Education-preliminary 3 years.”

Additionally, per AB 1374, the U.S. Constitution requirement has been moved from the preliminary to the clear credential and only three years of full-time experience is required to qualify for the three-year preliminary in a general subjects (formerly termed ‘non-academic’) area.

General Subjects

As recommended by the advisory panel, the term ‘non-academic’ as related to adult education subject categories has been changed to ‘general subjects’ for three-year and clear credentials issued under the provisions of AB 1374. In addition, two new general subjects categories of Personal Development and Career Technical Education have been added to the regulations. Employers are responsible for appropriate assignment of teachers based on their specific experience.

The new categories do not apply to full-time and part-time adult education credentials. Full-time and part-time adult education teaching credentials will continue to be issued in ‘non-academic’ subject areas.

Personal Development Category

To develop consistency among the credential authorizations, the advisory panel recommended that the subject areas be organized by the subject being taught rather than the individual being taught. Therefore, the four subject areas of Art, Health and Safety, Family Education, and Financial Literacy will be available in the Personal Development

category. The following chart shows where the previously available non-academic subject areas are subsumed in the Personal Development subject areas:

General Subjects: Personal Development Category

Subject Listed on Credential	Subsumed Non-Academic Subjects
Art	Adaptive Arts and Crafts (Adults with Disabilities) Arts and Crafts Creative Arts (Older Adults) Decorative Arts Interior Design Performing Arts (Older Adults)
Health and Safety	Adaptive Physical Education (Adults with Disabilities) Cardiopulmonary Resuscitation Environmental Safety First Aid Health (Adults with Disabilities) Health (Older Adults) Health Education Nutrition Physical Fitness (Older Adults) Physical Fitness/Conditioning Safety (Older Adults) Safety Education
Family Education	Adaptive Computer Technology (Adults with Disabilities) Childbirth Education Communication Skills Clothing Construction Dietetics/Food Management Food Preparation Family Management Home Management Human Development Interior Design Nutrition Parent Education Public Affairs Self-Maintenance (Older Adults) Self-Maintenance (Adults with Disabilities)
Financial Literacy	Consumer Education Retirement Planning

Career Technical Education

The advisory panel further recommended that the non-academic Vocational Education subject category be renamed “Career Technical Education” (CTE) and that the subject areas be aligned with the 15 industry sectors modeled after the California CTE curriculum and standards adopted by the State Board of Education. The following chart

shows the industry sectors under which the 26 specific non-academic subject areas previously available in the Vocational Education category are subsumed:

General Subjects: Career Technical Education

Subject Listed on Credential	Subsumed Non-Academic Subjects
Agriculture and Natural Resources	Agriculture
Arts, Media, and Entertainment	Commercial Photography
Building Trades and Construction	Building and Construction Trades
Education, Child Development, and Family Services	America Sign Language Career Development Language Interpreter

*The Vocational Education category for full-time and part-time adult education credentials does not include subject areas that are subsumed under these four industry sectors. However, Three-Year and Clear Adult Education Teaching Credentials issued under the provisions of AB 1374 will be available in all industry sectors. Refer to the California Department of Education’s CTE General Information page for additional information regarding the subject areas subsumed under the 15 industry sectors. A link to the CTE General Information page is available in the References section.

General Subjects Experience Requirement

An additional recommendation made by the adult education advisory panel allows for the acceptance of an advanced industry certificate and/or one year of general education teaching experience to satisfy one of the three years of experience required for the Three-

Year Preliminary Adult Education Teaching Credential in a general subjects area, as determined by a Commission-approved adult education program sponsor. An individual must have at least one year of actual experience to qualify for the three-year preliminary credential in a general subjects area. Refer to the Commission's *Designated Subjects Adult Education Teaching Credential Based on AB 1374 Issued on or after January 1, 2011* information leaflet (link provided in the References section) for specific requirements pertaining to the issuance of Three-Year Preliminary Adult Education Teaching Credentials.

Five-Year Preliminary Full-Time and Part-Time Adult Education Teaching Credentials

The Commission will continue to issue five-year full-time and part-time preliminary adult education credentials until an adult education program sponsor receives approval from the Commission that they may offer the new program or until January 31, 2013 (whichever occurs first). Upon approval of an adult education program under the standards adopted in November 2010, the program sponsor must begin recommending individuals for Three-Year Preliminary Adult Education Teaching Credentials. Program sponsors that do not receive approval by January 31, 2013 must discontinue recommendation of individuals for the preliminary credential until their programs are approved under the new standards.

Clear Full-Time and Part-Time Adult Education Teaching Credentials

Individuals issued Preliminary Full-Time or Part-Time Adult Education Teaching Credentials under prior law in effect before the enactment of AB 1374 will have until January 31, 2016 to complete the current Level I/II programs. Individuals who do not complete the Level I/II adult education programs by January 31, 2016 must transition to the Three-Year Preliminary or Clear Adult Education Teaching Credential (as determined by an approved adult education program sponsor) issued under the provisions of AB 1374.

Reduction in Experience Hours

Applicants for Preliminary Adult Education Teaching Credentials with requested issue dates of June 1, 2011 or later will be able to use 1000 clock hours to equal one year of experience when applying for a non-academic (Five-Year Full-Time/Part-Time) or general subjects (Three-Year) area. The requirement was previously 1500 clock hours. Only one year of experience may be earned in one twelve month period, but hours spread over several years may accumulate to a year of experience.

English as a Second Language (Academic Subject Area)

Qualifying for the academic subject area of English as a Second Language (ESL) previously required a bachelor's degree from a regionally-accredited college or university with 20 semester units of coursework in specified areas. While possession of a bachelor's or higher degree is still a requirement, amendments were made allowing options to the 20 semester units of coursework requirement and additions and deletions were made to the specified areas.

In addition to the coursework option, individuals may qualify for the academic subject area of ESL by verifying a degree (bachelor's or higher) with a major in any of the

specified areas. A degree (bachelor's or higher) and possession of a certificate issued by a four-year college/university in any of the specified areas also satisfies the requirements for the academic subject area of ESL.

Because the areas of English, Speech, and Reading may not include content in second language acquisition, these subjects were deleted from the list of specified areas required to qualify for the academic subject area of ESL. Conversely, Second Language Acquisition has been added to the list of specified areas.

The amendments to the qualifications required for the academic subject area of ESL apply to all applicants for adult education credentials (full-time, part-time, three-year preliminary, and clear) with requested issue dates of June 1, 2011 or later. No other amendments were made to the academic subject areas.

Application Submission

All applications for initial Adult Education Teaching Credentials (full-time, part-time, three-year preliminary, and clear) with a requested issuance date of January 1, 2011 or later must be submitted to the Commission for processing by a Commission-approved adult education preparation program sponsor. Employing school districts no longer have the authority to recommend individuals for preliminary or clear credentials, even if previously authorized to do so by an approved program sponsor. Adult education programs are subject to the same accreditation processes as other Commission-approved programs; therefore, verifying an individual's academic eligibility is the responsibility of the approved program sponsor.

In addition, program sponsors are no longer required to submit supporting documentation with applications for Adult Education Teaching Credentials. Documentation verifying an individual's academic eligibility for the credential should be maintained by the program sponsor. The only materials required with applications submitted by an approved program sponsor are:

- 1) An application form (41-4) and the processing fee;
- 2) A completed recommendation form (CL-689);
- 3) Official transcripts verifying conferral of a bachelor's degree (academic subjects only); and
- 4) A completed *Request for Livescan Service* form (41-LS) if fingerprint clearance is not on file at the Commission.

Important Dates:

June 1, 2011 – Effective date for Title 5 Regulations additions and amendments to implement AB 1374.

January 31, 2013 – Final initial issuance date for Five-Year Preliminary Full-Time and Part-Time Adult Education Teaching Credentials.

January 31, 2016 – Final initial issuance date for Clear Full-Time and Part-Time Adult Education Teaching Credentials.

Background:

The Commission directed staff to recruit an expert advisory panel in April 2008 to review the requirements for adult education teaching credentials as well as the *Standards of Quality and Effectiveness for Designated Subjects Adult Education Programs*. The panel's recommendations pertaining to the adult education teaching credential requirements were presented to the Commission in March 2009. Several of the panel's recommendations required changes to statute, which resulted in the Commission-sponsored AB 1374.
