

California Commission on Teacher Credentialing

Request for Proposals for a California Classified School Employee Teacher Credentialing Program

Helping School Districts Address the Demand for Credentialed Teachers

Who Is Eligible to Apply?

A school district, county office of education, or charter school may apply for funding to recruit classified school employees to participate in a program designed to support their completion both of an undergraduate degree and a Commission-approved teacher preparation program so that they can become qualified to provide instructional service as credentialed teachers in the public schools. All LEAs with a CD code are eligible. *Note: eligible applicants must have a CD or a CDS code issued by the California Department of Education*

Available Funding

Grant awards of \$4,000 per participant per year may be made to eligible applicants whose proposals are recommended for funding to the Commission. Applicants should note that demand for participation across the state may exceed funding for the program and not all participant slots requested by each successful grant applicant may ultimately be authorized. A total of 1,250 participant slots is available statewide for this round of funding.

Project Period

Five years, from 2017-18 through 2021-22.

Request for Proposals for a *California Classified School Employee Teacher Credentialing Program*

Section I: Introduction

Introduction

This Request for Proposals is to provide grants of \$4,000 per participant per year for up to five years for eligible applicants to develop and implement a Classified School Employee Teacher Credentialing Program to recruit classified school employees to participate in a program designed to support the completion of a degree and teacher preparation program and provide instructional service as fully credentialed teachers. The program must be operated by a school district, county office of education, or a charter school and intended to meet the demand for teachers in shortage areas in transitional kindergarten, kindergarten, bilingual cross-cultural instruction, and grades 1 to 12, inclusive. Eligible applicants must have a CD or a CDS code issued by the California Department of Education. The program is intended to attract classified school staff who are interested in enrolling in and completing a teacher preparation program leading to a California Multiple Subject, Single Subject, or Education Specialist teaching credential.

Applicants should note that eligible classified program participants must either have an AA degree or have successfully completed two years of postsecondary education (i.e., 60 semester units) at the time of enrollment in a funded Classified School Employee Teacher Credentialing Program. The Commission recommends that applicants make every effort to organize cohorts of participants that will move as quickly as possible into teaching to help alleviate critical shortages of fully credentialed teachers. Per Education Code Section 44393(d), participants must commit to accomplishing all of the following:

- (A) Graduate from an institution of higher education with a bachelor's degree (if not already earned);
- (B) Complete all of the requirements for, and obtain, a multiple subject, single subject, or education specialist teaching credential; and
- (C) Complete one school year of classroom instruction in the school district, charter school, or county office of education for each year that he or she receives assistance for books, fees, and tuition while attending an institution of higher education under the program.

Definitions of Terms Applicable to the Classified School Employee Teacher Credentialing Program

Definitions of terms relating to this program are provided in Education Code section 44392 and are reproduced here for the applicant's information.

- (a) **"Applicant"** means a school district, charter school, or county office of education applying for program funds under the California Classified School Employee Teacher Credentialing

Program.

- (b) **“Institutions of higher education”** means the California Community Colleges, the California State University, the University of California, and private not-for-profit institutions of higher education that offer a commission-approved teacher preparation program.
- (c) **“Participant”** means an eligible classified school employee who elects to participate in the California Classified School Employee Teacher Credentialing Program.
- (d) **“Program”** means the California Classified School Employee Teacher Credentialing Program.
- (e) **“Classified school employee”** means a non-certificated school employee currently working in a public school who does not hold a teaching credential issued by the Commission on Teacher Credentialing, including para-educators and individuals who do not work in the classroom.
- (f) **“Teacher training program”** means an undergraduate or graduate program of instruction conducted by a teacher preparation program approved by the Commission that provides instruction, coursework, and clearly defined tasks, and that is designed to qualify students enrolled in the program for a teaching credential authorizing instruction in kindergarten and grades 1 to 12, inclusive.

Key Dates in the Application Process

Dat	Activity
August 14, 2017	RFP issued
August 25, 2017	Intent to Apply due
August 25, 2017	Written questions about the RFP due to the Commission
August 31, 2017	Responses to written questions posted and distributed
September 29 , 2017 by 5 p.m.	Electronic copy of proposal due to the Commission; all paper copies must be postmarked by 5:00 p.m. this same date
October 2 – 18, 2017	Review of applications
October 20, 2017	Announcement of Grant Awards

Notice of Intent to Apply

Entities with an interest in responding to this RFP are encouraged to submit via email to contracts@ctc.ca.gov by **August 25, 2017** a Notice of Intent to Apply (Appendix B). The purpose of this notice is to inform the Commission of interested applicants so that any additional information about the RFP may be provided, including responses to written questions (see below). Submission of an Intent to Apply is not a promise or obligation to submit a proposal, nor does a lack of an Intent to Apply disqualify or preclude an applicant from submitting a proposal in response to this RFP.

How to Submit Written Questions about this RFP

Applicants who have questions about information contained in this RFP may submit questions via email with “Classified School Employee Program” in the subject line by **August 25, 2017** to: contracts@ctc.ca.gov.

Responses to written questions submitted by the deadline will be distributed to those who have submitted the Intent to Apply form and will also be posted on the Commission's website.

Section II: How to Respond to this RFP

Components to be Addressed in the Applicant's Response

Applicants interested in developing and implementing a Classified School Employee Teacher Credentialing Program must provide a narrative response to this Request for Proposals. In order to be considered, responses must include all of the components described below. The response by each applicant will be evaluated based on the selection criteria indicated below. Electronic responses to this RFP must reach the Commission on Teacher Credentialing according to the submission information provided in Section III no later than 5 p.m. PDT on **September 29, 2017**; paper copies must be postmarked by 5:00 p.m. on this same date. The proposals receiving the highest scores as calculated using the selection criteria summarized at the end of this section of the RFP will be recommended to the Executive Director of the Commission on Teacher Credentialing for funding.

When responding to the proposal components, applicants should note that the enabling legislation requires the selection criteria for this grant program to include all of the following:

- (1) The extent to which the applicant demonstrates the capacity and willingness to accommodate the participation of classified school employees in Commission-approved teacher training programs conducted at institutions of higher education or a local educational agency.
- (2) The extent to which the applicant's plan for the implementation of its recruitment program involves the active participation of one or more local campuses of the participating institutions of higher education in the development of coursework and teaching programs for participating classified school employees. Each selected applicant shall be required to enter into a written articulation agreement with the participating campuses of the institutions of higher education.
- (3) The extent to which the applicant's plan for recruitment attempts to meet the demand for teachers in shortage areas in transitional kindergarten, kindergarten, and grades 1 to 12, inclusive.
- (4) The extent to which the applicant's plan for recruitment attempts to meet its own specific teacher needs.

The Commission recommends that applicants also consider prioritizing the enrollment of participants who hold or are close to earning their baccalaureate degree who can complete preparation, earn a credential and move into teaching expeditiously. In this way, the Classified Grant Program can help meet the state's need for fully qualified teachers in critical shortage areas in the fastest time frame possible.

The following information provides guidance to applicants for organizing a complete response to this RFP.

Responses must include a cover page (Appendix C) that identifies a contact person at the applicant entity, along with contact information by telephone, fax, and email, and the signature

of the superintendent of the applicant entity. **Please note that this information will be used as the official contact information for your proposed program.** Please make sure that the contact persons indicated are the appropriate individuals who have the knowledge and authority to speak for and/or to represent the program.

Following the cover page, applicants must provide a table of contents indicating where in the application each of the required responses can be found.

Proposal Narrative

1. Capacity and willingness to accommodate the participation of classified school employees in the program (5 points)

Applicants should describe their capacity and willingness to accommodate the participation of classified employees in the planned program, including as applicable how they will accommodate employees who may be in a wide range of job categories and have differing schedules, individual circumstances and needs.

Applicants should note that participants in the program may pursue any of the Commission-approved preparation routes to teacher credentialing, including (a) the traditional pathway, which typically refers to coursework and student teaching; (b) the alternative credentialing (i.e., intern) option; and (c) the teaching residency option, as available. In order to remain part of the grant program, participants must continue to have an employment relationship with the sponsoring school, district, or county. Participants who transition from serving as classified employees to teaching as interns, serving as student teachers or serving as teaching residents remain eligible for grant funds until such time as they have earned a Preliminary Teaching Credential. Therefore, applicants should not require classified employees participating in the grant program to resign their positions or their employment with the applicant district/school/county office in order to serve as interns, student teachers or teaching residents. Applicants should note that participants who resign from their positions to pursue student teaching are no longer deemed employees of the sponsoring school, district, or county office of education and are, therefore, ineligible to receive grant funds unless granted a leave of absence by the employing school, district, or county office of education.

2. Need for credentialed teachers and requested number of program participants (15 points plus up to 5 additional priority points for fast-track credentialing participants)

Applicants should describe the need they have for credentialed teachers in shortage areas in transitional kindergarten, kindergarten, bilingual education, and grades 1-12, inclusive, and how the applicant's plan for recruitment attempts to meet the demand for teachers in these shortage areas. Applicants should also indicate the estimated number of participant slots requested for the planned program and describe how they determined this number.

Successful applicants will be required to finalize within one month of notification of a grant

award the actual number of slots requested, the academic status of each of the intended participants for whom grant funding is requested, and the projected number of years each potential participant would need to finish his/her degree and/or become eligible to teach as either a fully credentialed teacher, an intern, or a teaching resident.

In responding to this criterion, applicants should specify how they plan to obtain and analyze the necessary information from prospective program participants, if awarded a grant.

Applicants should also note that within one month of notification of how many slots have been allocated, a line-item detailed program budget and budget narrative will need to be submitted to the Commission (Appendix F). Further information about the budget process is provided in the Budget Form instructions and definitions in Appendices F and G.

The final allocation of any remaining available slots to successful applicants will be determined within two months of the grant award notification if any are available. Remaining available slots will be allotted based on updated information from grantees, the number of slots available on a statewide basis, and the need to balance geographic and other demographic factors to allow for the maximum feasible statewide access to and participation in the program.

3. Recruitment plan and implementation (10 points)

Applicants should describe their recruitment plan and explain how the plan involves the active participation of one or more local campuses of the participating institutions of higher education in the development of coursework and teaching programs for participating classified school employees, including how the applicant will determine that each potential classified employee meets the minimum qualifications of an AA degree or successful completion of two years of college (i.e., 60 completed semester units) and how the applicant will establish priorities for the selection of participants in the event that not all of the requested participant slots are awarded. The Commission recommends that applicants make every reasonable effort to recruit participants who have bachelor's degrees and would, therefore, have the opportunity to earn their teaching credential in a shorter time frame.

4. Program design (60 points total)

Applicants should address all of the following:

4A. Program overview and focus (5 points)

Indicate what credential areas the program will focus on (e.g., multiple subject, single subject, education specialist, or a combination of these) and why.

4B. Program planning, implementation, key staff and governance (10 points)

Explain who will be involved in the development of the program and what their roles will be in both the development and the implementation of the program, and provide a timeline for planning and for implementation of the program. The timeline should

identify all significant activities and events by quarter and by year for each of the five project years, including the expected date for completion of the program planning process and of implementation of the planned Classified School Employees Teacher Credentialing Program. Indicate what governance structure will be in place for the proposed program within the applicant's organization.

Provide a chart that identifies the key staff to be involved in the program planning and implementation processes, including position title, roles and responsibilities, and the full time equivalent (FTE) of each position. Identify which staff will be responsible for the overall management of the project, for the fiscal management of the project, and for providing the required project data indicated in Criterion 5 below. In addition, explain the relationship and governance of the project within the institution in terms of internal oversight, management, and reporting.

4C. Collaboration with public and private institutions of higher education, including articulation agreements (10 points)

Eligible applicants must actively participate with one or more local campuses of the participating institutions of higher education through which participants will ultimately complete a baccalaureate degree and/or a teacher credential program. Although the grantee will be an LEA, proposals must be developed and implemented through a collaborative process that involves the LEA, a California Community College, and/or a California four- year public or private not-for-profit institution of higher education. Applicants should identify their program partners and describe any existing or planned written articulation agreements applicable to the program.

An articulation agreement should be (1) based on the multi-year plan for moving participants through a program of study leading to a credential; (2) specific with respect to the linkages between each component of the program; and (3) designed to prevent participants from having to repeat coursework in the program.

Articulation agreements must remain in effect until the participants' scheduled finishing date. If the agreement is not in place by the time the proposal is submitted, then the proposal must include a detailed explanation of the status of the required articulation agreement(s).

4D. Participant advisement (10 points)

Applicants should describe the specific advisement participants will receive to ensure they are able to minimize the time needed to complete an undergraduate degree and teacher preparation program, and that candidates enroll in and complete only those classes applicable to their intended degree and certification goals. Applicants should also describe the process to ensure consistent, timely, and accurate participant advisement over the life of the program, and how the progress of each participant will be monitored on at minimum a twice-yearly basis.

4E. Participant support (15 points)

Support for participants is a critical element of the program and can be provided through the LEA and/or the community college or the university. Participant support may be demonstrated in a variety of ways; for example, providing access to coursework at times and/or locations convenient for the participants (e.g., courses offered at school sites, night and weekend courses); providing economic support through paid release time; providing professional support within the program (e.g., designating a district facilitator who is in regular contact with participants); ensuring timely access to academic advising for participants; establishing flexible hours of employment for participants; and providing special assistance and/or preparation for certification. Support should also include providing funding to cover the participants' cost for books, fees, and tuition while enrolled in the program.

Describe the support that participants in the proposed program will receive to help them be successful.

Applicants should note that final grant award recipients may not use grant funds to provide support to program participants in the form of stipends paid directly to program participants. Program participants may, however, be reimbursed for program-related expenses, including tuition, fees, books, or other allowable expenses. Grant recipients may arrange with postsecondary institutions to pay tuition directly to the individual postsecondary institution(s) on behalf of their program participants, either in advance or after a participant enrolls in an undergraduate and/or any type of Commission-approved teacher preparation program.

4F. Progress monitoring (10 points)

Describe how the progress of participants will be monitored, and how often (at least twice per year). Explain how the program will determine sufficient annual progress of participants (e.g., minimum successful completion of 6 semester units or the equivalent per year) to allow participants to continue to receive funding and support from the program. Applicants should also explain how they plan to monitor the progress and success of their ongoing program implementation and participant support activities and adjust as needed.

5. Mandatory Data Collection and Reporting Requirement (5 points)

The following data are required to be collected and submitted to the Commission during each year of funding. **Describe the plan to collect, analyze and report the following data to the Commission:**

- the number of classified school employees recruited;
- the academic progress of the classified school employees recruited;
- the number of classified school employees recruited who are subsequently employed as teachers in the public schools; and

- the degree to which the applicant meets the teacher shortage needs of the school district, charter school, or county office of education

6. Budget (5 points)

Provide a budget for Year 1 of the project, using the budget form provided in Appendix D. In addition, provide a budget narrative explaining how each of these costs was determined.

Applicants should note that carryover of unused grant funds from one year to the next is prohibited. Any unspent or unencumbered funds in a given program year will affect the following year’s budget disbursement such that the following year’s disbursement will be adjusted to include monies unexpended by the grant recipient during the previous year. As noted above, grant funds may not be used to provide stipends directly to program participants under any circumstances but may provide reimbursements to program participants who provide appropriate expenditure receipts.

Section III

Application Submission and Process for Application Review

How to Submit the Application

Applicants who wish to compete for funding for Classified School Employee Teacher Training Program must submit an electronic copy plus four paper copies of the proposal to the Commission. **All electronic proposals must reach the Commission not later than 5:00 p.m. PDT on Friday, September 29, 2017; all paper copies must be postmarked not later than 5:00 p.m. PDT on Friday, September 29, 2017.**

Proposals that do not meet both of these deadlines will not be evaluated.

Email the electronic copy to: contracts@ctc.ca.gov

Mail or Deliver the four paper copies to:

Adrienne Trapnell
Fiscal and Business Services
Commission on Teacher Credentialing
1900 Capitol Avenue
Sacramento, CA 95811

Format and Length of the Proposal

Proposals should be formatted to an 8 ½ x 11 page, with one inch margins on all sides, using a font of not less than 12 point. Pages may be double or single spaced. The suggested maximum length of a proposal is not more than 40 double spaced or 20 single spaced pages.

Application Review and Award Processes

Applications received by the submission deadline will be reviewed first for technical compliance with the application instructions and completeness of the application in responding to all required information. Applications that meet the initial technical compliance screening will then be read by a team of Commission staff members and rated according to the scoring criteria provided in this RFP.

A recommendation for awarding the grants will be made to the Executive Director and will result in a grant award letter from the Commission and grant acceptance conditions to be signed and returned by the grantee. Further information about the grant process will be provided to successful grantees following the awarding of the grant.

Funding Considerations and Requirements

Applicants should note that, per the enabling legislation, if they are selected to receive a grant, prior to receiving funding applicants must do the following:

1. Provide information about the program to all eligible classified school employees in the school district, charter school, or county office of education and assistance to each classified school employee recruited under the program regarding admission to a teacher training program.
2. Provide an assurance to the Commission that they will require participants to satisfy both of the following requirements before participating in the program:
 - (A) Pass a criminal background check.
 - (B) Provide verification of one of the following:
 - (i) Has earned an associate or higher level degree.
 - (ii) Has successfully completed at least two years of study at a postsecondary educational institution.
3. Provide certification to the Commission that the applicant has received a commitment from each participant that he or she will accomplish all of the following:
 - (A) Graduate from an institution of higher education under the program with a bachelor's degree if a participant does not already hold a bachelor's degree.
 - (B) Complete all of the requirements for, and obtain, a multiple subject, single subject, or education specialist teaching credential.
 - (C) Complete one school year of classroom instruction in the school district, charter school, or county office of education for each year that he or she receives assistance for books, fees, and tuition while in the program.

In addition, within one month of notification of funding, successful grantees will need to provide the Commission with the results of the survey of potential participants regarding participants' educational status and the estimated time needed for each potential participant to complete his/her degree and/or become eligible to serve as either an Intern or a fully credentialed teacher. The information provided by successful grantees will be used in making final determinations of the number of participant slots available to each successful grantee and the amount of funding allocated for those slots both initially and over time to program completion. In addition, as noted above, within one month of notification of how many slots have been allocated, a line-item detailed program budget and budget narrative will need to be submitted to the Commission (Appendix F).

The grantee will be expected to make appropriate yearly progress in implementing the California Classified School Employee Teacher Credentialing Program according to the program design provided in the funded application. Funding for the period through 2021- 22 is contingent on satisfactory annual progress in implementing the program detailed in the initial application, annual certification of participants, updated annual budget plan, and interim

application submission and approval. Applicants should note that as a condition of receipt of a grant, the applicant agrees to provide annual outcomes data as specified in the RFP.

Grantees may use funds for program administration purposes. However, no additional funds will be allocated or made available for program administration purposes beyond the annual yearly grant award.

Funds to grantees will be distributed in two annual payments each qualifying year (fall and spring), based on the number of certified program participants. The first payment will be 50% of the annual budget amount, and the second payment will be 50% of the annual budget amount.

Appendix A Enabling Legislation

California Classified School Employee Teacher Credentialing Program

Section 44390 of the Education Code is repealed.

Section 44391 of the Education Code is amended to read:

This article shall be known, and may be cited, as the California Classified School Employee Teacher Credentialing Program.

Section 44392 of the Education Code is amended to read:

44392. For the purposes of this article, unless the context clearly requires otherwise, the following terms shall have the following meanings:

- (a) "Applicant" means a school district, charter school, or county office of education applying for program funds under the California Classified School Employee Teacher Credentialing Program.
- (b) "Institutions of higher education" means the California Community Colleges, the California State University, the University of California, and private not-for-profit institutions of higher education that offer a commission-approved teacher preparation program.
- (c) "Participant" means a classified school employee who elects to participate in the California Classified School Employee Teacher Credentialing Program.
- (d) "Program" means the California Classified School Employee Teacher Credentialing Program.
- (e) "Classified school employee" means a noncertificated school employee currently working in a public school.
- (f) "Teacher training program" means an undergraduate or graduate program of instruction conducted by a teacher preparation program approved by the commission that includes a developmentally sequenced career ladder to provide instruction, coursework, and clearly defined tasks for each level of the ladder, and that is designed to qualify students enrolled in the program for a teaching credential authorizing instruction in kindergarten and grades 1 to 12, inclusive.

Section 44393 of the Education Code is amended to read:

44393. (a) The California Classified School Employee Teacher Credentialing Program is hereby established for the purpose of recruiting classified school employees to participate in a program designed to encourage them to enroll in teacher training programs and to provide instructional service as teachers in the public schools.

(b) Subject to an appropriation for these purposes in the annual Budget Act or another statute, the commission shall issue a request for proposals to all school districts, charter schools, and county offices of education in the state in order to solicit applications for funding. The criteria adopted by the commission for the selection of school districts, charter schools, or county offices of education to participate in the program shall include all of the following:

- (1) The extent to which the applicant demonstrates the capacity and willingness to accommodate the participation of classified school employees in teacher training programs conducted at institutions of higher education or a local educational agency.
 - (2) The extent to which the applicant's plan for the implementation of its recruitment program involves the active participation of one or more local campuses of the participating institutions of higher education in the development of coursework and teaching programs for participating classified school employees. Each selected applicant shall be required to enter into a written articulation agreement with the participating campuses of the institutions of higher education.
 - (3) The extent to which the applicant's plan for recruitment attempts to meet the demand for teachers in shortage areas in transitional kindergarten, kindergarten, and grades 1 to 12, inclusive.
 - (4) The extent to which a developmentally sequenced series of job descriptions leads from an entry-level classified school employee position to an entry-level teaching position in that school district, charter school, or county office of education.
 - (5) The extent to which the applicant's plan for recruitment attempts to meet its own specific teacher needs.
- (c) An applicant that is selected to participate pursuant to subdivision (b) shall provide information about the program to all eligible classified school employees in the school district, charter school, or county office of education and assistance to each classified school employee it recruits under the program regarding admission to a teacher training program.
- (d) (1) An applicant shall require participants to satisfy both of the following requirements before participating in the program:
- (A) Pass a criminal background check.
 - (B) Provide verification of one of the following:
 - (i) Has earned an associate or higher level degree.
 - (ii) Has successfully completed at least two years of study at a postsecondary educational institution.
- (2) An applicant shall certify that it has received a commitment from each participant that he or she will accomplish all of the following:
- (A) Graduate from an institution of higher education under the program with a bachelor's degree.
 - (B) Complete all of the requirements for, and obtain, a multiple subject, single subject, or education specialist teaching credential.
 - (C) Complete one school year of classroom instruction in the school district, charter school, or county office of education for each year that he or she receives assistance for books, fees, and tuition while attending an institution of higher education under the program.
- (e) The commission shall contract with an independent evaluator with a proven record of experience in assessing teacher training programs to conduct an evaluation to determine the success of the program. The evaluation shall be completed on or before July 1, 2021. The commission shall submit the completed evaluation to the Governor and the education policy and fiscal committees of the Assembly and Senate.
- (f) On or before January 1 of each year, the commission shall report to the Legislature regarding the status of the program, including, but not limited to, the number of classified school employees recruited, the academic progress of the classified school employees recruited, the

number of classified school employees recruited who are subsequently employed as teachers in the public schools, the degree to which the applicant meets the teacher shortage needs of the school district, charter school, or county office of education, and the ethnic and racial composition of the participants in the program. The report shall be made in conformance with Section 9795 of the Government Code.

SEC. 80. (a) For the 2017–18 fiscal year, the sum of twenty-five million dollars (\$25,000,000) is hereby appropriated from the General Fund to the Commission on Teacher Credentialing to fund a second cohort for the California Classified School Employee Teacher Credentialing Program, pursuant to Section 44393 of the Education Code, to be available through the 2021–22 fiscal year. The Commission on Teacher Credentialing shall allocate grants for up to 1,250 new participants per year. A grant to an applicant shall not exceed four thousand dollars (\$4,000) per participant per year. (b) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 2017–18 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code, for the 2017–18 fiscal year.

Appendix B

Intent to Apply for a Classified School Employee Teacher Credentialing Program

As indicated by the signature of the superintendent, CEO or designee below, it is the intent of the local education agency (LEA) identified below to apply for a grant to develop and implement a Classified School Employee Teacher Credentialing Program. The LEA understands that this Intent to Apply must be received by the Commission **by August 25, 2017** and that submission of this form does not require or otherwise obligate the institution to submit a proposal to the Commission. A scanned copy of the signed Intent to Apply form may be emailed to contracts@ctc.ca.gov or sent by postal mail to:

Commission on Teacher Credentialing
Attn: Contracts
1900 Capitol Ave.

Appendix D Initial Application Budget Form

Directions: Complete the worksheet using the two listed categories as applicable.

Note: This budget should reflect an estimate of the planned distribution of funds to operate the program. Grantees will receive a total of \$4,000 in funding for each participant for each year in the program. Funds that are not expended or encumbered by program participants by the end of a fiscal year cannot be returned to the Commission; however, the budget disbursement for any fiscal year of the program will be adjusted to account for funds that have not been expended or encumbered in a prior fiscal year. Carrying over of unused funds is not allowed.

Indicate below the amount that will be allocated for direct participant support (i.e., books, tuition, fees, examination fees, credential fees, and other support services) and the amount that will be allocated for program administration purposes, if applicable. Base estimates on the requested number of participant slots. After final allocation of available slots to grantees, a more detailed budget (Appendices F and G) will be required within a month of notification based on the actual number of participants and their educational status.

CALIFORNIA CLASSIFIED SCHOOL EMPLOYEE TEACHER CREDENTIALING PROGRAM

PARTICIPANT COMMITMENT AND AGREEMENT

This Agreement is entered into between the _____ School District (), County Office of Education (), Charter School () (herein after referred to as "the LEA"), and _____ (employee name), for the purpose of clearly defining both the LEA's and the participant's responsibilities in relation to his/her voluntary participation in the LEA's Classified School Employee Teacher Credentialing Program.

The participant agrees to act in good faith in all aspects of this Agreement and agrees to do all of the following:

- (A) Graduate from an institution of higher education under the program with a bachelor's degree if the participant does not already have a bachelor's degree.
- (B) Complete all of the requirements for, and obtain, a multiple subject, single subject, or education specialist teaching credential.
- (C) Complete one school year of classroom instruction in the school district, charter school, or county office of education for each year of assistance received for books, fees, and tuition while attending an institution of higher education under the program.
- (D) Comply with the rules and requirements of the LEA's program established by the participant's employer.

Certification of Acceptance of Terms of the Agreement

I have read the Participant Commitment and Agreement for participation in the California Classified School Employee Teacher Credentialing Program and agree to comply with all terms included in the agreement.

Appendix F

Budget Form Based on Final Allocation of Participant Slots

Directions: Complete the worksheet using the listed categories as applicable. If additional categories are necessary that are not included, list in spaces provided below. Definitions for each category listed can be found within Appendix G, Budget Definitions. All categories must be detailed in the budget narrative. Note that annually payment shall be 50% in fall and the remaining 50% in the spring.

Category	Year 1
Personnel Salaries	
Release Time	
Participant Recruitment Activities (not included in Personnel and/or Release Time)	
Collaboration Activities with IHEs (not included in Personnel and/or Release Time)	
IHE Tuition, Fees, Books - Participants at a CA Community College	
IHE Tuition, Fees, Books - Participants at a CSU, UC or private four-year IHE	
Other Support Services for Participants	
Testing and Credential Fees	
Program Administration (optional)	
Other (specify)	
Total	

Grantees will initially be funded for the first program year. An end of year budget and a proposal for the following year's budget must be submitted by July 5 annually and will be subject to Commission review and approval. **Carryover of unused funds from one year to the next is prohibited.** Any unspent or unencumbered funds in a given year will affect the following year's budget disbursement such that the next disbursement will be adjusted to include funds that have not been spent by the grant recipient during the previous year. Applicants should note that grant funds may not be used to provide stipends directly to program participants.

Appendix G

Budget Definitions

Directions: For each of the line item budget categories on the Budget Form, provide the details of how the yearly total was calculated. Below are clarifications of what type of information should be included for each line item.

Personnel: Use this line item if a portion of an employee's salary will be paid by the grant funds. Indicate the position(s) and the percent of time to be paid by the grant funds.

Release Time: Use this line item to indicate the positions of any personnel who will be released to work on the grant and the amount/percentage of release time that will be paid by the grant funds.

Participant Recruitment Activities: Use this line item to indicate any recruitment activities not otherwise accounted for in the Personnel and/or the Release Time categories, and describe the type(s) and amount(s) of expenditure(s).

Collaborative Activities with IHEs: Use this line item to indicate any collaborative activities with IHEs providing coursework and other services to participants not otherwise accounted for in the Personnel and/or the Release Time categories, and describe the type(s) and amount(s) of expenditure(s).

IHE Tuition, Fees, Books for Participants: Use this line item to indicate the amount expected to be expended on behalf of the participants for books, tuition, and fees, calculated for participants attending a California Community College and participants attending a CSU, UC or private four-year IHE, based on initial estimates of the number of participants.

Other Support Services for Participants: Use this line item to indicate any other type of support services that may be provided to participants through the grant funds (e.g., tutoring, transportation, etc.)

Testing and Credential Fees: Use this line item to indicate any test fees (e.g., CBEST, CSET, RICA) and any credential fees to be paid on behalf of participants through the grant funds.

Program Administration: Use this line item to indicate any costs for program administration not included in any other budget category, if administration costs are charged to the grant

Other: Add any additional line items with associated expenditures.
