Teacher Supply in California 2005-2006

A Report to the Legislature

Executive Summary

Determining teacher supply in California is essential for policy makers as they analyze how current statutes and policies impact teacher recruitment, teaching incentives and teacher preparation. This report provides data collected by the California Commission on Teacher Credentialing (Commission) and addresses several questions regarding the supply of teachers newly available to teach in California classrooms.

This report is provided in response to Assembly Bill 471 (Chap. 381, Stats. of 1999). AB 471 requires that the Commission report to the Governor and the Legislature each year on the number of teachers who received credentials, certificates, permits and waivers. The report includes the type and number of documents issued authorizing service to teach in California public schools or schools under public contract for fiscal year 2005-06. The report incorporates the requirements of the legislation into a tool for policy makers and others interested in teacher supply. More detailed data is available on-line in the full report at www.ctc.ca.gov.

This report is structured based on the following headings:

- The Number of Teachers Earning Credentials
- The Types of Credentials Teachers Are Earning
- Preparation through an Intern Delivery Model
- Paraprofessional Program
- Who Prepares California's Teachers?
- Are More People Considering a Teaching Career?
- Teachers Who Earned an English Learner Authorization Through Staff Development
- The Number of Permits and Waivers that are Not Compliant With The Highly Qualified Teacher Requirement In NCLB
- Number of Individuals Employed in Public Schools Holding Teaching Documents

In fiscal year 2005-06, California saw an 8% decrease in the number of newly credentialed teachers, but an increase of almost 16% in the number of newly credentialed special education teachers.

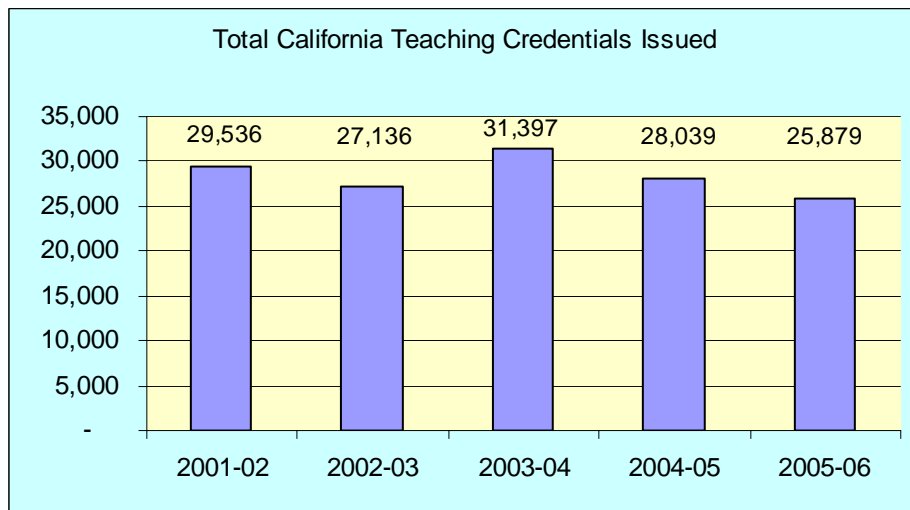

The Number of Teachers Earning Credentials

Teachers may earn a California teaching credential through a variety of programs offered by Institutions of Higher Education (IHE) or through intern programs offered by a school district, county office of education, or consortia of districts. All teacher preparation programs must meet the same high teacher preparation standards and be accredited by the Commission. Teachers prepared in other states have options for obtaining a California credential depending on their years of experience. Recent legislation has streamlined this process for out-of-state teachers.

The following chart shows the numbers of teachers initially earning California teaching credentials for fiscal years 2001-02 through 2005-06. The chart also shows that the supply of newly credentialed teachers in 2005-06 decreased by 7.7% over the previous fiscal year.

The following charts show the types of teaching credentials earned in California through the avenues outlined on the previous page – California IHE programs, school district programs, and

teachers prepared in other states. There are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings. Multiple subject teaching credentials authorize service in self-contained classrooms such as classrooms in most elementary schools. Single subject teaching credentials authorize service in departmentalized classes such as those in most middle and high schools. Education specialist credentials authorize service in special day classes and in resource programs for students with special needs.

The Types of Credentials Teachers Are Earning

This report focuses on teaching credentials for California’s K-12 classrooms. As stated previously, there are currently three basic types of teaching credentials issued by the Commission for service in K-12 academic settings, multiple subject teaching credentials, single subject teaching credentials, and education specialist credentials.

As shown in the chart below, multiple subject teaching credentials comprised 52% of the total number of credentials issued in 2005-06 at 13,563. Single subject teaching credentials comprised 34%, at 8,680, and education specialist teaching credentials comprised 14% of the total at 3,636.

Preparation through an Intern Delivery Model

California offers great flexibility for individuals interested in becoming teachers. The traditional route to teaching includes a year of preparation courses including field experience and student teaching. The experience is carefully planned to introduce the prospective teacher into the classroom and to ensure that the teacher is fully prepared upon earning the credential. However, this route does not meet the needs of many individuals who have the skills and dedication necessary to become excellent teachers. For individuals who must earn a living while completing a teacher preparation program and for career changers who bring valuable skills and experience to the classroom, internship programs are a viable option.

Many IHEs offering teacher preparation programs also offer an internship alternative. School districts may also offer teaching internship programs. All alternative programs must meet the same high standards as traditional programs and must be accredited by the Commission. Each program must show how it prepares interns prior to their classroom experience – usually during the summer – and must show how interns are mentored and assessed in addition to providing continued teacher education courses and seminars.

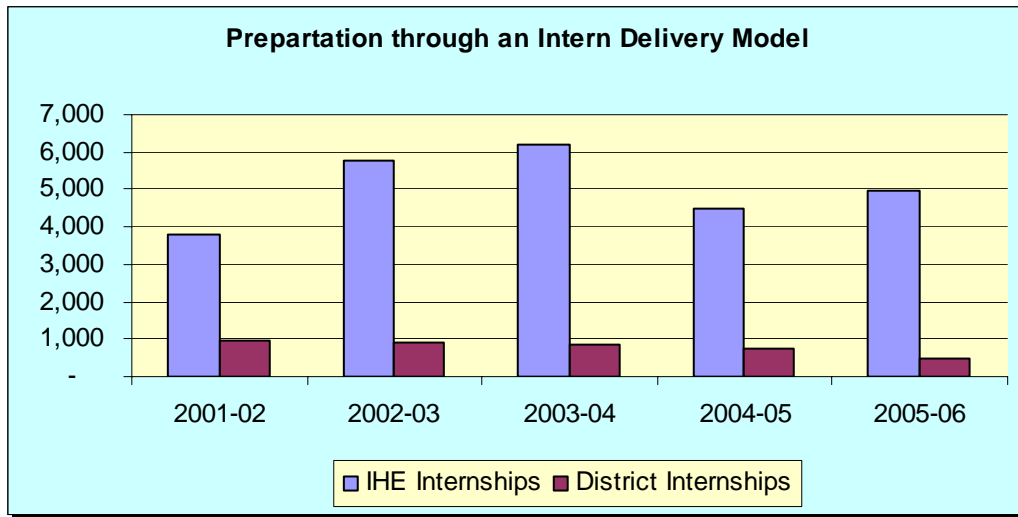

The chart below shows the number of internship credentials issued for use in both IHE and school district programs over a five-year period. Data for fiscal year 2005-06 showed a 9%

increase in the total number of documents issued over the previous fiscal year even though district internship programs showed a slight declining trend, the university internship total rose by over 10%.

* Internships may be 1, 2, or 3 years in length.

Paraprofessional Program

In the past few years, the Governor and the Legislature have provided funding for individuals working in classrooms as paraprofessionals. The paraprofessional teacher training program provides money for tuition and books, and offers academic support as participating classroom aides earn a college degree and complete a credentialing program. Due to fiscal challenges experienced by the State of California, the paraprofessional program had experienced a dramatic reduction in funding, resulting in a declining trend in the past three years. However, there is a 5% increase between 2004-05 and 2005-06. The paraprofessional program has been highly successful in moving participants into internship programs and later to obtaining full credentials.

Who Prepares California’s Teachers?

California Universities prepared 87% of the newly credentialed teachers in California during fiscal year 2005-06. Teachers prepared in other states who became credentialed in California comprised 12% of newly credentialed California teachers. The remaining 1% of teachers was prepared through school district internship programs.

Are More People Considering a Teaching Career?

Tracking teacher preparation program enrollment can serve as a forecasting tool. Federal regulations require all states to report data on teacher preparation. Included in this report is enrollment data for all California IHE teacher preparation programs during fiscal year 2004-05.

The charts show enrollment data for multiple subject, single subject, and education specialist teaching credential programs. The first three charts show this data according to enrollment in programs offered through the California State University (CSU), the University of California (UC), Private/Independent Universities, and District Intern programs during fiscal year 2004-05.

The next chart shows aggregate data for fiscal years 2001-02 through 2004-05. Because not all credential candidates will complete their teacher preparation program in one year, the data should be viewed in light of the varying length of each candidate's progress toward the credential. The data show that there were 34,176 candidates enrolled in programs for multiple subject teaching credentials, 20,073 candidates enrolled in programs for single subject teaching credentials, and 10,504 candidates enrolled in programs for education specialist teaching credentials during fiscal year 2004-05. Total enrollment was down 4% over fiscal 2003-04.

Another indicator of interest in teaching is the number of individuals taking the California Basic Educational Skills Test (CBEST). This exam is a prerequisite for all teaching and service credentials in California. It measures an individual's basic competence in reading, writing and mathematics. There were 72,012 CBEST examinees during fiscal year 2005-06. This was a 7.4% decrease over the previous year. All examinee numbers include repeat test takers.

Teachers Who Earned an English Learner Authorization Through Staff Development

Teachers can be authorized to teach English learners through the provisions of Senate Bill 395 (Chap. 685, Stats. of 1999), which became effective on January 1, 2000. This bill amended Education Code 44253.10, and created a transition to Commission approval of Staff Development programs and Commission issuance of the Certificate of Completion. The certificate serves as an additional authorization for experienced credentialed teachers and allows the holder to teach English learners in content areas using English. The provisions of SB 395 are scheduled to sunset on January 1, 2008.

The Number of Permits and Waivers That Are Not Compliant With The Highly Qualified Teacher Requirement In No Child Left Behind

The NCLB Act defines a highly qualified teacher as one who holds a bachelor's degree, a teaching credential issued by the State, and is proficient in the subject of the credential. There are a number of documents that an individual may hold that are not compliant with the NCLB Act. This section shows the numbers of Pre-Internship, Special Temporary Certificates, Short-term Staff Permit (STP), Provisional Internship Permit (PIP), Emergency Permits and Waivers that were issued in 2005-06. All of these documents are not compliant with the Highly Qualified Teacher Requirement in the NCLB Act.

The pre-intern program has seen its funding eliminated since pre-intern certificates are not compliant with NCLB. The pre-intern program provided funds for school districts to support teachers who would otherwise have served on emergency permits. The program offered training in basic classroom skills such as classroom management and organization, provided mentoring

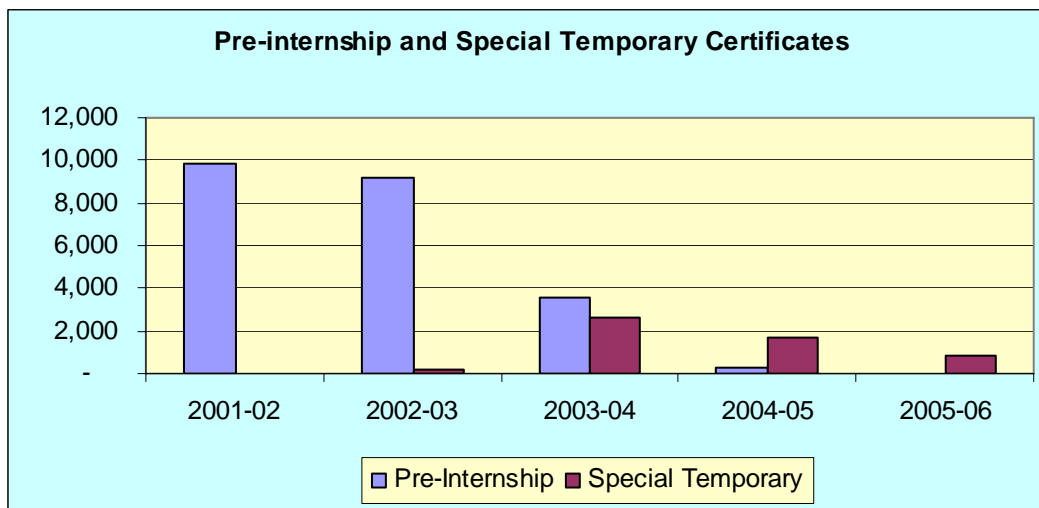

and helped participants meet the credentialing subject matter requirements to enter an internship program.

On August 2, 2005, Californians for Justice Education Fund filed suit against the California Commission on Teacher Credentialing regarding the Commission's authority to issue Individualized Internship Certificates (IIC). On November 2, 2005, the Court determined in a stipulated judgment that the Commission did not have the authority to issue Individualized Internship Certificates without first promulgating regulations. As a result the previously issued IICs were deemed void and replaced with Special Temporary Certificates. A Special Temporary Certificate allowed individuals who had completed subject matter programs to participate in college and university based teacher preparation programs while earning a credential.

The following chart shows that the combined total for both documents issued during 2005-06 was down by 58% compared to the previous fiscal year. Neither Pre-intern Certificates nor Special Temporary Certificates are issued as of June 30, 2006.

Chart R: Pre-Internship and Special Temporary Certificates

Totals	9,841	9,361	6,150	1,977	829	-58%

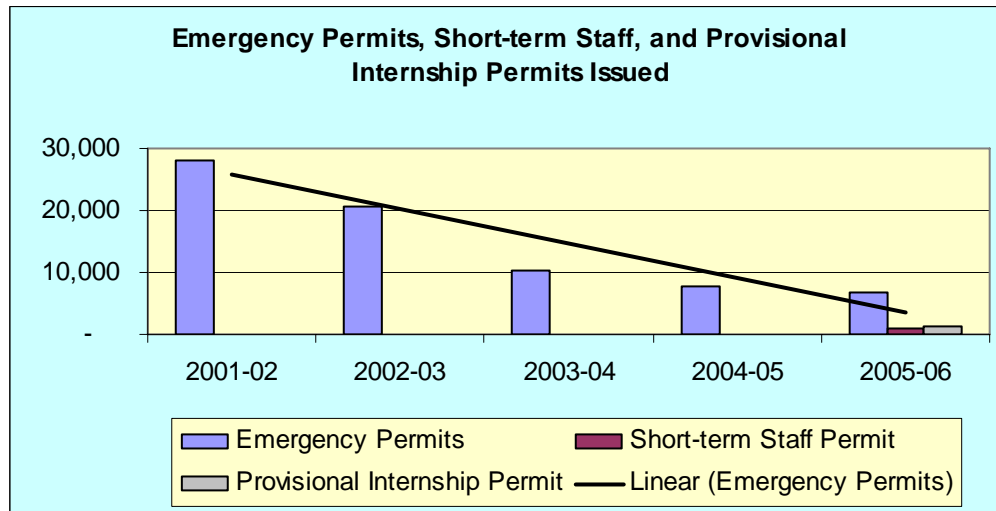

For the sixth consecutive year, emergency permits decreased over the previous fiscal year. Although the number of emergency teaching permits (multiple subject, single subject, and special education) decreased by 12% -- from 7,766 in 2004-05, to 6,815 in 2005-06, the total issuance of documents that authorize 'emergency' service in the public schools has increased by 16%. Two new documents began to be issued in 2005-06, the STP and the PIP. The STP allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully credentialed teacher cannot be found. The PIP allows an employing agency to

fill an immediate staffing need by hiring an individual who has not yet met the subject matter competence requirement needed to enter an internship program. The PIP and STP documents were issued to individuals that previously might have been issued an Individualized Intern Certificate.

Since fiscal year 2001-02, California has seen a 76% decrease in the number of emergency teaching permits issued, and an 84% decrease in the number of credential waivers issued. The number of credential waivers also decreased by 40% -- from 475 in 2004-05, to 287 in 2005-06. But in 2005-06, STP and PIP certificates were a new type of permit that authorizes 'emergency' service. Taking into account the total number of certificated teaching staff in California's schools and the number of emergency type teaching permits issued, the percentage of teachers on emergency permits has increased from 2.5% in 2004-05 to 2.9% in 2005-06. Credential waivers remained at .1% of the total certificated teaching in 2005-06.

Summary

Fiscal year 2005-06 saw the number of individuals initially earning a California teaching credential decrease by 7.7%. This is the second straight year where the total number of credentials issued has decreased. Although the total number of credentials has decreased, the number of Education Specialist credentials has increased by almost 16 %. There has been a 36 % decrease in the number of teachers prepared through district intern programs, although the number of Education Specialist teachers prepared by the district intern programs has increased from 16 to 67. There is a continued declining trend in both the number of individuals taking the CBEST and in the number of candidates enrolled in teacher preparation programs.

TABLE 1A (SUMMARY)
Multiple Subject, Single Subject, and Special Education Internship Credentials
Issued July 1, 2005 to June 30, 2006
Number of First Time/New Type Documents Issued Upon Recommendation

The following table summarizes the numbers of documents issued between July 1, 2005 and June 30, 2006 upon the recommendation of a California institution of higher education with a Commission-accredited internship program. The numbers include individuals who received their initial California internship credential (First Time) and those who previously held a different type of document such as an emergency permit (New Type).

Credentials Obtained by Out-of-State Trained Teachers
July 1, 2005 to June 30, 2006

The following table lists the type and number of preliminary and professional clear credentials issued to teachers who completed a teacher preparation program outside of California and are applying for their initial California credential. The total number of subject areas on Single Subject and Special Education Credentials is more than the total number of credentials as many individuals qualified for more than one subject authorization on their credential.

Table 4
Comparison of Credentials and Emergency Permits in Each Teaching Specialty Issued
July 1, 2005 to June 30, 2006

This table compares the number of teaching credentials to permits (emergency, short-term staff, provisional internship) issued for multiple subject, single subject, and special education authorizations. The credential numbers include documents for individuals who were recommended by an approved program sponsor in California and individuals who completed a credential program outside of California. These data are presented for comparison purposes only. No inference may be made regarding the shortage or surplus of teachers for specific credential areas as information was not available regarding the numbers of teaching positions in each credential area, numbers of credential holders currently serving in schools, or the availability of newly credentialed teachers for vacant positions in schools. The number of permits issued indicates a need in the public schools that was unable to be met with a credentialed individual. The number of subject areas on the single subject and special education credentials and permits is more than the total number of documents issued as some individuals qualified for more than one subject authorization on their document.

Table 5**Certificates, Permits, and Waivers Requested by Counties and Agencies: July 1, 2005 to June 30, 2006**

This table provides information on the number of University Internships, District Internships, Special Temporary Certificates, Emergency Permits, Provisional Internship Permit, Short-term Staff Permit, and Credential Waivers issued to each county and district. The first two columns identify the county and agency. The "Agency Total" column provides the total number of each type of document and the grand total of documents issued for each agency. The "Credential Title" column breaks down the general document type (e.g. University Internship, Emergency Permit, etc.) by the specific document type (e.g. Multiple Subject, Education Specialist, etc.) for each agency. The "Cred Total" column identifies the total number of specific documents issued to an employer. The "Subject" column breaks out the specific document type by all subject areas listed on the documents. The final column identifies the total number of subjects listed on each specific document issued to an employer.

Appendix

Types of Teaching Credentials in this Report

This report provides information regarding certification documents obtained by individuals who have completed preparation programs as well as licensing documents available to individuals who are in the process of completing such programs. It is helpful to understand the requirements for each type of certification. The following pages list the requirements for all the types of documents referenced in this report.

Professional Clear Teaching Credentials

To earn a Professional Clear Multiple or Single Subject Teaching Credential through a California postsecondary institution, the candidate must complete the following current requirements:

1. A baccalaureate or higher degree from a regionally accredited college or university;
2. Passage of the California Basic Educational Skills Test (CBEST);
3. Verification of subject matter competence by passage of an appropriate examination(s) or completion of a program of subject matter coursework through an institution with an approved program;
4. A course or examination in the principles of the United States Constitution;
5. A professional teacher preparation program including student teaching;
6. A course in reading instruction as a part of developing English language skills;
7. Passage of the Reading Instruction Competence Assessment (RICA) for the Multiple Subject Teaching Credential;
8. A fifth year of study consisting of 30 semester units beyond the bachelor's degree in a defined field of study designed to improve the teacher's competence and skills;
9. A course in health education including nutrition, the physiological and sociological effects of abuse of alcohol and narcotics and the use of tobacco, and training in cardiopulmonary resuscitation;
10. Coursework in the laws, methods and requirements for providing educational opportunities to individuals with exceptional needs in the regular classroom; and
11. Coursework in computer education which includes general and specialized skills in the use of computers in educational settings.

In Senate Bill 2042 (Alpert, Mazzoni), Chapter 548, Statutes of 1998, the Legislature recently acted to streamline and consolidate this fragmented list of current credential requirements. As a consequence, the fifth year of study is being replaced by intensive induction programs such as BTSA, and the last three items are being folded into preparation and induction programs by the Commission. Meanwhile, prospective teachers receive preliminary teaching credentials as soon as they complete the first seven requirements above.

A candidate for the Professional Clear Education Specialist Instruction Credential must complete the following requirements:

1. requirements 1 through 7, and 9 and 11 described above;
2. an individualized induction plan designed by the teacher in collaboration with the employing agency and California college or university with an approved program; and
3. two years of successful experience in a public school (or private school of equivalent status).

Internship Teaching Certificates, Emergency Permits and Credential Waivers

Education Code Section 44225.6 requires the Commission to provide data on each of the documents available for individuals to serve as teachers prior to completion of a full preparation program. Those documents include University Internship Credentials, District Internship Certificates, Special Temporary Certificates, Pre-Intern Certificates, Emergency Permits and Credential Waivers. Following is information regarding each of those licensure documents, including the requirements for each.

University Internship Credentials

University Internship Credentials are issued to individuals who have enrolled in professionally accredited internship programs. These one- to two-year programs are administered by California colleges and universities in partnership with local school districts, and are designed to provide participants with classroom experience while they complete the coursework requirements for the preliminary or professional clear credential. University Internship Credentials authorize the holder to serve, under the supervision of an accredited institution and the holder's employer, in the area or subject listed on the credential.

Requirements for University Internship Credentials are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the California Basic Educational Skills Test (CBEST);
3. Completion of a U.S. Constitution course or examination;
4. Verification of subject matter competence by passage of the Commission-approved subject examinations for the subject(s) to be listed on the document or completion of a minimum of 4/5ths of the subject-matter program; and
5. Entry into a professionally accredited internship program.

The accredited internship *is* the professional preparation program for the teaching intern who qualifies for a Professional Clear Teaching Credential by completing the other requirements listed on page 2.

District Internship Credential

Districts that choose to offer a district internship program develop a professional development plan in consultation with an accredited institution that offers a teacher preparation program. The District Internship Certificate is issued for two years. During this two-year period the intern is required to complete the training, in-service, professional development and experience requirements as specified in the professional

development plan. At the end of the two-year issuance of the certificate the district's governing board recommends to the Commission that the district intern be granted a professional clear teaching credential, provided all requirements have been met.

Requirements for initial issuance of a District Intern Credential are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the CBEST;
3. For the single subject authorization: a major or minor in the subject to be listed and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Commission-approved subject matter examinations for the subject(s) to be listed.
4. For the multiple subject authorization: appropriate subject matter coursework and (1) successful completion of the appropriate subject matter preparation program, or (2) passage of the Praxis series Multiple Subjects Assessment for Teachers (MSAT);
5. Statement completed by the governing board of the employing agency verifying that the District Intern will be assisted and guided throughout the training period by a certificated employee.

Special Temporary Certificates

The Special Temporary certificate is an option to individuals who are not enrolled in an existing district or university internship program. The certificate is available only at the request of an employing agency.

Requirements for the Special Temporary Certificate are:

1. Completion of a baccalaureate or higher degree from a regionally accredited institution;
2. Verification of passage of the CBEST;
3. Complete a course (two semester units or three quarter units) in the principles of the U.S. Constitution, or pass an examination in the subject given by a regionally-accredited community college, college, or university.
4. Verify subject matter competence by ONE of the following three methods:
 - a) Achieve a passing score on all appropriate subject matter examination(s).
 - b) Complete a Commission-approved subject-matter program or its equivalent and obtain verification of completion from the authorized person in the education department of a California college or university with an accredited program.
 - c) For specialized science subject only, individuals may either take the appropriate subject matter examinations or obtain verification of completion of subject-matter course work from the Commission on Teacher Credentialing.
5. A completed Agreement. Individuals must have an offer of employment and be enrolled in a college or university with a Commission-approved program.

Provisional Internship Permit

The Provisional Internship Permit (PIP) was created in response to the phasing out of emergency permits and became effective on July 1, 2005. It allows an employing agency to fill an immediate staffing need by hiring an individual who has not yet met the subject matter competence requirement needed to enter an internship program. Prior to requesting a PIP, the employing agency must verify that a diligent search has been made, and a fully-credentialed teacher cannot be found.

The PIP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the PIP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The PIP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued two PIPs as long as the employer requirements have been met. Individuals who were issued five emergency permits do not qualify for the PIP.

Requirements for Initial Issuance

1. Possession of a baccalaureate degree or higher from a regionally accredited-college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST)
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for the Provisional Internship Permit (form CL-857) with each request for the Provisional Internship Permit:
 - A diligent search has been conducted for a suitable credentialed teacher or suitable qualified internship teacher. Diligent search must include, but is not limited to, distributing job announcements, contacting college and university placement centers, and advertising in print or electronic media. Copies of all recruitment efforts must be submitted with the application packet.
 - The employer has provided orientation, guidance and assistance to the permit holder
 - The employing agency will assist the permit holder in developing a personalized plan through an agency-defined assessment that would lead to meeting subject matter competence related to the permit
 - The employing agency will assist the permit holder to seek and enroll in subject matter training, such as workshops or seminars and site-based courses along with training in test-taking strategies and will assist the permit holder in meeting subject matter competence related to the permit
 - The candidate has been apprised of steps to earn a credential and enroll in an internship program
 - The employing agency will ensure a notice of intent to employ the applicant in the identified position has been made

Public school districts must present this notice to the governing board in a public

meeting with a signed statement from the superintendent, or his or her designee, and verification that the item was acted upon favorably. **This must be an action item on the agenda and not part of the consent agenda.** A copy of the agenda item must be submitted with the application packet.

County offices of education, nonpublic schools, statewide agencies, and charter schools must submit a copy of the dated public notice that was posted 72 hours prior to the position being filled.

5. Submit an application ([form 41-4](#)), [appropriate fees](#), and if not previously submitted, a LiveScan receipt ([form 41LS](#))

Short-term Staff Permit

The Short-Term Staff Permit (STSP) became available on July 1, 2005. Created in response to the phasing out of emergency permits, it allows an employing agency to fill an acute staffing need when local recruitment efforts have been made but a fully-credentialed teacher cannot be found.

The STSP is only available at the request of an employing agency. Individuals may not apply directly to the Commission for this document. Holders of the STSP are restricted to service with the employing agency requesting the permit. An employing agency is defined as a California public school district, county office of education, nonpublic school, charter school, or statewide agency.

The STSP is available in the areas of Multiple Subject, Single Subject, and Education Specialist. Individuals who were issued four or fewer emergency permits may be issued a STSP. Individuals who were issued five emergency permits do not qualify for the STSP.

Requirements for Initial Issuance

1. Possession of a baccalaureate degree or higher from a regionally-accredited college or university
2. Verification of passage of the California Basic Educational Skills Test (CBEST).
3. Successful completion of course work for the permit type requested.
4. The employing agency must verify all of the following on Verification of Requirements for Short-Term Staff Permit ([form CL-859](#)) with each request:
 - Local recruitment efforts have been conducted for the STSP being requested
 - The employer has provided orientation to the curriculum and to techniques of instruction and classroom management to the permit holder
 - The employer has assigned a mentor teacher to the permit holder for the term of the STSP
 - Written justification for the STSP must be submitted to the Commission, signed by the employing agency's Superintendent or designee. In the case of a state certified nonpublic school, the school director's signature is required.

Emergency Permits

Emergency permits may be requested by employers when they are unable to locate enough fully credentialed teachers to meet employment needs. Emergency permits are valid for one year and authorize the holder to provide the same service as a full teaching credential. Employers applying on behalf of individuals for any of these permits must verify that those individuals have met minimum requirements before the permits are issued. Some of these requirements are general to all types of emergency permits, while others are specific to the type of permit requested. All emergency permits require the holder to complete specific requirements while he or she holds the permit in order to be eligible for a reissuance of the emergency permit for another year. Emergency permits may be renewed for a maximum of five years.

General Requirements for All Emergency Permits

The applicant must verify that he or she possesses a baccalaureate or higher degree from a regionally accredited college or university, has passed the CBEST and has completed the specific requirements for the permit requested, as described next.

All employing agencies requesting emergency permits are required to file a Declaration of Need for Fully Qualified Educators. This Declaration is submitted each school year prior to the Commission issuing emergency permits to individuals employed by the agency. The employing agency states on the Declaration of Need its estimate of need for each type of emergency permit. The Declaration must be approved in a public meeting of the agency's governing board.

As a condition for employing emergency permit holders, the district must agree to provide permit holders with orientation, guidance and assistance including curriculum training, and effective techniques of classroom instruction and management. This training should occur prior to the individual being placed in a classroom. The emergency permit regulations also require the employing district to assign a certified and experienced educator to guide and assist the emergency permit holder. In addition, the certified and experienced educator must have at least three years of full-time classroom teaching experience. Emergency permits are valid for one year and restricted to the district requesting the permit.

Specific Requirements for Emergency Permits

In order to qualify for an emergency permit, an applicant must meet the general requirements listed above and requirements specific to the type of permit requested. Specific requirements are listed below by permit type:

Multiple Subject Emergency Teaching Permit

 - (d) a minimum of nine semester units in special education or in a combination of special education and regular education that are appropriate to a special education or regular education teaching credential. teacher preparation coursework.

Reissuance Requirements for Emergency Permits

Applicants must satisfy all of the following requirements:

- (1) For the first reissuance only, all of the following requirements must be satisfied:
 - (a) assistance has been provided; and
 - (b) obtain an evaluation by a Commission-accredited professional preparation institution identifying requirements the emergency permit holder must complete to be eligible for the related credential; and
 - (c) verify that holders of the Emergency Multiple or Single Subject Teaching Permits, or Emergency Education Specialist Instruction Permit have completed one of the following:
 - take the appropriate subject-matter examination(s) if the holder has not completed the subject matter knowledge requirement prior to applying for the permit; or
 - complete at least six semester units or nine quarter units of accredited course work (with a grade of "C" or better) in a Commission-accredited professional preparation program or subject-matter program required for issuance of the related

credential (The course work must be completed after the issuance date of the current permit and prior to the requested reissue date). The appropriate college or university must verify the course work; or

- complete a minimum of 90 hours of professional development activities that are directly related to the subject or class authorized by the emergency permit if the applicant is employed by an employing agency with a Plan to Develop Fully Qualified Educators which has been accredited by the Commission.

(2) For all subsequent reissuances, both of the following requirements must be satisfied:

- (a) your employer must verify that guidance and assistance have been provided; and
- (b) complete at least six semester units or nine quarter units of accredited course work (with a grade of "C" or better) in a Commission-accredited professional preparation program or subject-matter program required for issuance of the related credential. The appropriate college or university must verify the course work.

(3) The employing agency must have an annual Declaration of Need for Fully Qualified Educators on file with the Commission.

Credential Waivers

Credential waivers are utilized by county offices of education, school districts and non-public schools to fill certificated positions when individuals holding credentials or permits are unavailable. When an employing agency reviews its staffing needs and recruits for various positions, it first must attempt to fill a position with an appropriately credentialed employee. If a credentialed individual is not available, the employer must explore the feasibility of employing an individual in an internship capacity. If a university or district internship program is not available, the employer may request an emergency permit. When the employer is unable to find an individual who qualifies for the emergency permit, it then requests a credential waiver for the best qualified applicant available.

Credential waivers provide additional time for individuals to complete credential requirements or provide employing agencies with time to find an individual who either holds an appropriate credential or qualifies under one of the available assignment options. Waivers are generally issued for one calendar year and the individual on the waiver must demonstrate progress by completing an examination or coursework toward the credential before the employer may request a subsequent waiver.

General Criteria For All Waiver Requests

Waiver requests must meet all of the following criteria:

- *Recruitment:* There is acceptable evidence that the employer has verified that they have attempted to recruit a fully credentialed individual for this assignment.

- *Credential Goal:* There is evidence that the waiver request is in a subject matter area known to have substantial shortages of credentialed personnel. This is determined by a periodic review of the number of waiver requests and emergency permits issued during the prior year. Currently, the established shortage areas are: special education including the resource setting, speech therapy, education for limited English proficient students, math and science instruction, reading instruction, driver education and training, library media services, and multiple subject instruction.
- *Qualifications:* There is acceptable evidence that the employing agency has provided sufficient information to explain why the applicant is the best available person for the position. Such information may include verification of the completion of a degree, CBEST, part or all of a professional preparation program, or related experience.
- *Assignment:* There is evidence that this person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.
- *Commitment:* There is acceptable evidence that the individual will have ongoing support and assistance provided by district personnel who hold a credential in the area of the waiver.
