SUBJECT: PK-3 Early Childhood Education Specialist Credential Requirements

Summary:

The purpose of this Credential Information Alert (CIA) is to provide information related to the regulations and requirements for the PK-3 Early Childhood Education (ECE) Specialist credential. The additions and amendments to Title 5 California Code of Regulations (CCR) related to the PK-3 Early Childhood Education Specialist Credential were approved by the Office of Administrative Law (OAL) and are effective as of April 1, 2024.

Key Provisions:

The PK-3 ECE Specialist Instruction Credential is intended to meet the unprecedented need for qualified ECE teachers who have the necessary knowledge, skills, and abilities to provide developmentally appropriate learning for all young children. It authorizes holders to teach all subjects in a self-contained general education classroom setting and to team teach or regroup students across classrooms, in preschool through grade three.

The approved regulations provide the PK-3 ECE program standards and credential requirements as well as a bridge and accelerated pathway for current Multiple Subject Credential holders and Child Development Teacher Permit holders with a bachelor's degree to earn the PK-3 ECE credential. The chart below provides the credential codes and statements that are associated with the new credential and can be seen through the Commission's online look-up system for educators that earn the credential.

AUTHORIZATION TITLE	DOCUMENT CODE	TERMS	AUTHORIZATION CODE
PK-3 Early Childhood Education Specialist Instruction Credential	PK3	IN, P5, CL	PK3 ELAP

The PK-3 Early Childhood Education Specialist Instruction Credential can be issued as an Intern, Preliminary, or Clear document type. It is issued with two authorizations, the credential authorization (PK3), and an English Learner authorization (ELAP). The English Learner authorization aligns with the limited EL authorizations issued on the Single Subject Teaching Credential (ELAS), Multiple Subject Teaching Credential (ELAM), and Education Specialist Teaching Credential (ELAE). The holder is authorized to provide Designated and Integrated English Language Development (ELD) services but is not authorized to teach Departmentalized ELD. The full text of both authorization statements may be found in Appendix A.

In addition to the new document codes provided above, District Intern credentialing codes have been updated to accommodate the addition of this credential. PK-3 District Intern credentials will be issued with the Term “PK” and will receive a different authorization code (R10P), and the same English Learner authorization code as the full credential.
