GLOSSARY OF TERMS

Variable Term Waiver – The Variable Term Waiver is a document issued for employers who meet the waiver criteria when a fully credentialed teacher is not available for the assignment. It allows the employer to fill the assignment while searching for a fully credentialed teacher in the subject area of the assignment and gives the waiver holder additional time to complete requirements.

Short-Term Waiver – The Short-Term Waiver gives local employing agencies the ability to cover unanticipated, immediate and short-term needs. The waiver allows employers to assign teachers who hold a basic credential to teach outside of their credential authorization for one semester or less with the teachers' consent.

Waiver Criteria – Terms for the Waiver Criteria are set by the Commission and include specific requirements for designated high and low incidence credentialing areas including verification of recruitment efforts, evidence of qualifications to teach in the assignment and a commitment to meet the credentialing goals.

High and Low Incidence Areas – Periodically the Commission conducts statistics on which credential types are in high need. Waiver requests in predominantly high need areas require less documentation and do not require submission of recruitment efforts verification.

Waiver Conditions – These are the conditions set by the Commission that the waiver holder must meet in order to qualify for a permit, credential or a subsequent waiver. These conditions are written directly on the waiver document.

Denial Letter – Letter to notify the employer that a teacher applicant does not meet the waiver criteria and must be removed from the classroom. If there is new information to support the waiver request, the employer may resubmit a request for re-evaluation.

Request for Re-Evaluation – This process allows the employer to respond to a denial letter. The Commission will reconsider the waiver request only if new information has been submitted to support the waiver. The new information submitted must respond to concerns addressed in the denial letter. All supporting coursework or experience must have been completed prior to the timeframe of the waiver request.

Precedential Decisions – Record of decisions made on cases that set precedence on waiver criteria.

INTRODUCTION

Since July 1994, the Commission on Teacher Credentialing has had the authority to issue waiver documents that have expressly to do with educator preparation and credentialing and with the ability of employers to employ or assign persons who are not appropriately credentialed for their assignment. All other waivers are under the legal authority of the State Board of Education or the Superintendent of Public Instruction.

Waivers are issued or denied based upon the Commission's established criteria and factors such as an employer's continuing needs; the support the employer will provide to the applicant; or extenuating, extraordinary and unanticipated circumstances.

As of July 1, 2006, the Commission granted staff the authority to issue or deny waivers. Waivers are processed in date order of receipt. Commission staff no longer presents waivers to the Committee of Credentials for approval. See Coded Correspondence 06-0010 for details at the following link: <u>http://www.ctc.ca.gov/notices/coded/060010/060010.pdf</u>

When an employing agency reviews its staffing needs and starts recruiting for various positions, all attempts must be made to fill a position with an appropriately credentialed employee. Employing agencies are required to first recruit a candidate who is qualified to participate in and enrolls in an approved internship program in the region of the employing agency and secondly a candidate who is scheduled to complete preliminary credential requirements within six months.

If a fully credentialed candidate is not available employing agencies must recruit candidates in this order:

- > A candidate who is qualified to participate and to enroll in an intern program
- A candidate who is scheduled to complete his or her preliminary credential requirements within six months
- ➤ A candidate who qualifies to use a local assignment option
- A candidate who qualifies for the Provisional Internship Permit (PIP) or the Short Term Staff Permit (STSP)

If the employer is unable to find an individual who qualifies for one of the staffing options listed above, the Variable Term Waiver may be requested for the most qualified candidate.

The Commission has divided the waiver process into two types of waivers; short-term and variable term. Short-Term Waivers give local agencies the ability to cover unanticipated, immediate and short-term needs. This waiver allows employers to assign teachers who hold a basic credential to teach outside of their credential authorization for one semester or less with the teachers' consent. For a full description and a copy of the county reporting form refer to the section under Short-Term Waivers starting on page 27.

Variable Term Waivers give the employer the ability to cover assignments when a fully qualified credentialed employee cannot be found. Waivers allow employers to meet staffing needs while searching for an individual who either holds an appropriate credential or qualifies for one of the available assignment options for the assignment. It also allows the individuals holding waivers to complete their credential requirements while serving in the classroom.

Variable Term Waivers:

- Allows the employing agency to assign identified individuals when there is an insufficient number of certificated persons who meet the specified employment criteria for the position;
- Temporarily exempt geographically isolated regions, which have severely limited ability to develop personnel from specific state requirements for educator preparation, licensing or assignment; or
- Facilitate assignments in school programs addressing issues of educational reform and other temporary conditions approved at the discretion of the Commission.

GENERAL WAIVER CRITERIA

Once the employing agency determines it has a need for a variable term waiver, it must verify that the individual has met the criteria approved by the Commission. Determinations are based upon the Commission's criteria and factors such as the employing agency's continuing need, the support the employer will provide to the applicant, or extenuating, extraordinary and unanticipated circumstances.

When Commission staff reviews a waiver request, a determining factor is how close the candidate is to qualifying for the permit or credential. Therefore, it is very important to provide all transcripts, examination scores, letters or other documentation to support that the individual has met all requirements for certification with the exception of the requirements that need to be waived.

Waiver requests must meet all of the following criteria:

Recruitment: Evidence that the employer attempted to recruit a fully credentialed teacher for the assignment through job announcement distributions, Institution of Higher Education (IHE) placement center contacts and internet recruitment through Ed Join etc. Low incidence areas must provide documentation of recruitment. Refer to the section on "High and Low Incidence Areas," page 5, for the current list of high and low incidence areas.

Qualifications: Written verification by the employing agency to explain why the applicant is the best available candidate for the position. Include all supporting materials such as degree verification, course work in the subject area, basic skills requirement, professional preparation program, and related experiences.

Assignment: Verify that the person has not been identified as misassigned in this assignment by the employing agency, or if the person has been identified as misassigned, there is evidence that action other than requesting a waiver was taken as a result of that misassignment.

Commitment: Verification that the candidate will have ongoing support and assistance in the subject area as provided by the appropriate person as determined by the employing agency. The Commission must be assured that the local employing agencies provide orientation, guidance, and assistance to candidates. The candidate must commit to completing requirements for the appropriate credential.

HIGH AND LOW INCIDENCE AREAS

Periodically the Commission reviews credential statistics to determine current high and low incidence areas. At its April 2006, meeting, the Commission took action to change the recognized credential waiver high and low incidence areas. As of July 1, 2006, new high and low incidence areas were established. Refer to Coded Correspondence 06-0006 for details at the following link: http://www.ctc.ca.gov/notices/coded/060006/060006.pdf

High Incidence Areas

- > Special Education, including Added Authorizations in Special Education
- Clinical Rehabilitative Services/Speech-Language Pathology
- Driver Education and Training
- ➢ 30 Day Substitute

Low Incidence Areas

- Administrative Services
- Single Subject Teaching (all subject areas)
- Multiple Subjects Teaching
- Designated Subjects (except driver education and training)
- Library Media Services
- Pupil Personnel Services (counseling, psychology, social work)
- Reading Specialist/Certificate
- Teacher of English Learner Students

CRITERIA FOR LOW INCIDENCE AREA WAIVER REQUESTS

In addition to the general waiver criteria, low incidence area waivers require additional criteria that must be met. The Commission has determined there are no substantial shortages of individuals who hold these credential types.

Personnel Shortage: Requires written documentation that no credentialed candidate applied for the position or that credentialed candidates did not meet specific employment criteria such as special skills for the assignment.

Special Skills: Requires written documentation that the individual possesses special skills or can provide special services to the students in the assignment. Provide verification of the individual's training, experience or expertise to support that he or she is the best candidate for the assignment.

Possession of a state license or advanced degree in the field directly related to the assignment is an example of special skills. A candidate that holds a state Marriage and Family Therapist (MFT) license or a Master's degree in Social Work (MSW), from an accredited institution is evidence of special skills for the pupil service services waivers. Proficiency in a second language spoken by the students in the district is another special skill.

Program Enrollment: Submit written documentation from the authorized university's administrator verifying the individual's current status in the credential program and the anticipated completion date.

CRITERIA FOR INITIAL WAIVER REQUESTS

Initial Basic Skills Requirement (BSR) Waivers

For the purposes of issuing a waiver, the Commission can only consider the California Basic Educational Skills Test (CBEST) to meet the subsequent waiver conditions if BSR has not been met.

A BSR waiver will be considered for the following reasons:

- > The applicant has not had the opportunity to take the CBEST.
- > The applicant has attempted the CBEST but has not passed all sections.
- For math and science waivers: If the applicant has attempted the math section of the CBEST, a passing score must have been achieved.
- For English waivers: If the applicant has attempted the reading and writing sections of the CBEST, a passing score must have been achieved.
- The employer must ensure that the individual has access to support and guidance such as tutoring, coursework or professional development to increase the candidate's percentage of passing CBEST regardless if the individual has attempted a basic skills exam.

Initial Program Waivers

For waivers to complete academic or program requirements, the program waiver will be considered if:

- The university verifies that the candidate has been admitted into the program or has attempted to enroll in the program.
- > The candidate affirms that units will be completed to meet credential requirements.

Initial Experience Waivers

For waivers to complete the experience requirement, the following applies:

- The applicant has special skills and meets all other requirements for the credential except the required years of experience.
- The applicant has special skills and meets all requirements for the credential except does not have recency.

Note: If a waiver request is waiving more than one statute, the Basic Skills Requirement must be met first. All CBEST waiver conditions must be met before any subsequent waiver can be considered.

SUBSEQUENT WAIVER CRITERIA

Waivers are generally only issued for one school year to enable the Commission to monitor and verify that the individual has made progress toward their credential goal. Subsequent waivers need supporting documentation to verify that progress has been made and that the subsequent waiver conditions have been met.

All subsequent waivers require employer verification that the teacher has performed satisfactorily in the assignment. Subsequent waiver requests for teachers of record must include performance evaluations that meet the requirements of Education Code §44662.

Evaluations must include assessments of the individuals' performance related to the following areas:

- 1. Students' progress toward the district's established grade level standards;
- 2. Instructional techniques and strategies used by the employee;
- 3. The employee's adherence to curricular objectives; and
- 4. The employee's establishment and maintenance of a suitable learning environment.

Subsequent waiver requests for Emergency 30-Day Substitute Teaching Permits do not require the detailed evaluation described above. However, such requests must include an affirmation by the employer that the individual has performed satisfactorily as a substitute.

Conditions listed on the waiver document must be met when applying for a subsequent waiver. If the applicant failed to meet any one or all of the specified conditions, a subsequent waiver may only be considered, if extenuating circumstances can be verified with documentation (e.g., a doctor's letter verifying serious illness of the applicant or close family member).

The following are acceptable extenuating circumstances:

- Personal or family health problems
- > Distance to the university requires more than one and one half hours of traveling time; or
- There were no openings in the university program or the required course work was not available.

Subsequent Basic Skills Requirement (CBEST) Waivers

CBEST waivers are granted for a maximum of three issuances. If an individual attempted the CBEST examination prior to the initial waiver request and passed one or more sections, each passing section is counted as one of the possible three issuances. For example, if two sections were passed, the applicant may only have one additional waiver issuance to pass the remaining section of the CBEST.

If an individual held a preliminary credential based on an out-of-state or out-of-country teacher preparation program but has not passed CBEST during the first year on the preliminary credential, that first year is counted as one CBEST waiver issuance of the possible three issuances.

In addition to general waiver request information, application and documentation, all subsequent CBEST waivers must meet the following conditions:

- > The applicant must attempt the CBEST exam at least twice during the period of the waiver;
- The applicant must achieve a passing score of 41 in at least one section of the CBEST exam; and
- > The applicant must have satisfactory evaluations from the employer.

If these conditions are not met, the subsequent waiver will be denied.

Subsequent Program Waivers

In addition to general waiver request information, application and documentation, the subsequent program waivers must include the following information:

- Verification that the applicant has been admitted to a college or university program for the credential;
- Official transcripts that verify the applicant has completed a minimum of six semester units of coursework applicable toward the credential requirements; and
- > Verification that the applicant received satisfactory evaluations from the employer.
- If extenuating circumstances prevented the applicant's completion of the above, supporting documentation must be provided (e.g., a doctor's letter, a letter from university verifying full or unavailable classes, etc.)

If these conditions are not met, the subsequent program waiver will be denied.

Subsequent Experience Waivers

- Verification that the applicant has completed one full year of experience in the area of the previous waiver toward the credential goal (e.g., official documentation) and
- > Verification that the applicant received satisfactory evaluations from the employer.

If these conditions are not met, the subsequent experience waiver will be denied.

Subsequent Waivers with Specific Conditions Listed on the Waiver

In addition to general waiver request information, application and documentation, the subsequent program waivers must include the following information:

- > Verification that the applicant met specified conditions listed on the waiver; and
- > Verification that the applicant received satisfactory evaluations from the employer.

If these conditions were not met, the subsequent waiver will be denied.

Added Restrictions and Added Authorizations

If your candidate worked on a waiver for another school but has not completed the school year, and is now accepting employment at your school, you must submit a new waiver request with new supporting materials and the appropriate fees for an added restriction. Added restriction requests will not require the applicant to meet conditions as long as the timeframe falls within the original waiver dates. However, the end dates of the original waiver and the added restriction waiver will have the same expiration dates. If the candidate is still in your employ after the end dates, a new waiver request must be submitted with the appropriate fees and conditions on the waiver must be met.

Note: Added restrictions for 30 Day Substitute Permit Waivers require a fee of \$50.00. In addition to a new waiver request application, the new employer must submit their own supporting materials such as their public notice or agenda item.

HOW AND WHEN TO SUBMIT A WAIVER REQUEST

Prior to submission of each waiver request a public notice must be given to declare the employer's intent to hire an individual on the basis of a waiver. Documentation that verifies the public notice must be included in each waiver request.

All initial and subsequent waiver requests must be completed and submitted by the employing agency on the Variable Term Waiver Form WV1. Form WV1 may be found at the following link: <u>http://www.ctc.ca.gov/credentials/cig2/CIG-LEAFLETS/wv1.pdf</u>

The WV1SUB form is only for an <u>initial</u> 30 Day Substitute Waiver request. Form WV1SUB can be found at the following link: <u>http://www.ctc.ca.gov/credentials/cig2/CIG-LEAFLETS/wv1sub.pdf</u>

All waiver requests must be submitted on the WVI or WV1SUB forms and applicants must have fingerprint clearance on file with the Commission. First time waiver applicants with no fingerprint clearance on file with the Commission must apply for a Certificate of Clearance before the waiver can be issued. Specific directions on how to apply for the Certificate of Clearance through the Commission's Direct Web application process are available in the Certificate of Clearance information leaflet: <u>http://www.ctc.ca.gov/credentials/leaflets/cl900.pdf</u>. Refer to page 21 for fee information.

Complete each waiver application request thoroughly and legibly. See the section on "How to Complete Waiver Forms" for instructions on pages 14-19. Include the front and back of transcripts for evaluation. When submitting true verified copies, please be sure the copies are legible and the name and address of the university is visible. If the application is incomplete, transcripts illegible or supporting documentation incomplete, the waiver request will be denied for insufficient information.

The beginning date of the service determines the issue date of the waiver request. Whenever possible, waiver requests should be submitted to the Commission prior to the applicant's first day of service. However, the Commission will honor the requested issue date on the waiver as long as the request is received by the Commission within ninety days from the issuance date.

Waiver requests received past the ninety days deadline date will not be evaluated and the request will be denied based upon the late submission. Upon receipt of the denial notice, the employer shall remove the applicant from the assignment. See Waiver Timeline Chart on page 14 for details. For references regarding the submission timeline, see Title 5 California Code of Regulations, §80125.

THE WAIVER PROCESS

As of July 1, 2006 Commission staff has the authority to evaluate and issue or deny waivers based on the established waiver criteria. Waiver requests must be submitted in a timely manner. Refer to the "Waiver Timeline Chart" on page 14 for details.

The Commission will continue to require employing agencies to present waiver requests to their governing boards for approval. The agenda must be an action item and must list the name of the applicant, the specific assignment, including subject and grade level, and the fact that the applicant will be employed on a waiver.

For counties, state agencies, nonpublic or nonsectarian schools, a public notice must be posted at least 72 hours before the position is filled. The public notice should be posted in a place where all interested parties are notified and must list the name of the applicant, the specific assignment, including subject and grade level, and the fact that the applicant will be employed on a waiver.

By submitting the waiver request, the employer certifies that a reasonable effort to recruit a fullyprepared teacher for the assignment was made. The list below shows the order of preference when hiring:

- 1. Teaching Credential
- 2. Intern Credential
- 3. Provisional Internship Permit (PIP)/Short-Term Staff Permit (STSP)
- 4. Waivers

Waivers that have been granted or denied will be displayed on the Commission's website under "Public Notices" at <u>http://www.ctc.ca.gov/notices/waivers.html</u>.

The Processing Procedure

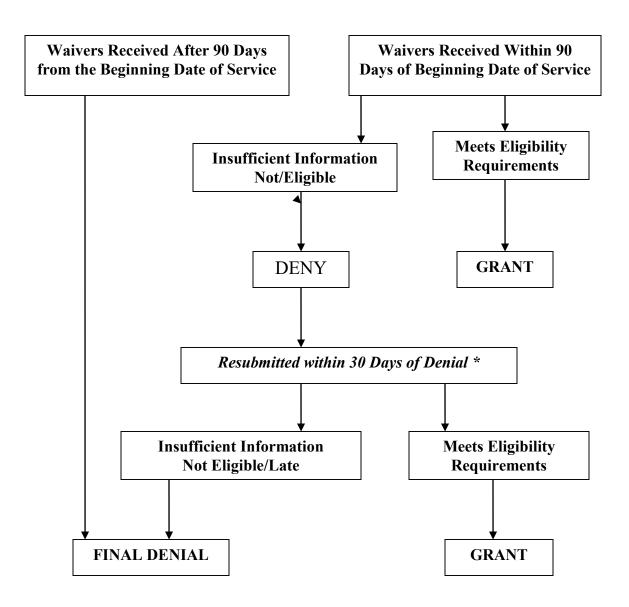

- Waiver requests that are received within the ninety days submission timeframe that meet the waiver criteria will be granted.
- If the waiver request is received beyond ninety days from the requested issue date, the waiver request will not be evaluated and will be denied based upon late submission. The waiver request packet will be returned with a denial letter that explains the reason for denial. The employer shall remove the applicant from the assignment. No re-evaluation request will be accepted for late submissions. The employer may submit another waiver request form with appropriate fees for an evaluation and a revised issue date.
- If the waiver request form and supporting materials are incomplete, Commission staff will deny the waiver. The waiver request packet will be returned with a denial letter that explains the reason for denial. The employing agency will have thirty days to provide the required documentation for re-evaluation. If the resubmitted waiver request meets the waiver criteria, the waiver will be granted. If the employing agency submits the required documentation beyond the thirty days, staff will not evaluate and a final denial notice will be mailed.

- If an evaluation of the waiver request determines that the applicant qualifies for a permit or credential in the same authorization, the waiver request packet will be returned with instructions to apply for the appropriate permit or credential. A waiver will not be issued if the applicant qualifies for a permit or credential in the same authorization.
- ➤ If the waiver request does not meet the established criteria it will be denied. The waiver request packet will be returned with a denial letter that explains the reason for denial. The employer will have an opportunity to request re-evaluation if there is new pertinent information that was not included previously and that addresses the concerns expressed in the denial letter. This new information cannot be gained after the requested issue date of the waiver request.

All requests for re-evaluation must be received by the Commission within thirty days as expressed in the denial letter. To qualify for the waiver, the candidate must meet the waiver criteria at the time of the original request. If a re-evaluation was re-submitted on time and it meets the waiver criteria Commission staff will grant the waiver.

If the new information does not meet the waiver criteria, a final denial letter with an explanation of the denial, will be sent with the original waiver packet. After receiving the notice, the employer shall remove the applicant from the assignment. There are no re-evaluations after a final denial letter. Refer to Coded Correspondence 07-05 for details at the following link: <u>http://www.ctc.ca.gov/notices/coded/0705/0705.pdf</u>

SHORT-TERM WAIVERS

Short-Term Waivers authorize local employing agencies one semester or less to address unanticipated, immediate, short-term organizational needs by assigning teachers that consent to teach outside of their credential authorization.

This option is only available for individuals who hold a valid teaching credential based upon completion of a bachelor's degree and teacher preparation program which included student teaching.

Employing agencies may grant a Short-Term Waiver without prior approval by the Commission, provided that it is issued one time only for any individual and one time only for a given class.

All school districts should report the use of Short-Term Waivers to their county offices of education. It is not necessary for districts to submit information regarding Short Term Waivers directly to the Commission.

The district must submit the information to their county office on the following form (page 30) or on a form approved by the county. Please submit the report even if the district did not employ anyone on a Short-Term Waiver. The county office of education submits information regarding Short-Term Waivers to the Commission with its annual Assignment Monitoring and Review Report. The Local Approval of Short-Term Waiver form is on the following page.

LOCAL APPROVAL OF SHORT-TERM WAIVER

(To be kept on file in the district)

Employing agencies may grant a short-term waiver as described under Title 5 §80120-80123, without prior approval by the Commission provided that a short-term waiver is issued one time only for any one credentialed teacher and one time only for a given classroom. The information required under §80122 for this type of waiver shall be forwarded to the County Office of Education pursuant to Education Code §44258.9. The Commission may rescind the authority of any employing agency to grant a short-term waiver upon a finding that the agency has intentionally violated any provision of §80120-80123 California Code of Regulations. Short-term waivers are valid for no more than one semester. Each County Office of Education should include information on short-term waivers in their annual Assignment Monitoring Report.

FREQUENTLY ASKED QUESTIONS

1. Can we request a waiver for a Child Development Permit?

The Commission does not issue waivers for Child Development Permits. Please refer to the Department of Education at: (916) 319-0800 or http://www.cde.ca.gov

2. Where can I find the current waiver request forms?

The waiver forms are available on the Credential Information Guide (CIG) under Leaflets and Forms. The waiver forms are toward the bottom of the list. See links below: http://www.ctc.ca.gov/credentials/cig2/CIG-LEAFLETS/wv1.pdf http://www.stc.ca.gov/credentials/cig2/CIG-LEAFLETS/wv1.pdf

3. What if an applicant gained a minimum passing score in one section with the first attempt at the CBEST, does he/she need to take the other sections one more time for a subsequent waiver?

Yes. Subsequent waiver conditions are to attempt all sections of the CBEST not previously passed twice and gain a passing score of 41 on at least one section. Keep in mind a minimum score of 37 while may be considered passing for credentialing purposes, is not acceptable. For waiver purposes a passage score must be at least 41.

4. What if an applicant passed the same section twice with a score of 41 or higher, can that be counted as having a passing score for each subsequent waiver?

No, the applicant must take the exam twice and gain a passing score for a new section on each subsequent waiver to verify progress toward passing the entire exam. Previous passing scores do not count as a new attempt to pass another section and does not meet the subsequent waiver conditions. No one can have more than three BSR waivers.

5. Regarding added restrictions to Emergency 30-Day Substitute Permit BSR waivers, can the expiration date exceed the original waiver by just a few days as our school year ends on a later date?

No, in order to qualify as an added restriction, the expiration date must end on the original approved waiver date. If the requested expiration date exceeds the valid waiver on file, it may be considered a subsequent waiver request and subsequent waiver conditions would need to be met. If there is a request to add a restriction, it must be during the period of the original waiver request.

6. On Clinical Rehabilitative Services or Speech-Language Pathology Services, what if the applicant was unable to be accepted into the program, how can subsequent waiver conditions be met?

For areas with limited programs, the Commission may accept verification of enrollment attempts or progress even though the waiver conditions require completed coursework.

7. If my applicant already used the PIP and STSP options but still has not completed requirements to be accepted into an intern program, can the waiver be my last option?

The waiver is not an option for those who academically qualified for a permit or credential in the same authorization. Failure to complete requirements on any permit or credential is not a basis for a waiver.

8. If I submitted a waiver and later found out that the applicant does not qualify for the waiver, can I use the same fee toward another permit?

No. Fees are considered earned upon evaluation and receipt. If you did not qualify, you cannot use the same fee toward another waiver, permit or credential.

9. How can I fulfill the recruitment verification section if I apply for an English Learner authorization for one of my already employed teachers? Must I complete that section on the waiver form?

Yes. All sections of the waiver form must be completed. Please use your most current recruitment information on that specific teacher and include a note to explain.

10. Can I use other BSR exams to show progress with basic skills for a subsequent waiver?

No. For waivers, we will only accept progress on the CBEST exam to meet subsequent waiver conditions.

11. I have multiple waivers to submit. Can I include one agenda item for all of them or do I need to make copies of the agenda item for each applicant?

Please include a copy of the public notice or agenda item for each individual waiver packet. You do not need to include all pages of the agenda; just the page that pertains to the waiver subject. Since waivers are distributed to general staff for processing, there is less chance that paperwork will be separated and your waiver is rejected for no public notice.

12. We have a Special Education teacher who holds a mild moderate authorization but we need her to cover the area of autism as well; can we apply for a waiver?

Your teacher may qualify for the new Special Education Limited Assignment Permit. See the link below for requirements on the Special Education Limited Assignment Permit: <u>http://www.ctc.ca.gov/credentials/leaflets/cl889.pdf</u>. If a teacher cannot qualify for the limited assignment, she may qualify for the STSP or maybe an intern in the new disability area.

Keep in mind, if a candidate can academically qualify for any permit or credential, a waiver cannot be an option. Currently the only exception is for the ECSE authorization; if these candidates cannot qualify for the limited assignments, you may apply for a waiver in one of the new added authorization in special education disability areas. However, this waiver option is for a limited time only while programs are being fully developed and accessible. Please see <u>CIA 10-02</u> for details.

13. We have a teacher that has been on a waiver for years and has not completed the program. We don't want to keep her in the classroom but she claims she qualifies since she completed the units. Do we have to apply for the subsequent waiver for her?

No. Waivers are only available at the request of the employer. If the employer does not support hiring on a waiver, the candidate has no option for submitting a waiver on his own.

14. It is really hard to find a Speech Language and Pathology credentialed person. We have someone who is almost done with the Speech Language and Pathology program but she will not be recommended for the credential until next school year. Could we put her on a waiver for just one school year?

Yes. Because this is a shortage area, a suitable person so close to completing the program is ideal for the assignment. Since there are no emergency permits for this category, a waiver can be requested.

15. What Ed Code do I use when requesting a CCSD waiver for the Designated Subjects Career Technical Education or Special Subjects Credential holders?

Ed Code 44253.11 pertains to the CCSD and the Designated Subjects Career Technical Education and Special Subjects Credential holders. Please see page 35 for a list of Ed Codes appropriate to waivers.

16. One of my teachers has an autistic student in her class so she needs the appropriate authorization. However, she does not qualify for the limited assignment. However, she has not yet used her STSP. My question is must I use the STSP or can I request a waiver? I fear she may not be able to complete the program just within that one year STSP. She is an excellent teacher so I don't want to be left without any options.

Yes. You may use the waiver if your teacher does not qualify for the limited assignment. Please keep in mind this waiver request will only be for one year. The Commission expects the teacher to gain the experience required to be able to move on to the limited assignment after the waiver.

PRECEDENTIAL DECISIONS

Waiver criteria were established by the Commission based upon previous Precedential decisions. Toda, Precedential decisions are still referenced when waiver requests are issued.

Precedential Decisions

One of the Commission's strategic goals is to improve customer service to ensure that employing agencies and the Commission's customers obtain accurate guidance and consistency in the waiver process.

In June 1994, the Commission began issuing waivers. Procedures are in place to process each waiver as an individual decision by the Appeals and Waivers Committee. Under current law (Government Code §11425.60), an agency may designate as a precedent decision, a decision or part of a decision that contains a significant legal or policy determination of general application that is likely to recur. The agency shall maintain an index of significant legal and policy determinations made in precedent decisions. The index shall be updated not less frequently than annually, unless no precedent decision has been designated since the last preceding update.

Publishing written Precedential decisions will help provide guidance for employing agencies. In this section you will find an index and the written decisions that have received approval by the Commission in general session.

The decisions will be referenced by staff while reviewing incoming waiver applications, and when working with employing agencies in both written and oral communications.

PRECEDENTIAL DECISIONS Annual Index Established 2000

- 1. Precedential Decision CTC No. 1 (in RE: Paul Morsink) establishing the practice: An applicant must demonstrate a compelling educational need before the Commission will grant a waiver.
- 2. Precedential Decision CTC No. 2 (in RE: Rose M. Alcantara) establishing the practice: A three part test will be applied to applications for waivers when the applicant claims they have been unable to pass the CBEST due to a disability documented under the Americans with Disabilities Act.
- 3. Precedential Decision CTC No. 3 (in RE: Carole Marie Miller) establishing the practice: An individual on a variable term CBEST waiver must take the examination at least twice and obtain a passing score of 41 or higher on at least one section, prior to applying for a subsequent variable term CBEST waiver.

- 4. Precedential Decision CTC No. 4 (in RE: Eddie Charles Conner) establishing the practice: An individual on a variable term CBEST waiver must make meaningful progress (as defined) towards the goal of ultimately passing the CBEST. This rule limits the issuance of a fourth CBEST waiver.
- 5. Precedential Decision CTC No. 5 (in RE: Marta Yague) establishing the practice: The definition of a passing score on a single section of the CBEST, for purposes of securing from the Commission a subsequent variable term CBEST waiver, is a score of 41 points or higher.
- Precedential Decision CTC No. 6 (in RE: Horie Marleny Roberts) establishing the practice: Despite the change in the credential sought the general rule in Precedential Decision CTC No. 3 (in RE: Carole Marie Miller) still stands.
- 7. Precedential Decision CTC No. 7 (in RE: Demeka Roshawn Phelps) establishing the practice: The Commission will not grant waivers for Class Size Reduction assignments unless the individual holds a credential from another state or another country or has completed a teacher preparation program in California.
- 8. Precedential Decision CTC No. 8 (in RE: Anthony R. Russo) establishing the practice: Documentation needs to be submitted for services credential waivers regarding the status of an individual in the appropriate credential program and the anticipated completion date of the program.
- 9. Precedential Decision CTC No. 9 (in RE: Leonard V. Greaney) establishing the practice: For non-state wide shortage area credentials sufficient documentation is needed attesting that no credentialed candidates(s) applied or explains why the credentialed candidate(s) did not meet the assignment criteria.
- Precedential Decision CTC No. 10 (in RE: Mary Lee Scott) establishing the practice: Documentation of recruitment efforts for positions in non-statewide shortage categories will be required.

Please see link below to Coded Correspondence 00-0021 for copies of the specific Precedential Decisions.
