

Credential Program Completer Survey Questions Employer

The Commission is seeking feedback from employers who have hired at least 2 completers from the same institution over the past 3-5 years. The intention is that the individual who has seen the new teachers teach is the person who completes this survey. If you have not seen the individuals teach, please forward the link to this survey to someone who has seen the individuals teach.

The purpose of this survey is not to gather information on the knowledge and skills of the individual completers, but to gather information about the strengths and weaknesses of the preparation program. This information, along with information from program completers, current candidates, master teachers and others, will be used as part of the institution's accreditation process.

Please complete this survey for 1 institution from which you have hired at least 2 preliminary credentialed teachers within the past 3-5 years. If you have hired new teachers from more than 1 institution, you may complete a separate survey for each additional institution(s).

Thank you for your time and responses.

General Information
