June 25, 2009

Overview

This report consists of recommendations made about the initial approval of professional preparation programs based upon institutional responses to program standards.

Staff Recommendation - Panel Review

That the Committee on Accreditation grant initial approval to the following preparation program(s), as recommended by the appropriate reviewers.

Initial Program Approval – Brandman University

At its June 2009 meeting the Commission took action to grant Brandman University initial institutional approval. Chapman University College was formerly the administrative structure within Chapman University responsible for a number of educator preparation programs offered at sites other than the Orange campus. Brandman University has now been granted WASC accreditation as a separate institution within the Chapman University System and assumes the previous responsibilities of Chapman University College. Therefore, the approved credential programs that Chapman University College has previously been approved to offer need to be administratively transferred to Brandman University. Following are the programs submitted to the COA for that formal initial program approval as programs offered by Brandman University:
