Staff Recommendation

This is an action/information item.

Background

At the August 2014 meeting the COA requested information regarding institutions that are not complying with accreditation timelines. Since that time staff has been providing the COA with this information.

Annual Accreditation fees were due on November 1, 2018. The Annual Accreditation Fee is composed of two parts: 1) an institution fee based on the average number of recommendations over the past 3 years and 2) a program fee based on the number and type of Commission-approved educator preparation programs offered by the institution. The table below lists those institutions who have not submitted payment for the annual fees.

Program Review for the Orange cohort was due on October 15, 2018. The Orange Cohort is comprised of 33 institutions. This is a preliminary review and the table below lists only institutions that have not submitted any documents by the due date. An update will be provided at the next scheduled COA meeting.
