

Notification of Institutions Not In Compliance with Accreditation Timelines May 2020

Overview

This regular report provides information to the COA regarding institutions that have not complied with the timelines of the accreditation cycle. Specifically, this item generally covers submission of Common Standards, submission of preconditions, submission of Program Review documentation, accreditation fees, and submission of data for the annual Accreditation Data System (ADS).

At this time, there are no items to report late to the COA. All Program Review submissions that were due in October 2019 have been received. All Common Standard submissions for the Red Cohort that were due on February 28, 2020 have been received.

In addition, due to the recent school closures related to the COVID-19 crisis, the preconditions due date has been extended to Friday, May 15, 2020 for the Violet and Green cohorts. Any late preconditions will be reported at a subsequent COA meeting. In addition, the deadline to create program decks for the Annual Accreditation Data System has been extended through May 15, 2020 as well.
