

Discussion of the 3rd Quarterly Report from Palos Verdes Peninsula Unified School District October 2022

Overview of this Report

This agenda item provides the 3rd quarterly report submitted by Palos Verdes Peninsula Unified School District (PVPUSD) addressing stipulations resulting from their December 2021 site visit. Following its decision at the [February 2022](#) meeting, the Committee on Accreditation (COA) directed PVPUSD to provide updates to staff at quarterly intervals culminating in a December 2022 revisit documenting the progress made toward addressing stipulations in the February 2022 accreditation report. Information is included in this report related to how the institution is addressing the requirements of each stipulation.

Staff Recommendation

It is staff's recommendation that the Committee on Accreditation accept this report from Palos Verdes Peninsula Unified School District. Staff will continue to work with the institution to provide assistance until the revisit scheduled for December 2022.

Background

Palos Verdes Peninsula Unified School District offers two educator preparation programs, a Clear Administrative Services Credential (CASC) program which the district identifies as PVLEAD and a Teacher Induction program (TIP) for which PVPUSD is the lead for the South Bay Consortium (SBTIP). An accreditation site visit for PVPUSD took place on December 6 - 8, 2021. Following discussion and deliberation of the report and its recommendations at their February 2022 meeting, the COA determined that the institution be granted *Accreditation with Major Stipulations*. Seven Common Standards stipulations and seven program standards stipulations were placed on the institution. Those stipulations are listed below.

Palos Verdes Peninsula Unified School District Stipulations:

1. That within one year the institution provides evidence:
 - a. that unit leadership consideration, including decision making processes, are equally inclusive of all programs within the institution.
 - b. that the unit and all programs collaborate with their partners regarding the criteria and selection of clinical personnel and site-based supervisors as appropriate to the program.
 - c. that the education unit purposefully recruits and admits candidates to diversify the educator pool in California and provides the support, advice, and assistance to promote their successful entry and retention in the profession. Furthermore, that recruitment and faculty development efforts support hiring and retention of faculty who represent and support diversity and excellence.
 - d. that the education unit develops and implements a comprehensive continuous improvement process at both the unit level and within each of its programs that identifies program and unit effectiveness and makes appropriate modifications per the language (and inclusive of all elements) of Common Standard 1.

- e. that both the unit and its programs regularly and systematically collect, analyze, and use candidate and program completion data as well as data reflecting the effectiveness of unit operations to improve programs and their services.
 - f. that candidates are aware of and have access to a clearly defined process that is in place to identify and support candidates who need additional assistance to meet competencies.
 - g. that site-based supervisors are trained in supervision, oriented to the supervisory role, evaluated, and recognized in a systematic manner.
2. That within one year, for the Teacher Induction program, the institution provides evidence
 - a. that the program builds on the knowledge and skills gained during the preliminary preparation program.
 - b. that mentors are trained in best practices of adult learning and that mentors are provided opportunities to reflect on their mentoring practice based on evidence from candidate experience.
 - c. that the program has a documented process for the recommendation of the clear credential, including a review of credential renewal requirements.
 3. That within one year, for the Clear Administrative Services credential program, the institution provides evidence
 - a. that the program formally collaborates with education organizations through partnership agreements and provides feedback to professional learning providers on their work.
 - b. that the program has clear procedures in place for reassignment of coaches if the candidate/coach pairing is not effective, and that candidates and coaches are informed of the procedure.
 - c. that the program regularly assesses the quality of service provided by the coaches to candidates using criteria including participant feedback, direct observation of coaching, growth of candidates on established criteria, and compliance with program requirements as well as provides formative feedback to the coaches on their work.
 - d. that the program's summative review includes a defensible process, an appeal process, and a procedure for candidates to repeat portions as needed and that candidates and coaches are informed of the process

Quarterly Report Contents

Following the site visit, Palos Verdes Peninsula Unified School District's program staff and administration discussed the stipulations. The first quarterly report was presented at the [March 2022](#) COA meeting. The second was presented at the [June 2022](#) COA meeting. This third report contains actions which have been taken and those planned for the future to address each stipulation. and moves the program toward the December revisit. The table below is a summary of each quarterly submission; the full report can be found on the [PVPUSD website](#).

Next Steps

A revisit is scheduled for December 6 – 7, 2022.

Meetings have been held with Wiseburn USD and PVPUSD School Boards. 	<p>This finding was largely based on the fact there was little inclusion of the Preliminary Administrative Services credential program in the unit level decision making. The decision making was largely focused on the teacher induction program. At the July 20, 2022, Advisory Committee meeting, the Committee decided to close the Clear Administrative Services Credential (CASC) program and is petitioning the Committee on Accreditation. As a result of the decision to only offer the teacher induction program in the future, this standard finding would be resolved. Moving forward, leadership considerations, including decision making will include the teacher induction program only.</p> <p>The Teach Out Plan was enacted for all CASC candidates.</p>
