

Discussion of the 7th Year Follow-up Report Submitted by High Tech High January 2024

Overview

This item provides information on the 7th Year Follow-up Report for High Tech High.

Recommendation

No action is required, beyond accepting the report from High Tech High, as there were no stipulations.

Background

High Tech High hosted an accreditation visit on February 6-8, 2023. The COA granted a status of *Accreditation* to the institution. The full 2023 accreditation site visit team report is available at: [High Tech High Accreditation Report](#).

As a part of the accreditation decision, the COA also required that the institution provide a 7th Year Report. As identified below, the topics that were to be addressed in the 7th year report include evidence that:

1. a clearly defined process is in place to identify and support candidates who need additional assistance to meet competencies (Common Standard 2); and
2. district employed supervisors of all intern programs have a minimum of 10 hours of initial orientation (Common Standard 3).

High Tech High has provided their response to the items noted above: [High Tech High 7th Year Report Response](#).
