

Report of Program and Institutional Accreditation Recommendations

Professional Services Division

October 22, 2003

Overview

In this report, recommendations are made about the initial accreditation of professional preparation programs based upon institutional responses to program standards. All of the following were presented for action at the October COA meeting.

I. Recommendations Regarding the Initial Accreditation of Professional Preparation Programs

Staff Recommendation - Panel Review

That the Committee on Accreditation grant initial accreditation to the following preparation program(s), as recommended by the appropriate review panel.

Each institution/district identified below has responded fully and appropriately to the adopted standards and preconditions by preparing a program proposal that describes how each standard and precondition is met and that includes appropriate supporting evidence. The appropriate review panel following the procedures adopted by the Committee on Accreditation has read each program proposal. Each program has been judged to meet all standards and preconditions and is recommended for initial accreditation.

II. Recommendation About the Withdrawal of Professional Preparation Programs

Background

Nova Southeastern University submitted a letter to the Commission giving notification that the Multiple Subjects Credential Program was being withdrawn. The program is being withdrawn because the institution no longer wishes to offer a credential program in California. New students are not being accepted into the program and current students will complete their programs in by December 2004. Current students have been notified and will be able to complete the programs according to schedule. A list of candidates, with tentative completion dates has been filed with the Commission.

Staff Recommendation

That the Multiple Subjects Credential Program at the Nova Southeastern University be withdrawn at the request of the institution, effective December 31, 2004.
