## Update on ECE Design Teams Work Under the PDG-R Grant

The [ECE Teaching Performance Assessment Design Team](#) held its fourth meeting on June 22, 2021. This work is a part of a two-year process of designing and piloting a new formative ECE Teaching Performance Assessment for candidates for the Teacher level of the Child Development Permit. During this meeting, the Design Team continued its consideration of potential appropriate types of performance assessment tasks for child development permit candidates at the Teacher level that could reflect the job competencies expected of child development teachers within ECE settings at the preschool level. It is anticipated that the new

performance assessment will be ready for initial piloting with program candidates during spring 2022.

The **ECE Program Quality Peer Review Design Team** held its fifth meeting on June 29, 2021. The Design Team has outlined a proposed Program Quality Peer Review process that blends a supportive collegial inquiry group process with a more formal program approval process. The activities of the Peer Review Design Team are described more fully in the August 2021 ECE agenda item referred to above.
