

California Community College Teacher Credentialing Partnership Pilot Program Grant

An award of \$500,000 is funded to each of the following California Community Colleges: Feather River College, Monterey Peninsula Community College, and Yuba Community College for the California Community College Teacher Credentialing Partnership Pilot Program Grant.

Senate Bill 577 specified that the Commission on Teacher Credentialing, in coordination with the Chancellor of the California Community Colleges, may award up to three grants to collaboratives formed for the purpose of offering teacher credential coursework remotely in areas of the state with low rates of PK-12 credentialed public school teachers, at a participating community college or colleges.

The awardees are funded pending approval at the September 21-22, 2020 meeting of the Chancellor's Office Board of Governors.
