FINGERPRINT CLEARANCE INFORMATION

The California Education Code §44340 & 44341 require that all individuals who seek to obtain California credentials, certificates, permits, and waivers issued by the California Commission on Teacher Credentialing receive fingerprint clearance from the California Department of Justice (DOJ) and the Federal Bureau of Investigation (FBI) through the Commission. Please Note:

- Individuals who have received fingerprint clearance through other agencies, employers, other states or government agencies are not exempt from this process.
- Fingerprint history is not reviewed by the Commission, unless an application and the appropriate fees are received from the applicant.

CALIFORNIA RESIDENTS

California residents must use the Live Scan fingerprint process when applying for a document and/or permit issued by the Commission. First time applicants must submit verification that fingerprints were completed by providing a copy of the [form 41-LS](#) with their Commission application as proof of service. If completing an application online submit your proof of Live Scan service via email at Fingerprints@ctc.ca.gov. Your fingerprint results will be forwarded electronically to the Commission by DOJ. A current listing of sites offering Live Scan electronic fingerprint services is available on the [California Attorney General website](#).

Before You Fingerprint – Avoiding Errors

Fingerprint Errors can be caused by the applicant or the fingerprint operator and will delay the issuance of a credential or document that you seek from the Commission. To help reduce errors, the Commission recommends the following:

- Complete the required fields on your form (*see instructions*)
- Type your form or print legibly
- Use your legal name at all times
- Your name on your form must match your name on your application.
- California residents - ensure your SSN and other personal information is correct on your form

Resubmission

- If you are required to resubmit, please follow any directions provided by the Commission and input the following information on your 41-LS form as directed:
 - Your SSN or OCA
 - Your original ATI number
 - Level of Service (DOJ/FBI/both)
- Again, ensure that the Live Scan technician has entered your information into the system correctly

DOJ and FBI for processing before your application is evaluated for academic eligibility. Once your application is evaluated, you will receive a letter verifying your academic eligibility. When the Commission receives clearance from both DOJ and FBI, your document will be issued and posted online. Fingerprint card processing generally takes 6 – 8 weeks.

On your fingerprint cards, please complete the areas that are marked with an “X” on the sample below. Incomplete fingerprint cards will be returned to the applicant causing a delay in the processing of the application and issuance of the credential.

1. Prints must be rolled from nail to nail and the ridges should be sharp and distinct.
2. Cards must carry the complete physical description of the applicant, including color of eyes and hair, height, weight, date of birth, and signature in ink. Abbreviations for hair and eye color may be used; please use BLK (black), BLND (blonde), BL (blue), BRN (brown), GRN (green), GRY (gray), and HZL (hazel). Since the cards cannot be properly indexed by the Department of Justice or the FBI without this information, incomplete cards will be returned to the applicant. Your SSN is required in order for the Commission to match your fingerprint transaction with your Educator Profile. If you have an Individual Taxpayer Identification Number (ITIN) instead of a SSN, place your ITIN in the Your No. OCA field. See above example.
3. If you are missing a digit or have a skin irritation or deformity of the hands and/or fingers which prevents the taking of clear fingerprints, submit a statement explaining the situation from the person taking the prints in the case of missing digits or a deformity) or from a doctor (in the case of a skin irritation). Attach the statement to your fingerprint cards at the time you submit them. You may be required to submit several fingerprint cards until the Department of Justice or FBI is able to piece together a classifiable set of prints.

Please review this helpful information to aid in the successful processing of hard copy fingerprint submissions in order to prevent delays or rejections. Hard copy fingerprint submissions must meet specific criteria for processing by the Federal Bureau of Investigation.

- **Ensure all information is typed or legibly printed using blue or black ink.**

- Enter data within the boundaries of the designated field or block. Complete all required fields. (If a required field is left blank, the fingerprint card may be immediately rejected without further processing.)
- The required fields for hard copy fingerprint cards are listed
- Do not use highlighters on fingerprint cards.
- Do not enter data or labels within 'Leave Blank' areas.
- Ensure notations are made for any missing fingerprint impression (i.e. amputation).
- Ensure no stray marks are within the fingerprint impression blocks.
