## VERIFYING SUBJECT-MATTER COMPETENCE BY EXAMINATION For Single Subject Teaching Credentials

Individuals may verify subject-matter competence for a Single Subject Teaching Credential by passing all portions of the appropriate Commission-approved subject matter examination(s). It is the individual's responsibility to take the appropriate examination(s) and to contact the Commission when questions arise.

### Information about CSET

Currently, the Commission-approved subject-matter examinations used to verify subject-matter competence for Single Subject Teaching Credentials are the California Subject Examinations for Teachers (CSET), administered by Evaluation Systems, Group of Pearson (formerly National Evaluation Systems [NES] Inc.). Passing exam scores must be used for certification purposes within ten years of the passing test date and applies to each score independently. The ten-year limit does not apply to exam scores that have previously been used for certification purposes.

Each examination consists of subtests that cover specific domains of subject matter, and each subtest includes multiple-choice and/or constructed-response test items. Examinees may refer to the examination website (<http://www.ctcexams.nesinc.com>) for details regarding test administration and the time allocations for the subtests of each examination. Examination titles, test content information, and passing scores are listed in Table 1.

The Commission adopted revised Subject Matter Requirements for the CSET: Mathematics examination to ensure alignment with the California Common Core State Standards. Administrations of the updated CSET: Mathematics will begin December 29, 2014. Individuals who passed one or more subtests of the previous CSET: Mathematics administered prior to December 29, 2014 will not have to retake those subtests. Test scores from the previous CSET: Mathematics subtests may be used in conjunction with scores from the updated subtests for certification.

The last administration of the examinations in the Specialized Sciences was July 11, 2015. Applicants will have five years during which to use passing examination scores toward obtaining California certification. See [Coded Correspondence 14-09](#).

### Examination Contact Information

Information regarding examination administration, registration bulletins, fee schedules, and test preparation may be obtained from the examination administrator at the phone number, address or link provided below:

## World Languages-Latin

The Designated World Languages: Latin test from the Washington Educator Skills Tests—Endorsements™ (WEST–E™) program is now accepted by the Commission to fulfill the subject matter requirement for the Single Subject World Language Credential in Latin. California candidates must register for this computer-based test at the WEST website by selecting "Register Now" at <http://www.west.nesinc.com>.

Subject-matter competence in Latin can also be verified by contacting the teacher education department at one of the California colleges or universities listed below to request an evaluation of your transcripts.\* You will receive either a signed subject-matter equivalency letter or a list of classes to be completed before the equivalency letter can be issued.

CSU Long Beach

San Francisco State University

*\*This is an optional service offered at the discretion of the individual institution. The program sponsor may charge a fee for providing an evaluation.*

## Assessor Agencies

To verify subject-matter competence in the single subject world language content areas indicated with an asterisk (\*) in Table 1 on pages 3-13, you must pass the applicable portion of the CSET subject-matter examination and complete a language assessment administered by a Commission-approved assessor agency. Please contact the appropriate Commission-approved assessor agency shown below for more information.
