

## Commission Appeals for Education Specialist Credentials

---

### Information and Instructions

Title 5, California Code of Regulations, Sections 80505 through 80522 allow an applicant to appeal to the Commission on Teacher Credentialing for the purpose of finding “equivalency” of an individual’s teaching experience in lieu of the student teaching component. These regulations are specific as to the procedures, criteria, quantity, and quality factors necessary for a Commission appeal.

The Commission’s Appeals and Waivers Committee holds a hearing to review the candidate’s teaching experience. In assessing the teaching experience, the members seek to find equivalence to the student teaching component in relation to the teacher preparation standards as set forth in the Standards of Program Quality and Effectiveness.

Commission appeals may be considered for individuals who have completed an Education Specialist Teacher Preparation Program for Mild/Moderate, Moderate/Severe, Deaf and Hard-of-Hearing, Visual Impairments, Physical and Health Impairments, Early Childhood Special Education, (with the exception of student teaching), and the California institution has been unable to supervise them in a current paid teaching position.

The following pages contain the Title 5 Regulations pertaining to the Commission appeal process as well as the necessary forms and requirements needed for Commission staff to prepare an application for review by the Appeals and Waivers Committee.

### Criteria for Commission Appeals

1. The Commission has the authority to review only actual teaching experience to seek equivalency to the student teaching component.
2. There are no provisions in Title 5 Regulations allowing the Commission to grant equivalency for course work or exams. (All pertinent course work such as methods, curriculum, and program course work must be completed prior to filing for an appeal.)
3. The college or university must state it is unwilling or unable to supervise the candidate in a current paid teaching position. (A full explanation from the college or university is required. The applicant’s financial hardship is **not** a valid reason for an appeal.)
4. If the college or university **is** able to supervise the candidate in a current teaching position, the application will be denied by Commission staff and there shall be no basis for appeal.
5. A minimum of three years of satisfactory teaching experience submitted in lieu of the student teaching component must meet the following restrictions:
  - a. after completion of a baccalaureate degree
  - b. concurrent with or after a professional teacher preparation program
  - c. at the level and scope of the credential sought

---

### Section 80509. Appeal Grounds and Procedure.

- (a) The applicant shall initiate an appeal by filing with the Executive Director a written notice stating that the applicant appeals a particular decision of the Commission staff regarding the application, on the grounds of mistake of fact, mistake of law, or equivalence to the minimum requirements for the credential requested including the specific requirements set forth in this section. Applicants appealing under (1) or (2) below must meet the requirements in Section 80413(a) of Title 5 Regulations if qualifying for the preliminary credential and Section 80413(a)&(b) if qualifying for the professional clear credential other than that requirement being appealed. Applicants appealing under 3 below must meet the requirements in Section 80048.2(b) of Title 5 Regulations other than that requirement being appealed.

The experience shall meet the requirements described below:
- (A) “Year of classroom teaching” means classroom teaching for the minimum school day applicable to the level taught for at least 75 percent of the number of days the regular schools of the district were in session in the school year.
- (1) A school day for a multiple subject assignment shall be at least four hours exclusive of non-instructional time.
- (2) A school day for a single subject assignment shall be no less than three periods per day of teaching experience.

Day-to-day substitute experience will not be cumulated to meet the requirement.
- (B) Actual teaching experience submitted by the appellant shall be assessed in relation to the professional teacher preparation standards.
- (1) The teaching experience shall be acquired after completion of a baccalaureate degree and professional teacher preparation program excluding student teaching verified in writing by an IHE (Institution of Higher Education) with a teacher preparation program accredited by the Committee on Accreditation in the credential requested.
