EXAMINATIONS FOR TEACHER CERTIFICATION

California state laws and regulations require individuals pursuing credentials authorizing service in California's public schools to verify proficiency in a number of areas. The required level of proficiency may be verified by passing one or more Commission-approved examinations. Refer to the information leaflet related to the credential you are seeking for your specific examination requirements. It is an individual's responsibility to take the correct examination(s) and to contact the Commission when questions arise.

The following is a reference list of the examination programs and testing companies under contract with the Commission on Teacher Credentialing to administer each examination. Contact the testing company to obtain examination registration materials and information on administration procedures, examination score reports, and preparation materials. Faxed registration forms are not acceptable.

When new examinations are created to replace existing examinations, there is often a delay in receiving score results from the initial administration of new examinations because of the time it takes to establish passing standards. Check the Commission's website often for updates.

Examination and Testing Companies

California Basic Educational Skills Test (CBEST)

Demonstration of proficiency in basic reading, writing, and mathematics skills

CBEST Program	Phone: (916) 928-4001
Evaluation Systems	TDD: (916) 928-4191
